proceeding are Dr. Ben-Haim and the NRC Staff. The issue to be considered is whether the Superseding Order should be sustained—in particular, whether the NRC Staff's currently effective suspension of Dr. Ben-Haim from serving as a consultant or otherwise being involved with respect to NRC-licensed activities should be continued for a period of five years from July 31, 1997, as a result of alleged deliberate violations of NRC requirements.

Notice is hereby given that, as set forth in the Atomic Safety and Licensing Board's Memorandum and Order (Schedules for Proceeding), dated March 2, 1996, the evidentiary hearing in this proceeding will commence on Wednesday, May 27, 1998, beginning at 9:30 a.m., at Room 206 (second floor), 970 Broad Street (enter on Walnut Street), Newark, New Jersey 07102. (The sessions are expected to adjourn at approximately 5:00 p.m. daily.)

As provided by our March 2, 1998 Memorandum and Order, and consistent with 10 CFR 2.743(b)(3), written direct testimony of the parties need not be utilized, but the parties must file (mail) by Friday, May 15, 1998 (Monday, May 18, if express mail is utilized), lists of witnesses and documents they propose to use, together with statements of the qualifications of those witnesses (*curriculum vitae*). (If either of the parties elects to use written direct testimony, such statements should be filed (mailed) by the same dates.)

Notice is also hereby given that, in accordance with 10 CFR 2.715(a), the Licensing Board will hear oral limited appearance statements on Wednesday, May 27, 1998, at the outset of the hearing and in the aforementioned hearing room. A person not a party to the proceeding will be permitted to make such a statement, setting forth his or her position on the issues. The number of persons making oral statements and the time allotted for each statement may be limited depending on the number of persons present at the designated time. (Normally, each oral statement may extend for up to five (5) minutes.) These statements do not constitute testimony or evidence but may assist the Licensing Board and parties in defining the scope of the issues in the proceeding.

Requests to make oral statements may be submitted to the Office of the Secretary, Docketing and Service Branch, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555. A copy of each such request should also

be submitted to Judge Charles Bechhoefer, Chairman of this Licensing Board, U.S. Nuclear Regulatory Commission, ASLBP, T-3 F23, Washington, D.C. 20555.

Documents relating to this proceeding are on file at the Commission's Public Document Room, the Gelman Building, 2120 L Street, N.W., Washington, D.C. 20555, and at the Commission's Region I office, 475 Allendale Road, King of Prussia, Pennsylvania 19406-1415.

NUCLEAR REGULATORY COMMISSION

[Docket No. 50-423]

Central Maine Power Company; Millstone Nuclear Power Station, Unit 3, Notice of Consideration of Issuance of an Order Regarding Restructuring of Central Maine Power Company

Notice is hereby given that the U.S. Nuclear Regulatory Commission (the Commission) is considering the issuance of an Order approving, under Title 10 of the *Code of Federal Regulations* (10 CFR) Section 50.80, an application regarding the proposed corporate restructuring of Central Maine Power Company (CMP), which holds a partial ownership interest in Millstone Nuclear Power Station, Unit 3. By application dated March 4, 1998, CMP, by and through its counsel, Morgan, Lewis, and Bockius, informed the Commission that it is proposing to become a wholly owned subsidiary of a newly created holding company, HoldCo, which will be renamed later. Northeast Nuclear Energy Company will remain the licensed operator of Millstone Unit 3 and is not involved in the transaction. No direct transfer of the license or any interest therein will occur. Under the restructuring, the holders of CMP common stock will become the holders of the common stock of the holding company. After the restructuring, CMP will continue to be a public utility providing the same utility services as it did immediately prior to the restructuring, and will continue to be an "electric utility" under Commission regulations. According to the application, there will be no effect on the management, or sources of funds for operation, maintenance, or decommissioning, of

Millstone Unit 3 as a result of the corporate restructuring.

Pursuant to 10 CFR 50.80, the Commission may approve the transfer of control of a license after notice to interested persons. Such approval is contingent upon the Commission's determination that the holder of the license following the transfer is qualified to hold the license and that the transfer is otherwise consistent with applicable provisions of law, regulations, and orders of the Commission.

For further details with respect to this proposed action, see the application dated March 4, 1998. This document is available for public inspection at the Commission's Public Document Room, the Gelman Building, 2120 L Street, NW., Washington, DC, and at the local public document room located at the Learning Resources Center, Three Rivers Community-Technical College, 574 New London Turnpike, Norwich, Connecticut, and at the Waterford Library, ATTN: Vince Juliano, 49 Rope Ferry Road, Waterford, Connecticut.

Dated at Rockville, Maryland, this 20th day of April 1998.

For the Nuclear Regulatory Commission.

Phillip F. McKee,

Deputy Director for Licensing, Special Projects Office, Office of Nuclear Reactor Regulation.

SECURITIES AND EXCHANGE COMMISSION

[File No. 1-14138]

Issuer Delisting; Notice of Application To Withdraw From Listing and Registration; (RAPP International Finance Company B.V., 11½% Guaranteed Secured Notes Due 2000; 13¼% Guaranteed Secured Notes Due 2005)

April 17, 1998.

P.T. Riau Andalan Pulp & Paper ("Company"), of which RAPP International Finance Company B.V., is a subsidiary, has filed an application with the Securities and Exchange Commission ("Commission"), pursuant to Section 12(d) of the Securities Exchange Act of 1934 ("Act") and Rule 12d2-2(d) promulgated thereunder, to withdraw the above specified securities ("Securities") from listing and registration on the New York Stock Exchange, Inc. ("NYSE" or "Exchange").¹

The reasons cited in the application for withdrawing the Securities from listing and registration include the following:

The Securities are listed for trading on the Luxembourg Stock Exchange and, pursuant to a Registration Statement on Form 8-A that became effective at the time of issuance, the NYSE. Trading in the Securities commenced on the

Luxembourg Stock Exchange and the NYSE on December 15, 1995.

In August, 1997, the Company completed a tender offer and consent solicitation for any and all of the Securities at a premium over the price at which they were then trading. Pursuant to the consent solicitation, the Company asked the holders of the Securities to agree to substantial amendments to the Indenture under which the Securities has been issued. Among other things, the amendments removed from the Indenture covenants of the Company (i) to maintain listing of the Securities on the NYSE, and (ii) to continue to file reports with the Commission even if the Company was no longer subject to the Commission's reporting requirements. In its offering/solicitation document, the Company advised holders of the Securities that it intended to delist the Securities from the NYSE if the proposed amendments to the Indenture became operative.

As a result of the Company's tender offer, all but \$6 million of the originally issued and outstanding \$300 million in Securities were tendered by holders. These holders also consented to the proposed amendments to the Indenture. The Company has been unable to locate the holders who did not tender their Securities and consent to the proposed amendments, and the Company believes it would be impractical to locate them at the present time. Moreover, the Company believes the holders of the Securities are very small in number. In addition, the Company has represented that there is essentially no trading in, and therefore no market for, the Securities that remain outstanding.

On February 11, 1998, the NYSE advised the Company that it is the policy of the NYSE not to object the voluntary applications to delist securities such as the one filed by the Company.

The Company has stated that its application relates solely to the withdrawal from listing of the Securities on the NYSE and shall have no effect upon the continued listing of the Securities on the Luxembourg Stock Exchange.

Any interested person may, on or before May 8, 1998, submit by letter to the Secretary of the Securities and Exchange Commission, 450 Fifth Street, N.W., Washington, D.C. 20549, facts bearing upon whether the application has been made in accordance with the rules of the exchange and what terms, if any, should be imposed by the Commission for the protection of investors. The Commission, based on the information submitted to it, will issue an order granting the application

¹ This release supersedes a prior Commission Order, for File No. 1-14138, Release No. 34-39876, April 15, 1998, which listed P.T. Riau Andalan Pulp & Paper rather than RAPP International Finance Company B.V. as the issuer. This release clarifies that the Securities are listed under RAPP International Finance Company B.V. In light of this clarification, the Commission is republishing notice of this application.
