

you would like to have addressed on this or future broadcasts, please send them via e-mail to John Hess at: pipeline.safety@rspa.dot.gov.

The electronic teleconference will be broadcast via EENET, which has been broadcasting for more than ten years and has an extensive audience in the fire and emergency management communities. By using EENET, OPS has the opportunity to involve thousands of public safety and emergency management officials who routinely receive these programs. EENET sites use the widely available Ku and C band satellite dish technology.

The following are ways to view this broadcast:

- Set up a Television Receive-Only dish at your viewing facility.
- Ask your local television cable company to carry this EENET video broadcast.
- Contact your local government cable access office to carry the program. Many cable systems have dedicated internal cable channels to local governments to carry programs such as these to their offices and other facilities.
- Use a local facility which has a Television Receive-Only dish. Many schools (elementary, secondary, and community colleges), hospitals, or local hotels and motels have these facilities.
- Rent a portable Television Receive-Only dish and have it set up at your viewing place.

The technical information necessary to align the receiver dish with the satellite is as follows:

C-Band
