SUPPLEMENTARY INFORMATION:

A. General

The Computer Matching and Privacy Protection Act of 1988 (Public Law (Pub. L.) 100-503), amended the Privacy Act (5 U.S.C. 552a) by establishing the conditions under which computer matching involving the Federal government could be performed and adding certain protections for individuals applying for and receiving Federal benefits. Section 7201 of the Omnibus Budget Reconciliation Act of 1990 (Pub. L. 101-508) further amended the Privacy Act regarding protections for such individuals.

The Privacy Act, as amended, regulates the use of computer matching by Federal agencies when records in a system of records are matched with other Federal, State or local government records. Among other things, it requires Federal agencies involved in computer matching programs to:

- (1) Negotiate written agreements with the other agency or agencies participating in the matching programs;
- (2) Obtain the approval of the match agreement by the Data Integrity Boards (DIB) of the participating Federal Agencies;
- (3) Furnish detailed reports about matching programs to Congress and OMB;
- (4) Notify applicants and beneficiaries that their records are subject to matching; and
- (5) Verify match findings before reducing, suspending, terminating or denying an individual's benefits or payments.

We have taken action to ensure that all of SSA's computer matching programs comply with the requirements of the Privacy Act, as amended.
