Notice of Intent To Prepare an Environmental Impact Statement to Allow Incidental Take of Species on Lands Administered by Plum Creek Timber Company, L.P., in the States of Idaho, Montana, and Washington

AGENCY: Fish and Wildlife Service, Interior; National Marine Fisheries Service, NOAA, Commerce.

ACTION: Notice of intent.

SUMMARY: This notice advises the public that the Fish and Wildlife Service and National Marine Fisheries Service (collectively, the "Services") intend to gather information necessary to prepare an Environmental Impact Statement and to conduct public scoping meetings. Plum Creek Timber Company, L.P. (Plum Creek) has informed the Services that it is preparing an application for a permit and approval of a Conservation Plan (Plan) covering bull trout (*Salvelinus confluentus*) and possibly other native salmonids, including steelhead trout (*Onchorynchus mykiss* ssp.), pursuant to section 10(a) of the Endangered Species Act of 1973, as amended (Act). The proposed Plan would be designed to address the effects of Plum Creek activities that may have an impact on bull trout and possibly other aquatic species not currently listed under the Act. As a part of its application, Plum Creek may be seeking a permit that would authorize incidental take of steelhead trout, an aquatic species presently listed under the Act. Plum Creek would also be seeking future incidental take authority, subject to certain conditions, for other species adequately covered by the Plan should those species subsequently be listed under the Act during the term of the Plan. The Plan would be in the form of a Candidate Conservation Agreement or a Habitat Conservation Plan, depending upon whether it includes species currently listed under the Act.

In compliance with their responsibilities under the National Environmental Policy Act of 1969, as amended, and its implementing regulations (40 CFR 1500, *et. seq.*) the Services jointly announce their intent to prepare an Environmental Impact Statement for the proposed action of approving the proposed Plan and issuing the permit. This notice is furnished to solicit suggestions and information from tribes, other agencies, and the public to determine the scope of issues and alternatives to be considered in preparation of the

Environmental Impact Statement. The Services jointly announce their intent to hold scoping meetings, the date, time, and place of which are provided in this notice, below. This notice is provided pursuant to section 10(c) of the Endangered Species Act and the National Environmental Policy Act implementing regulations (40 CFR 1506.6).

DATES: Scoping will commence as of the date of publication of this notice in the **Federal Register**. Written comments on the scope of the proposed action, the approval of the Plan and issuance of the permit should be received on or before February 27, 1998. A total of six scoping meetings will be held in each of the three states, on January 14, 15, 21, 22, 28, and 29, 1998. Each meeting will run from 3:30 p.m. until 7:30 p.m. The Services will use an open house format for the meetings, allowing interested members of the public to drop by at any point during the meeting to gather information and/or provide comments.

ADDRESSES: Meeting locations are scheduled as follows: January 14—Venture Motor Inn, 443 Highway 2 West, Libby, Montana; January 15—Outlaw Inn, 1701 U.S. 93 South, Kalispell, Montana; January 21—Shilo Inn, 702 West Appleway, Coeur d'Alene, Idaho; January 22—Holiday Inn Parkside, 200 South Pattee, Missoula, Montana; January 28, Doubletree Inn, 510 Kelso Drive, Kelso, Washington; and January 29, Cavanaugh's Gateway, 9 North 9th Street, Yakima, Washington. Written comments regarding the proposed action and the proposed Environmental Impact Statement should be addressed to Robert G. Ruesink, Supervisor, Snake River Basin Fish and Wildlife Office, 1387 South Vinnell Way, Room 368, Boise, Idaho 83709.

FOR FURTHER INFORMATION CONTACT: Ted Koch, at the address above, (208) 378-5293; Bill Vogel, Western Washington Fish and Wildlife Office, 510 Desmond Drive, Suite 102, Lacey, Washington, 98503-1273 (360) 753-4367; or Bob Ries, National Marine Fisheries Service, 1387 S. Vinnell Way, Room 377, Boise, Idaho, 83709 (208) 378-5647.

SUPPLEMENTARY INFORMATION:

Background

Under section 9 of the Act and its implementing regulations, "taking" of a threatened or endangered species, is prohibited. However, under certain circumstances the Services may issue permits to take these wildlife species if such taking is incidental to, and not the purpose of, otherwise lawful activities.
