

securing support. On October 1, 1997, the FPLS was expanded to include the National Director of New Hires, a database containing employment information on employees recently hired, quarterly wage data on private and public sector employees, and information on unemployment compensation benefits. On October 1, 1998, the FPLS will be expanded further to include a Federal Case Registry. The Federal Case Registry will contain abstracts on all participants involved in child support enforcement cases. When the Federal Case Registry is instituted, its files will be matched on an ongoing basis against the files in the National Director of New Hires to determine if an employee is a participant in a child support case anywhere in the country. If the FPLS identifies a person as being a participant in a State child support case, that State will be notified. State requests to the FPLS for location information will also continue to be processed after October 1, 1998.

When individuals are hired by the National Council on Disability, we may disclose to the FPLS their names, social security numbers, home addresses, dates of birth, dates of hire, and information identifying us as the employer. We also may disclose to FPLS names, social security numbers, and quarterly earnings of each National Council on Disability employee, within one month of the end of the quarterly reporting period.

Information submitted by the National Council on Disability to the FPLS will be disclosed by the Office of Child Support Enforcement to the Social Security Administration for verification to ensure that the social security number provided is correct. The data disclosed by the National Council on Disability to the FPLS will also be disclosed by the Office of Child Support Enforcement to the Secretary of the Treasury for use in verifying claims for the advance payment of the earned income tax credit or to verify a claim of employment on a tax return.

Accordingly, the National Council on Disability system notice is further amended by addition of the following routine use:

Routine Uses of Records Maintained in the System, Including Categories of Users and the Purposes of Such Uses

The names, social security numbers, home addresses, dates of birth, dates of hire, quarterly earnings, employer identifying information, and State of hire of employees may be disclosed to the Office of Child Support Enforcement, Administration for Children and Families, Department of

Health and Human Services for the purpose of locating individuals to establish paternity, establishing and modifying orders of child support, identifying sources of income, and for other child support enforcement actions as required by the Personal Responsibility and Work Opportunity Reconciliation Act (Welfare Reform Law, Pub. L. 104-193).

Signed in Washington, DC, on November 12, 1997.

Ethel D. Briggs,

Executive Director.
