Draft General NPDES Permit for Shore-Based Seafood Processors Operating in Kodiak, Alaska (General NPDES Permit No. AK-G52-8000)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of draft general NPDES permit.

SUMMARY: The Director, Office of Water, EPA Region 10, is proposing to issue a general National Pollutant Discharge Elimination System (NPDES) permit no. AK-G52-8000 for shore-based seafood processors operating in Kodiak, Alaska, pursuant to the provisions of the Clean Water Act, 33 U.S.C. 1251 *et seq.* The proposed general NPDES permit authorizes discharges to St. Paul Harbor and Near Island Channel. The existing ten shore-based facilities are engaged in the processing of fresh, frozen, and canned seafood, surimi and fish powder. Discharges authorized by the proposed general permit include processing wastes, process disinfectants, and other wastewater, including cooling water, boiler water, freshwater pressure relief water, refrigeration condensate, water used to transfer seafood to a facility, and live tank water. One facility discharges treated domestic and sanitary wastewater to St. Paul Harbor. The proposed permit authorizes discharge of wastewater to waters of the United States in and contiguous to the State of Alaska.

The processing facilities are required to collect and route all seafood processing wastes and wastewater to a treatment system consisting of 1 mm screens or equivalent technology. All seafood solid wastes are collected and transported to the by-product recovery facility in Kodiak. One facility processes fish wastes into fish powder at their location.

The proposed general permit contains the same effluent guideline limitations as the previous individual permits. Separate monitoring of the surimi and

fish powder waste streams are new additions to the proposed general permit.

The proposed general NPDES permit for seafood processors in Kodiak, Alaska, does not authorize discharges of petroleum hydrocarbons, toxic pollutants, or other pollutants not specified in the permit.

DATES: The issuance date of this public document is December 18, 1997. The expiration date of this public document is on or before January 20, 1998.

Public Comments: Interested persons may submit written comments on the draft general NPDES permit to the attention of Florence Carroll at the address below. All comments should include the name, address, and telephone number of the commenter and a concise statement of comment and the relevant facts upon which it is based. Comments of either support or concern which are directed at specific, cited permit requirements are appreciated. Comments must be submitted to EPA on or before the expiration date of the public document.

After the expiration date of the public document, the Director, Office of Water, EPA Region 10, will make a final determination with respect to issuance of the general permit. The tentative requirements contained in the draft general permit will become final conditions if no substantive comments are received during the public comment period. The permit is expected to become effective on March 12, 1998.

Persons wishing to comment on State Certification of the proposed general NPDES permit should submit written comments within this 30-day comment period to the State of Alaska, Alaska Department of Environmental Conservation (ADEC), 410 Willoughby Avenue, Suite 105, Juneau, Alaska 99801-1795.

Comments should be addressed to the attention of Alaska Water Quality Standards Consistency Review.

Persons wishing to comment on the State Determination of Consistency with the Alaska Coastal Management Program should submit written comments within this 30-day comment period, to the State of Alaska, Office of Management and Budget, Division of Governmental Coordination, P.O. Box 110030, Juneau, Alaska 99811-0030. Comments should be addressed to the attention of Alaska Coastal Management Program Consistency Review.

Public Hearing: No public hearings have been scheduled. Persons requesting a public hearing should submit their request to Florence Carroll at the address below. Notice of a public

hearing will be published in the **Federal Register**. Notices will also be mailed to all interested persons receiving copies of the proposed general permit.

Appeal of Permit: Within 120 days following the service of notice of EPA's final permit decision under 40 CFR 124.15, any interested person may appeal the general permit in the Federal Court of Appeal in accordance with section 509(b)(1) of the Clean Water Act. Persons affected by a general permit may not challenge the conditions of the permit as a right of further EPA proceedings. Instead, they may either challenge the permit in court or apply for an individual NPDES permit and then request a formal hearing on the issuance or denial of an individual permit.

Administrative Record: The complete administrative record for the draft general permit is available for public review; contact Florence Carroll at the telephone number below in the EPA Region 10. Copies of the draft general NPDES permit and fact sheet are available upon request from the Region 10 Public Information Center at the following telephone number: 1-800-424-4EPA(4372) if calling from Idaho, Oregon, and Washington and 1-206-553-1200 if calling from Alaska and all other states.

ADDRESSES: Public comments should be sent to: Environmental Protection Agency Region 10, NPDES Compliance Unit (OW-133), Attn: Florence Carroll, 1200 Sixth Avenue, Seattle, Washington, 98101.

FOR FURTHER INFORMATION CONTACT: Florence Carroll, of EPA Region 10, at the address listed above or telephone (206) 553-1760.

Regulatory Flexibility Act: After review of the facts presented in the notice printed above, I hereby certify pursuant to the provision of 5 U.S.C. 605(b) that this general NPDES permit will not have a significant impact on a substantial number of small entities. Moreover, the permit reduces a significant administrative burden on regulated sources.

Dated: December 5, 1997.

Roger K. Mochnick,

Assistant Director, Office of Water.

OMB Control No.: 3060-0806.

Expiration Date: 05/31/98.

Title: Universal Service—Schools and Libraries Universal Service Program.

Form No.: FCC Forms 470 and 471.

Respondents: Business or other for profit.

Estimated Annual Burden: 50,000 respondents; 12 hours per response (avg.); 600,000 total annual burden hours.

Estimated Annual Reporting and Recordkeeping Cost Burden: \$0.

Frequency of Response: On occasion.

Description: On May 8, 1997, the Commission adopted rules in CC Docket 96-45 providing discounts on all telecommunications services, Internet access, and internal connections for all eligible schools and libraries. The following forms will be used to implement these requirements and obligations: a. *FCC Form 470*

"Description of Services Requested and Certification." Schools and libraries ordering telecommunications services, Internet access, and internal connections under the universal service discount program must submit a description of the services desired to the Administrator. Schools and libraries may use the same description they use to meet the requirement that they generally face to solicit competitive bids. The Administrator will then post a description of the services sought on a website for all potential competing service providers to see and respond to as if they were requests for proposals (RFPs). 47 CFR 54.504(b)(2), 47 CFR 54.504(b)(3). Pursuant to section 254(h) of the 1996 Act, schools and libraries must certify under oath that: (1) The school or library is an eligible entity under section 254(h)(4); (2) the services

requested will be used solely for educational purposes; (3) the services will not be sold, resold, or transferred in consideration for money or any other thing of value; and (4) if the services are being purchased as part of an aggregated purchase with other entities, the identities of all co-purchasers and the portion of the services being purchased by the school or library. 47 CFR 54.504(b)(2). For schools ordering telecommunications services at the individual school level (i.e. primarily non-public schools), the person ordering such services should certify to the Administrator the percentage of students eligible in that school for the national school lunch program (or other comparable indicator of economic disadvantage ultimately selected by the Commission). This requirement arises in the context of determining which schools are eligible for the greater discounts being offered to economically disadvantaged schools. For schools ordering telecommunications services at the school district level, the person ordering such services for the school district should certify to the Administrator the number of students in each of its schools eligible for the national school lunch program (or other comparable indicator of economic disadvantage). Schools and libraries must also certify that they have developed a technology plan that has been approved by an independent entity or the Administrator. The technology plan should demonstrate that they will be able to deploy any necessary hardware, software, and wiring, and to undertake any necessary teacher training required to use the services ordered pursuant to the section 254(h) discount effectively. 47 CFR 54.504(b)(2). (No. of respondents: 50,000; hours per response: 6 hours; total annual burden: 300,000). b. *FCC Form 471 "Services Ordered and Certification."* Schools and libraries that have ordered telecommunications services, Internet access, and internal connections under the universal service discount program must file FCC Form 471 with the Administrator. This form requires schools and libraries to indicate whether funds are being requested for an existing contract, a master contract or whether it wishes to terminate service. Form 471 requires schools and libraries to list all services that have been ordered and the corresponding discount to which it is entitled. The school or library must also estimate its funding needs for the current funding year and for the following funding year. 47 CFR 54.504(b)(2). All schools and libraries planning to order services eligible for
