**Brandon Apparel Group, Incorporated, Columbus, Wisconsin; Notice of Negative Determination on Reconsideration**

On October 31, 1997, the Department issued an Affirmative Determination Regarding Application for Reconsideration for the workers and former workers of the subject firm. The petitioner presented new evidence that the collection of information regarding company sales and imports was incomplete for the time period relevant to the investigation. The notice was published in the **Federal Register** on November 26, 1997 (62 FR 63193).

The Department initially denied TAA to workers of Brandon Apparel Group, Columbus, Wisconsin because the "contributed importantly" group eligibility requirement of Section 222(3) of the Trade Act of 1974, as amended, was not met. The workers at the subject firm were engaged in employment related to the production of children's sports apparel. The layoffs at the Columbus plant were attributed to the corporate decision to close the subject plant and transfer all production to an affiliated domestic facility. Corporate-wide sales, production and imports increased from 1995 to 1996. Company imports, however, decreased as a percentage of company sales during this time.

On reconsideration, the Department requested that Brandon Apparel provide data for the January through July time periods of 1996 and 1997. Information provided by the company shows that corporate-wide sales and production increased from January through July 1997, compared to the January through July 1996 time period. During the same time period company imports declined.

**Conclusion**

After reconsideration, I affirm the original notice of negative determination of eligibility to apply for worker adjustment assistance for workers and former workers of Brandon Apparel Group, Columbus, Wisconsin.

Signed at Washington, D.C., this 9th day of December 1997.

## DEPARTMENT OF LABOR

Employment and Training  
Administration

[TA-W-33,479]

G.E. Medical Systems Milwaukee,  
Wisconsin; Notice of Negative  
Determination Regarding Application  
for Reconsideration

By application dated November 3, 1997, the X-Ray Lodge No. 1916 of the International Association of Machinists requested administrative reconsideration of the Department's negative determination regarding worker eligibility to apply for trade adjustment assistance. The denial notice, applicable to workers of G.E. Medical Systems producing medical diagnostic imaging equipment in Milwaukee, Wisconsin, was signed on October 9, 1997 and published in the **Federal Register** on November 5, 1997 (62 FR 59882).

Pursuant to 29 CFR 90.18(c) reconsideration may be granted under the following circumstances:

(1) If it appears on the basis of facts not previously considered that the determination complained of was erroneous;

(2) If it appears that the determination complained of was based on a mistake in the determination of facts not previously considered; or

(3) If in the opinion of the Certifying Officer, a misinterpretation of facts or of the law justified reconsideration of the decision.

The petitioners assert that products produced by workers of the subject firm are now being produced in foreign countries by their suppliers and add that a large percentage of the subject firm sales come from the offshore market.

The TAA petition investigation for workers of the subject firm showed that the criterion (2) of the Group Eligibility requirements of Section 222 of the Trade Act of 1974, as amended, was not met. Sales and production at the subject firm increased in 1996 compared to 1995 and in January-April of 1997 compared to the same time period in 1996.

The petitioner's assertion regarding company sales of imported diagnostic imaging equipment was addressed in

the negative determination applicable to workers of G.E. Medical Systems in Milwaukee.

As specified in the group eligibility requirements of criterion (3) of Section 222 of the Trade Act of 1974, as amended, the Department must establish that increased imports of articles like or directly competitive with articles produced at the workers' firm, contributed to worker separations.

## Conclusion

After review of the application and investigative findings, I conclude that there has been no error or misinterpretation of the law or of the facts which would justify reconsideration of the Department of Labor's prior decision. Accordingly, the application is denied.

Signed at Washington, D.C. this 11th day of December 1997.
