BILLING CODE 4190-29-P

Supplementary Agreement on Social Security Between the United States and Austria; Entry Into Force

The Commissioner of Social Security gives notice that a supplementary agreement entered into force on January 1, 1997, which amends the Social Security agreement between the United States (U.S.) and Austria that has been in effect since November 1, 1991. The supplementary agreement, which was signed on October 5, 1995, was concluded pursuant to section 233 of the Social Security Act.

The supplementary agreement amends the original agreement to update and clarify several of its provisions. The most important of these amendments introduces a new method of computing Austrian benefits under the agreement. The new computation method replaces a provision in the original agreement that would have resulted in reduced Austrian Social Security benefits for certain individuals who have divided their careers between the U.S. and Austria. This reduction provision was scheduled to take effect on November 1, 1996 (5 years after the effective date of the original agreement) but, as a result of the supplementary agreement, it will not be implemented.

Individuals who wish to obtain copies of the supplementary agreement or want general information about its provisions may write to the Social Security Administration, Office of International Policy, Post Office Box 17741, Baltimore, Maryland 21235. Individuals who wish to obtain information about how the new computation method will affect their Austrian benefits should write to the Main Association of Austrian Social Insurance Agencies (Hauptverband der Oesterreichischen Sozialversicherungstraeger), Kundmannngasse 21, 1030 Vienna, AUSTRIA.

Dated: February 3, 1997.

Shirley S. Chater,

Commissioner of Social Security.

White House Commission on Aviation Safety and Security; Open Meeting

AGENCY: Office of the Secretary, Department of Transportation.

ACTION: Notice of meeting.

SUMMARY: The White House Commission on Aviation Safety and Security will hold its final meeting to discuss aviation safety and security issues. Part of the meeting is open to the public and part is not. This meeting supplements the open meeting already announced for February 12, 1997 in the Commerce Department Auditorium.

DATES: The meeting will be held on Tuesday, February 11, 1997, from 9:00 AM to 5:00 PM.

ADDRESSES: The meeting will take place in the GSA Auditorium, 18th & F Streets, NW., Washington, DC.

⁹ 17 CFR 200.30-3(a)(12).

FOR FURTHER INFORMATION CONTACT:

Richard K. Pemberton, Administrative Officer, Room 6210, GSA Headquarters, 18th & F Streets, NW., Washington, DC 20405; telephone 202-501-3863; telecopier 202-501-6160.

SUPPLEMENTARY INFORMATION: Pursuant to the Federal Advisory Committee Act (5 USC Appendix), DOT gives notice of a meeting of the White House Commission on Aviation Safety and Security ("Commission"). The Commission was established by the President to develop advice and recommendations on ways to improve the level of civil aviation safety and security, both domestically and internationally. The principal purpose of the meeting on February 11 and 12 is to formulate the Commission's final recommendations to the President.

The portion of the meeting from 9:00 AM-2:00 PM, during which the Commissioners will formulate their recommendations on measures to improve aviation security, will be closed to the public pursuant to the following exemptions in the Government in the Sunshine Act, which apply to public meetings under the Federal Advisory Committee Act:

Exemption 1: Classified information.

In order properly to formulate their recommendations, the Commissioners may need to discuss or refer to information properly classified in the interest of national security, which may not be done in public.

Exemption 3: Information exempted from public disclosure by some other statute. Under 49 USC 40119(b), the Administrator of the Federal Aviation Administration (FAA) may prohibit public disclosure of certain categories of information relating to aviation security, if disclosure would constitute an unwarranted invasion of personal privacy, reveal company confidential information, or create a risk to the safety of individuals traveling in inter- or intra-state air transportation. These categories are described at 14 CFR Part 191. Such information will be discussed or referred to at the meeting.

Exemption 4: Company confidential information. There is competition in the aviation industry in many forms: among carriers, among equipment manufacturers, and among software manufacturers, among others. Public discussion of some of these matters could violate 18 USC 1905, which makes it a crime to reveal improperly company confidential information that has come into the possession of the Government.

Exemption 9: Premature disclosure would lead to frustration of proposed

agency action. The final recommendations of the Commission have not been formulated; it is possible, however, that public knowledge of some of the security recommendations may frustrate their acceptance and implementation by the FAA and other agencies. The Commission is authorized to protect against this possibility.

Limited seating for the public portion of the meeting is available on a first-come, first-served basis. The public may submit written comments to the Commission at any time; comments should be sent to Mr. Pemberton at the address and telecopier number shown above.

Issued in Washington, DC on February 6, 1997.

Nancy E. McFadden,

General Counsel, Department of Transportation.
