Proposed Data Collections Submitted for Public Comment and Recommendations

In compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 for opportunity for public comment on proposed data collection projects, the Centers for Disease Control and Prevention (CDC) will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the data collection plans and instruments, call the CDC Reports Clearance Officer on (404) 639-7090.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information

on respondents, including through the use of automated collection techniques for other forms of information technology. Send comments to Wilma Johnson, CDC Reports Clearance Officer, 1600 Clifton Road, MS-D24, Atlanta, GA 30333. Written comments should be received within 60 days of this notice.

Proposed Projects

1. **Formative Research on Weapons Carrying and Use Among Youth—New**—The Division of Violence plans to conduct formative research on weapon carrying behavior among young persons and victims of interpersonal violent injury. CDC has initiated an effort to collect qualitative information from: 1. Systems representatives (adults 18 and older who work and interact with youth) and 2. adolescents, (ages 11–18), who are at high, medium and low risk for weapon carrying and interpersonal

injury. The purpose of the proposed data collection is to explore what factors influence youths to possess or carry weapons. The results of this study will be useful to officials planning or operating violence prevention interventions in the study community and other communities.

The study is to be conducted in two phases: Phase 1 will involve the collection of research data from one-on-one, semi-structured interviews with 70 systems representatives. Systems representatives are persons who have contact with youth (which includes but is not limited to): (1) Formal providers or people who serve in an official capacity, or interact with youth (e.g. youth outreach workers, youth hostel workers, community-based agency staff members, law enforcement officers who patrol gang areas); and (2) informal

providers: people who informally serve, the target population of youth (e.g. mall shop owners, school bus drivers, drug dealers).

In Phase 2, qualitative survey research will be conducted with key participant informants (youth ages 11–18), to verify data collected during Phase I, and to collect ethnographic data regarding risk and protective behaviors among youth. Specifically, Phase 2 will involve the collection of research data from one-on-one, semi-structured interviews with 132 key participant informants. The specific target area includes the East, North, West Downtown and Wrigley areas of the City of Long Beach and one segment of Dominguez. Interviews will be conducted in a setting or location which is most comfortable and convenient for the study subjects. There is no cost to Respondents.

Respondents	No. of respondents	No. of responses	Average burden/response (in hrs.)	Total burden (in hrs.)
Systems Representatives	70	1	1	70
Key Participant Informants	132	1	1.5	198
Total				268

Dated: December 11, 1997.

Wilma G. Johnson,

Acting Associate Director for Policy Planning And Evaluation, Centers for Disease Control and Prevention (CDC).

[Announcement Number 802]

Public Health Conference Support Cooperative Agreement Program for Human Immunodeficiency Virus (HIV) Prevention

Introduction

The Centers for Disease Control and Prevention (CDC) announces the availability of fiscal year (FY) 1998 funds for the Public Health Conference Support Cooperative Agreement Program for Human Immunodeficiency Virus (HIV) Prevention. CDC is committed to achieving the health promotion and disease prevention objectives of Healthy People 2000, a national activity to reduce morbidity and mortality and improve the quality of life. This announcement is related to

the priority area of HIV Infection. (For ordering a copy of Healthy People 2000 and CDC's Strategic Plan for Preventing Human Immunodeficiency Virus (HIV) Infection (July 8, 1992), see the section **WHERE TO OBTAIN ADDITIONAL INFORMATION.**)

Authority

This program is authorized under Section 317(k)(2) [42 U.S.C. 247b(k)(2)] of the Public Health Service Act, as amended.

Smoke-Free Workplace

CDC strongly encourages all grant recipients to provide a smoke-free workplace and promote the non-use of all tobacco products, and Public Law 103-227, the Pro-Children Act of 1994, prohibits smoking in certain facilities that receive Federal funds in which education, library, day care, health care, or early childhood development services are provided to children.

Eligible Applicants

Eligible applicants are non-profit organizations including universities, colleges, research institutions, hospitals, other public and private (e.g., national, regional) non-profit organizations and federally recognized Indian tribal governments, Indian tribes or Indian tribal organizations. State and local

health departments may only apply for funding under Category 2 (See Application Section).

Note: Organizations authorized under section 501(c)(4) of the Internal Revenue Code of 1986 are not eligible to receive Federal grant/cooperative agreement funds.

Availability of Funds

Approximately \$400,000 is available in FY 1998 to fund approximately 15 to 25 awards. It is expected that the average award will be \$20,000 and will be funded for a 12-month budget and project period. Funding estimates may vary and are subject to change.

Use of Funds

- CDC funds may be used for direct cost expenditures: salaries, speaker fees, rental of conference related equipment, registration fees, and transportation cost (not to exceed economy class fares) for non-Federal employees.

- CDC funds may be used for only those parts of the conference specifically supported by CDC as documented in the Notice of Cooperative Agreement (award document).

- CDC funds may not be used for the purchase of equipment, payments of honoraria, organizational dues, entertainment or personal expenses, cost of travel and payment of a Federal
