BILLING CODE 6718-03-P

FEDERAL EMERGENCY MANAGEMENT AGENCY

44 CFR Part 67

Final Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency (FEMA).

ACTION: Final rule.

SUMMARY: Base (1% annual chance) flood elevations and modified base flood elevations are made final for the communities listed below. The base flood elevations and modified base flood elevations are the basis for the floodplain management measures that each community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

EFFECTIVE DATES: The date of issuance of the Flood Insurance Rate Map (FIRM) showing base flood elevations and modified base flood elevations for each community. This date may be obtained by contacting the office where the maps are available for inspection as indicated on the table below.

ADDRESSES: The final base flood elevations for each community are

available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT:

Matthew B. Miller, P.E., Chief, Hazards Study Branch, Mitigation Directorate, 500 C Street SW., Washington, DC 20472, (202) 646-3461.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA or Agency) makes final determinations listed below of base flood elevations and modified base flood elevations for each community listed. The proposed base flood elevations and proposed modified base flood elevations were published in newspapers of local circulation and an opportunity for the community or individuals to appeal the proposed determinations to or through the community was provided for a period of ninety (90) days. The proposed base flood elevations and proposed modified base flood elevations were also published in the **Federal Register**.

This final rule is issued in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR part 67.

The Agency has developed criteria for floodplain management in floodprone areas in accordance with 44 CFR part 60.

Interested lessees and owners of real property are encouraged to review the proof Flood Insurance Study and Flood Insurance Rate Map available at the address cited below for each community.

The base flood elevations and modified base flood elevations are made final in the communities listed below. Elevations at selected locations in each community are shown.

National Environmental Policy Act

This rule is categorically excluded from the requirements of 44 CFR Part 10, Environmental Consideration. No environmental impact assessment has been prepared.

Regulatory Flexibility Act

The Associate Director, Mitigation Directorate, certifies that this rule is exempt from the requirements of the Regulatory Flexibility Act because final or modified base flood elevations are required by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and are required to establish and maintain community eligibility in the National Flood Insurance Program. No regulatory flexibility analysis has been prepared.

Regulatory Classification

This final rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 12612, Federalism

This rule involves no policies that have federalism implications under Executive Order 12612, Federalism, dated October 26, 1987.

Executive Order 12778, Civil Justice Reform

This rule meets the applicable standards of section 2(b)(2) of Executive Order 12778.

Administrative practice and procedure, Flood insurance, Reporting and recordkeeping requirements. Accordingly, 44 CFR part 67 is amended as follows:

PART 67—[AMENDED]

1. The authority citation for part 67 continues to read as follows:

Authority: 42 U.S.C. 4001 *et seq.*; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

[DFARS Case 97-D325]

Defense Federal Acquisition Regulation Supplement; List of Firms Not Eligible for Defense Contracts

AGENCY: Department of Defense (DoD).

ACTION: Interim rule with request for comments.

SUMMARY: The Director of Defense Procurement has issued an interim rule amending the Defense Federal Acquisition Regulation Supplement (DFARS) to implement Section 843 of the National Defense Authorization Act for Fiscal Year 1998. Section 843 requires that the Secretary of Defense maintain a list of all firms that the Secretary has identified as being subject to a prohibition on contract award due to ownership or control of the firm by the government of a terrorist country; and that DoD contractors be prohibited from entering into subcontracts with firms on the list unless there is a compelling reason to do so.

DATES: Effective date: March 27, 1998.

Comment date: Comments on the interim rule should be submitted in writing to the address shown below on or before May 11, 1998, to be considered in the formulation of the final rule.

ADDRESSES: Interested parties should submit written comments to: Defense Acquisition Regulation Council, Attn: Mr. Michael Pelkey, PDUSD (A&T) DP (DAR), IMD 3D139, 3062 Defense Pentagon, Washington DC 20301-3062. Telefax number (703) 602-0350.

SUPPLEMENTARY INFORMATION:

A. Background

10 U.S.C. 2327 contains a prohibition on contracting with a firm or a subsidiary of a firm that is owned or controlled by the government of a country that has repeatedly provided support for acts of international terrorism. Section 843 of the National Defense Authorization Act for Fiscal Year 1998 (Pub. L. 105-85) amended 10 U.S.C. 2327 to require that the Secretary of Defense maintain a list of all firms that the Secretary has identified as being subject to the prohibition, and that DoD

contractors be prohibited from entering into subcontracts with firms on the list unless there is a compelling reason to do so. This DFARS rule provides procedures to facilitate maintenance of the list and a contract clause that requires DoD approval of a proposed subcontract with a firm on the list.

B. Regulatory Flexibility Act

The interim rule is not expected to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, because few small entities are believed to subcontract with firms that are owned or controlled by the government of a terrorism country. An initial regulatory flexibility analysis has therefore not been performed. Comments are invited from small businesses and other interested parties. Comments from small entities concerning the affected DFARS subparts also will be considered in accordance with 5 U.S.C. 610. Such comments should be submitted separately and should cite DFARS Case 97-D325 in correspondence.

C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply, because the interim rule does not impose any information collection requirements that require Office of Management and Budget approval under 44 U.S.C. 3501, *et seq.*

D. Determination to Issue an Interim Rule

A determination has been made under the authority of the Secretary of Defense that urgent and compelling reasons exist to publish this interim rule prior to affording the public an opportunity to comment. This interim rule implements Section 843 of the National Defense Authorization Act for Fiscal Year 1998 (Pub. L. 105-85). Section 843 requires that the Secretary of Defense maintain a list of all firms that the Secretary has identified as being subject to the prohibition at 10 U.S.C. 2327 due to ownership or control of the firm by the government of a terrorist country, and that DoD contractors be prohibited from entering into subcontracts with firms on the list unless there is a compelling reason to do so. Section 843 was effective upon enactment on November 18, 1997. Immediate implementation is necessary to prevent the award of contracts and subcontracts that are prohibited by Section 843. Comments received in response to the publication of this interim rule will be considered in formulating the final rule.
