Food and Drug Administration

[Docket No. 97N-0260]

Agency Information Collection Activities; Submission for OMB Review; Comment Request

AGENCY: Food and Drug Administration,
HHS.

ACTION: Notice.

SUMMARY: The Food and Drug
Administration (FDA) is announcing
that the proposed collection of
information listed below has been
submitted to the Office of Management
and Budget (OMB) for review and
clearance under the Paperwork
Reduction Act of 1995 (the PRA).

DATES: Submit written comments on the
information collection by January 2,
1998.

ADDRESSES: Submit written comments
on the collection of information to the
Office of Information and Regulatory
Affairs, OMB, New Executive Office
Bldg., 725 17th St. NW., rm. 10235,
Washington, DC 20503, Attn: Desk
Officer for FDA.

FOR FURTHER INFORMATION CONTACT:
Mark L. Pincus, Office of Information
Resources Management (HFA-80), Food
and Drug Administration, 5600 Fishers
Lane, rm. 16B-31, Rockville, MD 20857,
301-827-1471.

SUPPLEMENTARY INFORMATION: In
compliance with section 3507 of the
PRA (44 U.S.C. 3507), FDA has
submitted the following proposed
collection of information to OMB for
review and clearance:

Customer/Partner Satisfaction Surveys

Under section 903 of the Federal
Food, Drug, and Cosmetic Act (21 U.S.C.
393), FDA is authorized to conduct
research relating to regulated articles
and to conduct educational and public
information programs relating to the
responsibilities of the agency. Executive
Order 12862, entitled "Setting Customer
Service Standards," directs Federal
agencies that "provide significant
services directly to the public" to
"survey customers to determine the
kind and quality of services they want
and their level of satisfaction with
existing services." FDA is seeking OMB

clearance to conduct a series of surveys to implement Executive Order 12862. Participation in the surveys will be voluntary. This request covers customer service surveys of regulated entities, such as food processors; cosmetic, drug, biologic and medical device manufacturers; consumers; and health professionals. The request also covers

partner surveys of State and local governments.

FDA will use the information gathered through these surveys to identify strengths and weaknesses in service provided to customers and partners and to make improvements in it. The surveys will assess timeliness, appropriateness, accuracy of information, courtesy, and problem

resolution in the context of individual programs.

In the **Federal Register** of July 15, 1997 (62 FR 37923), FDA invited comments on this proposed collection of information. FDA received no comments in response to this notice.

FDA estimates the burden of this collection of information as follows:

TABLE 1.—ESTIMATED ANNUAL REPORTING BURDEN¹

Type of Survey	No. of Respondents	Annual Frequency per Response	Hours per Response	Total Hours
Mail/telephone surveys	29,040	1	0.09	2,614
Total	29,040	1	0.09	2,614

¹ There are no capital costs or operating and maintenance costs associated with this collection of information.

These estimates are based on experience with other surveys FDA has conducted, and they have been adjusted downward since the July 15, 1997, notice because the agency plans to conduct fewer surveys than previously anticipated. In addition, the agency does not believe that focus groups will be necessary for effective implementation of Executive Order 12862.

Dated: November 23, 1997.

William K. Hubbard,

Associate Commissioner for Policy Coordination.

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Information Collection Submitted to the Office of Management and Budget (OMB) for Reinstatement Approval under the Paperwork Reduction Act

ACTION: Notice.

SUMMARY: The collection of information listed below has been submitted to OMB for approval under the provisions of the Paperwork Reduction Act. Copies of the proposed information collection requirement, related forms, and explanatory material may be obtained by contacting the Service Information Collection Clearance Officer at the address listed below.

DATES: Comments must be submitted on or before January 2, 1998.

ADDRESSES: Comments and suggestions on the requirement should be sent directly to the Office of Information and Regulatory Affairs; Office of Management and Budget; Attention: Desk Officer for the Department of the

Interior; Washington, DC 20503; and a copy of the comments should be sent to the Information Collection Clearance Officer, U.S. Fish and Wildlife Service, MS 224-ARLSQ; 1849 C Street, NW., Washington, DC 20240.

FOR FURTHER INFORMATION CONTACT: Phyllis H. Cook, Service Information Collection Clearance Officer, 703/358-1943; 703/358-2269 (fax).

SUPPLEMENTARY INFORMATION: The Service has submitted the following information collection requirements to OMB for review and approval under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments are invited on (1) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden of the collection of information; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and, (4) ways to minimize the burden of the collection of information on respondents, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

The information collection requirements in this submission implement the regulatory requirements of the Endangered Species Act (16 U.S.C. 1539), the Migratory Bird Treaty Act (16 U.S.C. 704), the Lacey Act (18 U.S.C. 42-44), the Bald Eagle Protection Act (16 U.S.C. 668), the Convention on International Trade in Endangered Species of Wild Fauna and Flora, (CITES) (27 UST 108), the Marine Mammal Protection Act (16 U.S.C. 1374), and the Wild Bird Conservation Act of 1992, contained, or will be

contained in Service regulations in Chapter I, Subchapter B of Title 50 of the Code of Federal Regulations (CFR). Common permit application and record keeping requirements have been consolidated in 50 CFR 13, and unique requirements of the various statutes in separate parts as identified below.

The Service has redesigned the standard license/permit application form 3-200 to assist persons in applying for Service permits issued under Subchapter B. Under the present clearance, the Service consolidated all requirements in one submission, and they were assigned OMB Approval Number 1018-0022, the Federal Fish and Wildlife License/Permit and Related Reports. In an attempt to take the application process more "user friendly," and to aid the public in commenting on specific license/permit requirements without having to comment on the entire package, similar types of permits have been grouped together and numbered. The permits have been divided into four groups: migratory bird permits, law enforcement, endangered species and Office of Management Authority. The application to apply for Service permits issued under Subchapter B of 50 CFR, will still require completion of the Service form 3-200, which has been revised and renumbered and is now Service form 3-200-1. In addition to the permit application, attachments are often necessary to provide additional information required for each specific type of permit, and these attachments have been assigned numbers, e.g., 3-200-2.

The information to be supplied on the application form and the attachments will be used to review the application and allow the Service to make decisions, according to criteria
