

Inspection of Documents

Docket. Minutes of the meetings, as well as other relevant materials, will be available for public inspection at the U.S. EPA Air and Radiation Docket and Information Center, Docket No. A-96-17. The docket is open for public inspection and copying between 8 a.m. and 4 p.m., Monday through Friday except for Federal holidays, at the following address: U.S. Environmental Protection Agency, Air and Radiation Docket and Information Center (6102), 401 M Street SW, Washington, DC 20460; telephone: (202) 260-7548. The docket is located at the above address in Room M-1500, Waterside Mall (ground floor). A reasonable fee may be charged for copying.

FOR FURTHER INFORMATION CONTACT: Fred Porter or Sims Roy, U.S. Environmental Protection Agency, Emission Standards Division, Combustion Group, (MD-13), Research Triangle Park, North Carolina

27711, telephone numbers (919) 541-5251 and 541-5263, respectively.

SUPPLEMENTARY INFORMATION:**Technology Transfer Network (TTN)**

The TTN is one of the EPA's electronic bulletin boards. The TTN can be accessed through the Internet at: WWW: <http://www.epa.gov/ttn/iccr> FTP: [mountain.epa.gov](ftp://mountain.epa.gov)

When accessing the WWW site, select Technical Sites which brings up the Directory of TTN Sites, then select ICCR—Industrial Combustion Coordinated Rulemaking from the Directory of TNN Sites.

Access to the TTN through FTP is a streamlined approach for downloading files, but is only useful, if the desired filenames are known.

If more information on the TTN is needed, call the help desk at (919) 541-5384.

Meetings of the ICCR Coordinating Committee and Work Groups are open

to the public. All Coordinating Committee meetings will be announced in the **Federal Register** and on the TTN. Work Group meetings will be announced on the TTN and in the **Federal Register**, when possible.

The next meeting of the Coordinating Committee will be held April 28-29, 1998 at the Holiday Inn University Park, 425 West Prospect Road, Fort Collins, Colorado from about 8:00 a.m. to about 6:00 p.m. The agenda for this meeting will include reports from the Work Groups on their progress, testing needs and prioritization issues, discussion of data gathering efforts to support the ICCR, and a discussion of direction and guidance from the Coordinating Committee to the Work Groups. An opportunity will be provided for the public to offer comments and address the Coordinating Committee.

The Work Groups have currently scheduled the following meetings:

Work group	Date	Location
Incinerators	May 27-28, 1998	RTP, NC.
	July 7, 1998	To be determined.
IC Engines	April 30, 1998	Fort Collins, CO.
	July 30, 1998	Long Beach, CA.
Boilers	April 30, 1998	Fort Collins, CO.
	June 10-11, 1998	Boston, MA.
	July 30, 1998	Long Beach, CA.
Stationary Combustion Turbines	April 30, 1998	Fort Collins, CO.
	July 30, 1998	Long Beach, CA.
Process Heaters	April 30, 1998	Fort Collins, CO.
	July 30, 1998	Long Beach, CA.
Economics Analysis	April 27, 1998	Fort Collins, CO.
Testing and Monitoring Protocol	May 1, 1998	Fort Collins, CO.

The agendas for these meetings include review and revision of the ICCR databases, data and information gathering efforts, possible emission testing, and potential subcategorization. An opportunity will be provided at each meeting for the public to offer comments and address the Work Group.

Individuals interested in Coordinated Committee meetings, Work Group meetings, or any aspect of the ICCR for that matter, should access the TTN on a regular basis for information.

Two copies of the ICCR Coordinating Committee charter are filed with appropriate committees of Congress and the Library of Congress and are available upon request to the Docket (ask for item #I-B-1). The purpose of the ICCR Coordinating Committee is to assist EPA in the development of regulations to control emissions of air pollutants from industrial, commercial, and institutional combustion of fuels and non-hazardous solid wastes. The Coordinating Committee will attempt to develop recommendations for national emission

standards for hazardous air pollutants (NESHAP) implementing section 112 and solid waste combustion regulations implementing section 129 of the Act, and may review and make recommendations for revising and developing new source performance standards (NSPS) under section 111 of the Act. The recommendations will cover boilers, process heaters, industrial/commercial and other incinerators, stationary internal combustion engines, and stationary combustion turbines.

Lists of Coordinating Committee and Work Group members are available from the TTN for the purpose of giving the public the opportunity to contact members to discuss concerns or information they would like to bring forward during the ICCR process.

It is anticipated that the next meeting of the Coordinating Committee, following the meeting in April, will be July 28-29, 1998 in Long Beach, California.

Dated: April 3, 1998.

Richard D. Wilson,

Acting Assistant Administrator.

ENVIRONMENTAL PROTECTION AGENCY

[OPP-00532; FRL-5780-9]

Pesticide Environmental Stewardship Program Regional Workshops; Open Meeting

AGENCY: Environmental Protection Agency (EPA).

SUMMARY: The Pesticide Environmental Stewardship Program (PESP) is a voluntary partnership between the pesticide user community and EPA. EPA, in conjunction with the National Foundation for Integrated Pest Management Education, will hold a 2-day meeting in May to allow PESP members to discuss pesticide risk

reduction issues of common interest and to exchange ideas on risk reduction techniques. Further, the meetings will serve as an introduction to PESP for organizations considering membership and for other parties interested in pesticide risk reduction.

DATES: The meeting will be held on May 6 and 7, 1998, from 8 a.m. to 5 p.m.

ADDRESSES: The meeting on May 6 will be held at U.S. Department of Agriculture's Agricultural Research Service, Center for Medical, Agricultural and Veterinary Entomology, 1600 SW 23rd Drive, Gainesville, FL. The meeting on May 7 will be held at the Radisson Hotel, 2900 SW 13th St., Gainesville, FL.

FOR FURTHER INFORMATION CONTACT: By mail: Frank W. Ellis, Jr., Office of Pesticide Programs (7511W), Environmental Protection Agency, 401 M St., SW., Washington, DC 20460. Office location and telephone number: 5th floor, 2800 Crystal Drive, Arlington, VA, 703-308-8107; e-mail: ellis.frank@epamail.epa.gov.

SUPPLEMENTARY INFORMATION: The Pesticide Environmental Stewardship Program (PESP) is a voluntary partnership between the pesticide user community and EPA. Begun in 1994 with 23 charter partners, PESP has grown to include 85 partners encompassing interests as diverse as almond growers in California, villages in the Northeast and utility rights-of-way managers throughout the country and 16 supporters encompassing interests as diverse as major food processors and stormwater management agencies. Partner organizations represent pesticide users; supporter organizations influence pesticide use or have an interest in pesticide issues.

In 1996, a National PESP Workshop was held in the Washington, DC area. At that workshop, many participants suggested that regional workshops be held to provide for more one-on-one contact between members in smaller groups. These workshops are in response to that request. The Agency anticipates holding additional regional workshops in the future.

The May 6 meeting will concentrate on residential and commercial pest control operators and their specific pesticide risk reduction needs. This session will include demonstrations of new pest control technologies being developed at the Agricultural Research Service facility. The May 7 meeting will include both agricultural and non-agricultural participants in PESP. Topics to be discussed on the second day include the development and implementation of risk reduction

strategies and the PESP grant process. There will be time for open discussion among the participants.

List of Subjects

Environmental protection.

Dated: March 26, 1998.

Janet L. Andersen,

Director, Biopesticides and Pollution Prevention Division, Office of Pesticide Programs.

EQUAL EMPLOYMENT OPPORTUNITY COMMISSION

Sunshine Act Meeting

AGENCY HOLDING THE MEETING: Equal Employment Opportunity Commission.

DATE AND TIME: Tuesday, April 21, 1998 at 2:00 p.m. (Eastern Time).

PLACE: Conference Room on the Ninth Floor of the EEOC Office Building, 1801 "L" Street, N.W., Washington, D.C. 20507.

STATUS: Part of the meeting will be open to the public and part of the meeting will be closed.

MATTERS TO BE CONSIDERED:

Open Session

1. Announcement of Notation Votes, and
2. Priority Charge Handling Task Force, Litigation Task Force Report.

Closed Session

Litigation Authorization: General Counsel Recommendations.

Note: Any matter not discussed or concluded may be carried over to a later meeting. (In addition to publishing notices on EEOC Commission meetings in the **Federal Register**, the Commission also provides a recorded announcement a full week in advance on future Commission sessions.) Please telephone (202) 663-7100 (voice) and (202) 663-4074 (TTD) at any time for information on these meetings. Contact Person for More Information: Frances M. Hart, Executive Officer on (202) 663-4070.

Dated: April 7, 1998.

This Notice issued April 7, 1998.

Frances M. Hart,

Executive Officer, Executive Secretariat.

EXECUTIVE OFFICE OF THE PRESIDENT

Office of National Drug Control Policy

Designation of High Intensity Drug Trafficking Areas

AGENCY: Executive Office of the President, Office of National Drug Control Policy.

ACTION: Notice.

SUMMARY: This notice lists three (3) new High Intensity Drug Trafficking Areas designated by the Director of National Drug Control Policy.

FOR FURTHER INFORMATION CONTACT:

Comments and questions regarding this notice should be directed to Mr. Richard Y. Yamamoto, Director, HIDTA, Office of National Drug Control Policy, Executive Office of the President, Washington, D.C. 20503; 202-395-6755.

SUPPLEMENTARY INFORMATION: In 1990, the Director of ONDCP designated the first five HDTAs. These original HDTAs, areas through which most illegal drugs enter the United States, are the Southwest Border, Houston, Los Angeles, New York/New Jersey, and South Florida. In 1994, the Director designated the Washington/Baltimore HIDTA to address the extensive drug distribution networks serving hardcore drug users. Also in 1994, the Director designated Puerto Rico/U.S. Virgin Islands as a HIDTA based on the significant amount of drugs entering the United States through this region. In 1995, the Director designated three more HDTAs in Atlanta, Chicago, and Philadelphia/Camden to target drug abuse and drug trafficking in those areas.

HDTAs are domestic regions identified as having the most critical drug trafficking problems that adversely affect the United States. These new counties are designated pursuant to 21 U.S.C. 1504(c), as amended, to promote more effective coordination of drug control efforts. This action will support local, state and federal law enforcement officers in assessing regional drug threats, designing strategies to combat the threats, developing initiatives to implement the strategies, and evaluation of the effectiveness of these coordinated efforts.

HDTAs support over 250 co-located officer/agent task forces in twenty regions of the country, including the entire Southwest Border. The HIDTA program strengthens mutually supporting local, state, and federal drug trafficking and money laundering task forces, bolsters information analysis and sharing networks and, improves
