Federal Energy Regulatory Commission

[Docket No. CP97-92-001]

Transcontinental Gas Pipe Line Corporation; Notice of Availability of the Environmental Assessment for the Proposed Mobile Bay Extension and Expansion Project

November 28, 1997.

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared an environmental assessment (EA) on the natural gas pipeline facilities proposed by Transcontinental Gas Pipe Line Corporation (Transco) in the above-referenced docket.

The EA was prepared to satisfy the requirements of the National Environmental Policy Act. The staff concludes that approval of the proposed project, with appropriate mitigating measures, would not constitute a major Federal action significantly affecting the quality of the human environment.

The EA assesses the potential environmental effects of the construction and operation of the proposed gas pipeline facilities including a total of 75.66 miles of pipeline and 30,000 horsepower (hp) of compression:

- 19.08 miles of 30-inch-diameter pipeline from existing compressor station 82 in Mobile County, Alabama to a new offshore connection platform in Mobile Block 822 (this segment involves

approximately 4.00 miles of onshore pipeline);

- 56.58 miles of 24-inch-diameter pipeline from the new offshore connection platform in Mobile Block 822 to a new platform in Main Pass Viosca Knoll Block 261;

- 15,000 hp of additional compression at compressor station 82; and

- 15,000 hp of compression at a new compressor station 83 in Mobile County, Alabama.

The purpose of the proposed facilities would be to provide about 350,000 thousand cubic feet per day (Mcf) of gas on the offshore facilities and 264,000 Mcf on the onshore portion.

The EA has been placed in the public files of the FERC. A limited number of copies of the EA are available for distribution and public inspection at: Federal Energy Regulatory Commission, Public Reference and Files Maintenance Branch, 888 First Street, N.E., Room 2A, Washington, DC 20426, (202) 208-1371.

Copies of the EA have been mailed to Federal, state and local agencies, public interest groups, interested individuals, newspapers, and parties to this proceeding.

Any person wishing to comment on the EA may do so.
