

SUPPLEMENTARY INFORMATION:

A. Purpose

The representation at 52.241-1, Electric Service Territory Compliance Representation, is required when proposed alternatives of electric utility suppliers are being solicited. The representation and legal and factual rationale, if requested by the contracting officer, is necessary to ensure Government compliance with Pub. L. 100-202.

B. Annual Reporting Burden

Public reporting burden for this collection of information is estimated to average .45 hour per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. In many cases, the offeror's representation will be the only information required.

The annual reporting burden is estimated as follows: Respondents, 200; responses per respondent, 2.5; total annual responses, 500; preparation hours per response, .45; and total response burden hours, 230.

Obtaining Copies of Proposals

Requester may obtain a copy of the justification from the General Services Administration, FAR Secretariat (MVRs), Room 4037, 1800 F Street, NW, Washington, DC 20405, telephone (202) 501-4755. Please cite OMB Control No. 9000-0126, Electric Service Territory Compliance Representation, in all correspondence.

Dated: January 9, 1998.

Sharon A. Kiser,
FAR Secretariat.

BILLING CODE 5000-04-M

DEPARTMENT OF DEFENSE

Department of the Army**Record of Decision on the Final Environmental Impact Statement on the Disposal and Reuse of Vint Hill Farms Station, Warrenton, VA**

AGENCY: Department of the Army, DoD.

ACTION: Notice of availability.

SUMMARY: The Department of the Army announced its Record of Decision (ROD) on the Final Environmental Impact Statement (FEIS) for the disposal and reuse of the 701 acres of Vint Hill Farms Station, Warrenton, Virginia, in accordance with the Defense Base Closure and Realignment Act of 1990, Public Law 101-510, as amended.

Under the Act, the Secretary of the Army has been delegated the authority to dispose of excess real property and facilities located at a military installation being closed or realigned. The Army is required to comply with the National Environmental Policy Act during the process of property disposal and must prepare appropriate analyses of the impacts of disposal and, indirectly, of reuse of the property on the environment. The ROD and the FEIS satisfy requirements of the law to

examine the environmental impacts of disposal and reuse of Vint Hill Farms Station.

Encumbered disposal involves the transfer of property to others with use restrictions imposed by the Army. The ROD concludes that surplus property will be conveyed subject to restrictions, identified in the FEIS, that relate to the following: reservations for the right access property to remediate areas until cleanup is completed, reservation for access to utilities necessary to implement remediation actions, restrictions (conservation easement) prohibiting disturbance of wetlands and a 100-foot upland buffer adjacent to wetlands. The Army will impose reservations to deed restrictions as necessary and appropriate to protect human health, the environment, and public safety.

The Army has taken all practicable measures to avoid or minimize environmental harm associated with its preferred alternative of encumbered property disposal. The Army will continue to work with individual future owners to avoid, reduce, or compensate for adverse impacts that might occur as a result of disposal. Mitigation measures for reuse activities are identified in the FEIS.

ADDRESSES: Copies of the ROD and FEIS are available for review at the Fauquier County Public Library in Warrenton, Bealeton Branch Library in Bealeton, and Prince William County Center Library in Manassas. A copy of the ROD may also be obtained by writing to Mrs. Shirley Barnett, U.S. Army Materiel Command, ATTN: AMCSO, 5001 Eisenhower Avenue, Alexandria, VA 22333-0001, or by calling (703) 617-8172.

Dated: January 6, 1998.

Raymond J. Fatz,

Deputy Assistant Secretary of the Army (Environment, Safety and Occupational Health), OASA (I, L&E).

BILLING CODE 3710-08-M

DEPARTMENT OF DEFENSE

Defense Logistics Agency

Privacy Act of 1974; Computer Matching Program

AGENCY: Defense Manpower Data Center, Defense Logistics Agency, DoD.
ACTION: Notice of a Computer Matching Program.

SUMMARY: Subsection (e)(12) of the Privacy Act of 1974, as amended, (5 U.S.C. 552a) requires agencies to

publish advance notice of any proposed or revised computer matching program by the matching agency for public comment. The DoD is hereby giving constructive notice in lieu of direct notice to the record subjects of a computer matching program between Department of Transportation (DOT) and Department of Defense (DoD) that their records are being matched by computer. The record subjects are DOT delinquent debtors who may be current or former Federal employees receiving Federal salary or benefit payments, and who are delinquent in their repayment of debts owed to the United States Government under programs administered by DOT. This match will permit DOT to pursue and collect the debt by voluntary repayment or by administrative or salary offset procedures under the provisions of the Debt Collection Act of 1982.

DATES: This proposed action will become effective February 13, 1998 and the computer matching will proceed accordingly without further notice, unless comments are received which would result in a contrary determination or if the Office of Management and Budget or Congress objects thereto. Any public comment must be received before the effective date.

ADDRESSES: Any interested party may submit written comments to the Director, Defense Privacy Office, 1941 Jefferson Davis Highway, Room 920, Arlington, VA 22202-4502.

FOR FURTHER INFORMATION CONTACT: Mr. Vahan Moushegian, Jr. at (703) 607-2943.

SUPPLEMENTARY INFORMATION: Pursuant to subsection (o) of the Privacy Act of 1974, as amended, (5 U.S.C. 552a), the DMDC and DOT have concluded an agreement to conduct a computer matching program between the agencies. The purpose of the match is to exchange personal data between the agencies for debt collection. The match will yield the identity and location of the debtors within the Federal government so that DOT can pursue recoupment of the debt by voluntary payment or by administrative or salary offset procedures. Computer matching appeared to be the most efficient and effective manner to accomplish this task with the least amount of intrusion of personal privacy of the individuals concerned.

A copy of the computer matching agreement between DOT and DMDC is available upon request to the public. Requests should be submitted to the address caption above or to the Chief, Financial Management Systems, Department of Transportation, Office of

Financial Management, 400 7th Street, SW, Washington, DC 20590. Telephone (202) 366-6100.

Set forth below is the notice of a computer matching program required by paragraph 6.c. of the Office of Management and Budget Guidelines on computer matching published in the **Federal Register** on June 19, 1989, at 54 FR 25818.

The matching agreement, as required by 5 U.S.C. 552a(r) of the Privacy Act, and an advance copy of this notice was submitted on December 30, 1997 to the House Committee on Government Reform and Oversight, the Senate Committee on Governmental Affairs, and the Office of Management and Budget pursuant to paragraph 4d of Appendix I to OMB Circular No. A-130, 'Federal Agency Responsibilities for Maintaining Records about Individuals,' dated February 8, 1996 (February 20, 1996, 61 FR 6435).

Dated: January 7, 1998.

L.M. Bynum,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

Notice of a Computer Matching Program between the Department of Transportation and the Department of Defense for Debt Collection

A. PARTICIPATING AGENCIES: Participants in this computer matching program are the Department of Transportation (DOT) and the Defense Manpower Data Center (DMDC), Department of Defense (DoD). The DOT is the source agency, i.e., the activity disclosing the records for the purpose of the match. The DMDC is the recipient activity or matching agency, i.e., the agency that actually performs the computer matching.

B. PURPOSE OF THE MATCH: Upon the execution of this agreement, DOT will provide and disclose debtor records to DMDC to identify and locate any matched Federal personnel, employed or retired, who may owe delinquent debts to the Federal Government under certain programs administered by the DOT. DOT will use this information to initiate independent collection of those debts under the provisions of the Debt Collection Act of 1982 when voluntary payment is not forthcoming. These collection efforts will include requests by the DOT of any employing agency to apply administrative and/or salary offset procedures until such time as the obligation is paid in full.

C. AUTHORITY FOR CONDUCTING THE MATCH: The legal authority for conducting the matching program is contained in the Debt Collection Act of
