CMS NOMEKO Oil and Gas Company, Jackson, Michigan; Notice of Negative Determination Regarding Application for Reconsideration

On August 29, 1997, the Department issued a Negative Determination

Regarding Eligibility to apply for worker adjustment assistance, applicable to workers and former workers of CMS NOMEKO Oil and Gas Company of Jackson, Michigan. The notice was published in the **Federal Register** on September 30, 1997 (62 FR 51152).

By letter of September 24, 1997, the petitioners requested administrative reconsideration regarding the Department's denial. New information provided by CMS NOMEKO Oil and Gas

Company shows that company sales declined during the time period relevant to the investigation.

Workers at the subject firm are engaged in employment related to the exploration and production of crude oil and natural gas. The workers are not separately identifiable by product line.

Pursuant to 29 CFR 90.18(c) reconsideration may be granted under the following circumstances:

(1) If it appears on the basis of facts not previously considered that the determination complained of was erroneous;

(2) if it appears that the determination complained of was based on a mistake in the determination of facts not previously considered; or

(3) if in the opinion of the Certifying Officer, a misinterpretation of facts or of the law justified reconsideration of the decision.

The request for reconsideration claims that U.S. sales decreased as a result of imports during the relevant time period and, thus the company made a strategic business decision to relocate to Houston, Texas in order to pursue foreign production of oil and gas which resulted in workers being dislocated in Jackson, Michigan.

In order for the Department to issue a worker group certification, all of the group eligibility requirements of Section 222 of the Trade Act must be met. Review of the investigation findings show that criterion (3) was not met.

Revised data from the subject firm does indicate a minor decline in domestic sales. However, notwithstanding these minor declines in domestic sales, the separations resulted from a corporate decision to transfer corporate headquarters within the U.S.

Conclusion

After review of the application and investigative findings, I conclude that there has been no error or misinterpretation of the law or of the facts which would justify reconsideration of the Department of Labor's prior decision. Accordingly, the application is denied.

Signed at Washington, D.C. this 2nd day of December 1997.

Grant D. Beale,

Acting Director, Office of Trade Adjustment Assistance.

In accordance with Section 223 of the Trade Act of 1974 (19 USC 2273) the Department of labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on May 22, 1996, applicable to all workers of Dallco Industries, Incorporated, Hustontown, Pennsylvania, Headquarters and production Facility, York, Pennsylvania and Production Facility, Adams County, Pennsylvania.
