Gloria Parker,

Deputy Chief Information Officer, Office of the Chief Information Officer.

Office of the Under Secretary

Type of Review: Revision.

Title: America Reads Pilot Sites

Letter, and Request for Information from America Reads Federal Work Study and President's Coalition Members.

Frequency: One time.

Affected Public: Not-for-profit institutions; State, local or Tribal Gov't, SEAs or LEAs.

Reporting and Recordkeeping Hour Burden:

Responses: 1,142.

Burden Hours: 2,284.

Abstract: Improving the teaching and learning of reading is one of the Department of Education's seven priorities. This summer, the Department will sponsor America Reads pilot sites

to offer extended learning time opportunities for children to practice and further develop their reading skills. The letter to literacy leaders will assist the Department in developing and planning quality summer pilot sites. It will be sent to at least one literacy coalition in every state with priority given to those sites in Enterprise Zones and Empowerment Communities, as well as those communities that have signed on to the proposed Voluntary National Test. The voluntary request for information from the America Reads Federal Work Study programs and the President's Coalition for the America Reads Challenge members will be posted on the web to allow pilot sites to be able to utilize their resources.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP98-272-000]

ANR Pipeline Company; Notice of Application

March 17, 1998.

Take notice that on March 10, 1998, ANR Pipeline Company (ANR) 500 Renaissance Center, Detroit, Michigan 48243, filed in Docket No. CP98-272-000 an application pursuant to Section 7(b) of the Natural Gas Act, for permission and approval to abandon, in place, by sale to Chevron U.S.A., Inc. (Chevron) for \$100,000. Approximately 1.3 miles of 8-inch pipeline known as West Cameron 48 Lateral (WC 48), all as more fully set forth in the application of file with the Commission and open to public inspection.

The WC 48 is located in the West Cameron offshore area of Louisiana, extending from West Cameron Block 48, to West Cameron Block 18. ANR states the WC 48 is a portion of the facilities that it constructed to attach natural gas reserves in West Cameron Block 17 (WC 17). It is averred that Chevron ceased delivering gas through the lateral because its WC 48 dehydration facility needed extensive repairs, and its gas could not meet ANR's gas quality specifications. It is indicated that Chevron is drilling a new well in the WC 18 field and wants to acquire the WC 48 Lateral to flow reserves from this field to its production platform on WC 48. ANR states the last gas purchase contract for deliveries from this field expired on August 1, 1992, and states that such contract was with Chevron.

Any person desiring to be heard or to make any protest with reference to said application should on or before April 7, 1998, file with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene

in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that permission and approval for the proposed abandonment are required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for ANR to appear or be represented at the hearing.

David P. Boergers,
Acting Secretary.

Federal Energy Regulatory Commission

[Docket No. ER98-1911-000]

California Independent System Corporation; Notice of Filing

March 17, 1998.

Take notice that on March 12, 1998, the California Independent System Operator Corporation (ISO), tendered for filing a fully-executed Meter service Agreement for ISO Metered Entities, dated February 26, 1998, between Long Beach Generation LLC and the ISO for acceptance by the Commission.

The ISO states that the enclosed Meter Service Agreement replaces the contract that the ISO filed unilaterally in this proceeding on February 18, 1998. This filing has been served on all parties listed on the official service list in the above referenced docket, including the California Public Utilities Commission.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 18 CFR 385.214). All such motions and protests should be filed on or before

March 27, 1998. Protests will be considered by the Commission to determine the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

David P. Boergers,
Acting Secretary.

California Independent System Operator Corporation; Notice of Filing

March 17, 1998.

Take notice that on March 12, 1998, the California Independent System Operator Corporation (ISO), tendered for filing a fully-executed Participating Generator Agreement, dated February 12, 1998, between Mountain Vista Power Generation, L.L.C., and the ISO for acceptance by the Commission.

The ISO states that the enclosed Participating Generator Agreement replaces the contract that the ISO filed unilaterally in this proceeding on February 18, 1998. This filing has been served on all parties listed on the official service list in the above referenced docket, including the California Public Utilities Commission.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 18 CFR 385.214). All such motions and protests should be filed on or before March 27, 1998. Protests will be considered by the Commission to determine the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection.
