*Adverse Facts Available Rate.

¹ No shipments subject to this review. Rate is from the last relevant segment of the proceeding in which the firm had shipments/sales.

² No shipments subject to this review. The firm has no individual rate from any segment of this proceeding.

The Department shall determine, and Customs shall assess, antidumping duties on all appropriate entries. Individual differences between export price and normal value may vary from the percentages stated above. The Department will issue appraisal instructions on each exporter directly to Customs.

Furthermore, the following deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of these final results of this administrative review, as provided by section 751(a)(1) of the Act. (1) For Chung Woo, Ssang Yong and Sung Jin, the revocation of the antidumping duty order applies to all entries of subject merchandise entered, or withdrawn from warehouse, for consumption on or after March 1, 1996. The Department will order the suspension of liquidation ended for all such entries and will instruct Customs to release any cash deposits or bonds. The Department will further instruct Customs to refund with interest any cash deposits on post-March 1, 1996 entries. (2) The cash deposit rates for the other reviewed companies will be those rates established above (except that, if the rate for a firm is *de minimis*, i.e., less than 0.5 percent, a cash deposit of zero will be required for that firm). (3) For previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent period. (4) If the exporter is not a firm covered in this review, a prior review, or the original LTFV investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise. (5) If neither the exporter nor the manufacturer is a firm covered

in this or any previous review or the original investigation, the cash deposit rate will be 1.51 percent, the "All Others" rate established in the LTFV Final Determination (58 FR 11029).

These deposit requirements shall remain in effect until publication of the final results of the next administrative review.

This notice serves as a final reminder to importers of their responsibility to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective orders (APOs) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 353.34(d)(1). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This determination is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

International Whaling Commission; Meetings

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meetings.

SUMMARY: NOAA makes use of a public Interagency Committee to assist in preparing for meetings of the International Whaling Commission (IWC). This notice sets forth guidelines for participating on the Committee and a tentative schedule of meetings and other important dates.

DATES: The April 23, 1998, meeting has been rescheduled for May 1, 1998, 2:00 p.m. See **SUPPLEMENTARY INFORMATION** for additional information.

ADDRESSES: The May 1, 1998, meeting will be held in Room 1863, Herbert C. Hoover Building, Department of Commerce, 14th and Constitution, Washington, DC.

FOR FURTHER INFORMATION CONTACT: Catherine Corson, telephone: (301) 713-2322.

SUPPLEMENTARY INFORMATION: The May 1, 1998, Interagency Committee meeting will review recent events relating to the IWC and will review U.S. positions for the 1998 IWC annual meeting.

The Secretary of Commerce is charged with the responsibility of discharging the obligations of the United States under the International Convention for the Regulation of Whaling, 1946. This authority has been delegated to the Under Secretary for Oceans and Atmosphere, who is also the U.S. Commissioner to the IWC. The U.S. Commissioner has primary responsibility for the preparation and negotiation of U.S. positions on international issues concerning whaling and for all matters involving the IWC. He is staffed by the Department of Commerce and assisted by the Department of State, the Department of the Interior, the Marine Mammal Commission, and by other interested agencies.

Each year, NOAA conducts meetings and other activities to prepare for the annual meeting of the IWC. The major purpose of the preparatory meetings is to provide input in the development of policy by individuals and non-governmental organizations interested in whale conservation. NOAA believes that this participation is important for the effective development and implementation of U.S. policy concerning whaling. Any person with an identifiable interest in United States whale conservation policy may participate in the meetings, but NOAA reserves the authority to inquire about the interest of any person who appears at a meeting and to determine the appropriateness of that person's participation. Foreign nationals and persons who represent foreign governments may not attend. These stringent measures are necessary to promote the candid exchange of information and to establish the necessary basis for the relatively open process of preparing for IWC meetings that characterizes current practices.
