The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper

functions of the Department, (2) will this information be processed and used in a timely manner, (3) is the estimate of burden accurate, (4) how might the Department enhance the quality, utility, and clarity of the information to be collected, and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology.

Title: Grants to States for Training Incarcerated Youth Offenders—State Plan, Data Collection.

Abstract: To receive an award under the Youth Offenders Program, a State Correctional Education Agency must submit a State Plan describing how the program will operate. The data requested from the State is necessary to run the allocation formula.

Additional Information: The Department of Education's Fiscal Year 1998 appropriation included \$12 million to fund Grants to States for Workplace and Community Transition Training for Incarcerated Youth Offenders (Title X, Part E, Section 1091 of the Higher Education Act). This is the first appropriation for this Program. As a result, the Department needs State Correctional Education Agencies to submit an application of operation. In addition, States need to submit data concerning the number of "eligible students" under the Program, so that the Department can run the State allocation formula. The statute also requires State Correctional Education Agencies to conduct an evaluation and to annually report to the Secretary and the Attorney General on the results of the evaluation.

Frequency: Three-year plan.

Affected Public: State, local or Tribal Gov't, SEAs or LEAs.

Reporting and Recordkeeping Burden:

Responses: 56.

Burden Hours: 9,520.
