[Docket No. CP98-125-001]

MIGC, Inc.; Notice of Amendment

May 1, 1998.

Take notice that on April 23, 1998, MIGC, Inc. (MIGC), 12200 N. Pecos Street, Denver, Colorado 80234, filed in Docket No. CP98-125-001 an amendment to the pending application filed on December 9, 1997, in Docket No. CP98-125-000, pursuant to Section 7(c) of the Natural Gas Act (NGA), to reflect a change in compression facilities for which certificate authorization is sought, all as more fully set forth in the amendment which is on file with the Commission and open to public inspection.

By the pending application in Docket No. CP98-125-000, MIGC proposes to

install and operate compression, and related appurtenant facilities, at the Hilight Processing Plant in Campbell County, Wyoming and at the Platte River Compressor Station in Converse County, Wyoming, in order to alleviate an existing capacity constraint on MIGC's system.

In the subject amendment, MIGC seeks to modify its original request for certificate authority by requesting authorization to install two 1610 hp reciprocating compression units at the Hilight Processing Plant in place of the two 1360 hp reciprocating compression units originally sought. In addition, MIGC requests authorization to install one 3300 hp centrifugal (gas turbine-driven) compression unit at the Platte River Compressor Station in place of the two 7042 hp reciprocating compression units originally requested.

MIGC states that the revised cost of the proposed project is estimated to be \$6,197,000. In addition, MIGC states that the request for rolled-in rate treatment for the facilities will not result in any rate increase to existing customers.

Any person desiring to be heard or to make any protest with reference to said amendment should on or before May 22, 1998, file with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules. All persons who have heretofore filed need to file again.
