## DEPARTMENT OF LABOR

### Office of the Secretary

#### President's Committee on the International Labor Organization; Closed Meeting

In accordance with section 10(a) of the Federal Advisory Committee Act (Pub. L. 92-463), announcement is hereby given of a meeting of the President's Committee on the ILO:

*Name:* President's Committee on the International Labor Organization.

*Date:* Wednesday, May 20, 1998.

*Time:* 2 p.m.

*Place:* U.S. Department of Labor, Third & Constitution Ave., N.W., Room S-2508, Washington, DC 20210.

*Purpose:* The meeting will include a review and discussion of current issues relating to United States' negotiating positions with member nations of the International Labor Organization. The meeting will concern matters the disclosure of which would seriously compromise the Government's negotiating objectives and bargaining positions. Accordingly, the meeting will be closed to the public, pursuant to section 9(B) of the Government in the Sunshine Act, 5 U.S.C. 552b(c)(9)(B).

*For Further Information Contact:* Mr. Andrew J. Samet, President's Committee on the International Labor Organization, U.S. Department of Labor, 200 Constitution Avenue, NW, Room S-2235, Washington, DC 20210, Telephone (202) 219-6043.

Signed at Washington, DC, this 1st day of May 1998.

**Alexis M. Herman,**

*Secretary of Labor.*

## DEPARTMENT OF LABOR

### Office of the Secretary

#### Privacy Act of 1974; Publication of Amendments to an Existing System of Records

**AGENCY:** Office of the Secretary, Labor.

**ACTION:** Notice of amendments to an existing system of records.

**SUMMARY:** The Privacy Act of 1974 requires that each agency publish notice of all of the systems of records that it maintains. This document proposes to revise the Routine Uses Category for one

of the Department's existing systems of records. The proposed routine uses provide additional protection to the privacy interests of the participants in the studies which are conducted by system managers from the Department's Bureau of Labor Statistics (BLS).

Finally, various administrative (non-substantive) changes are being made to this same system of records, including a change of name.

**DATES:** Persons wishing to comment on the proposed new routine uses may do so by June 8, 1998.

*Effective Date:* The proposed routine uses will become effective as proposed without further notice on June 16, 1998. The remaining amendments to this system are administrative (non-substantive), and therefore, will become effective on May 7, 1998.

**ADDRESSES:** Written comments may be mailed or delivered to Robert A. Shapiro, Associate Solicitor, Division of Legislation and Legal Counsel, 200 Constitution Avenue, NW., Room N-2428, Washington, DC 20210.

**FOR FURTHER INFORMATION CONTACT:** Miriam McD. Miller, Co-Counsel for Administrative Law, Office of the Solicitor, Department of Labor, 200 Constitution Avenue, NW., Room N-2428, Washington, DC 20210, telephone (202) 219-8188.

**SUPPLEMENTARY INFORMATION:** Pursuant to section three of the Privacy Act of 1974 (5 U.S.C. 552a(e)(4)), hereinafter referred to as the Act, the Department hereby proposes to amend the Routine Uses Category for one of the Department's existing systems of records. This document supplements this Department's last publication in full of all of its Privacy Act systems of records. On September 23, 1993, in Volume 58 at Page 49548 of the **Federal Register**, we published a notice containing 138 systems of records which were maintained under the Act. Subsequent publications of new systems were made on April 15, 1994 (59 FR 18156) (two new systems); on May 10, 1995 (60 FR 24897) (one new system); on June 15, 1995 (60 FR 31495) (one new system); on April 7, 1997 (62 FR 16610) (one new system); and on October 14, 1997 (62 FR 53343) (one new system).

1. The Department hereby proposes to amend an existing system of records, DOL/BLS-14, so that a revised Routine Uses Category can be substituted into this system of records. The revised Routine Uses Category will provide additional protection to the privacy interests of the participants in the various studies which are conducted by the system managers from the Bureau of

Labor Statistics (BLS). These studies are conducted by the Behavioral Science Research Laboratory, a unit within BLS. This additional privacy protection, for the participants in the studies, is achieved by making several of the Universal Routine Uses, contained within the General Prefatory Statement, inapplicable to this system of records. DOL/BLS-14 was last published on September 23, 1993 at 58 FR 49593.

2. This document makes various administrative (non-substantive) changes to the above discussed system, DOL/BLS-14. Since these administrative amendments are non-substantive, public comment is not required. These changes merely refine the system. Included in these changes is a revised name for the system, which will be more descriptive than its current name.

#### Universal Routine Uses

In its September 23, 1993 publication, the Department gave notice of eleven paragraphs containing routine uses which apply to all of its systems of records, except for DOL/OASAM-5 and DOL/OASAM-7. These eleven paragraphs were presented in the General Prefatory Statement for that document, and it appeared at Pages 49554-49555 of Volume 58 of the **Federal Register**. Those eleven paragraphs were republished in an April 15, 1994 document in order to correct grammatical mistakes in the September 23, 1993 version. In the May 10, 1995, June 15, 1995, and April 7, 1997 publications, the General Prefatory Statement was republished as a convenience to the reader of the document. In an October 14, 1997 publication, the General Prefatory Statement was again republished in order to make a syntactical change to paragraph 10. It was also republished as a convenience to the reader on January 15, 1998 (63 FR 2417). We are again republishing the General Prefatory Statement as a convenience to the reader.

The public, the Office of Management and Budget (OMB), and the Congress are invited to submit written comments on the proposed amendment in this document. A report on the proposed revision to DOL/BLS-14, has been provided to OMB and to the Congress, as required by OMB Circular A-130, Revised, and 5 U.S.C. 552a(r). The administrative (non-substantive) amendments do not have to be submitted for comment to OMB and to the Congress.

### General Prefatory Statement

The following routine uses apply to and are incorporated by reference into this system of records published below unless the text of a particular notice of a system of records indicates otherwise. These routine uses *do not* apply to DOL/OASAM-5, Rehabilitation and Counseling File, nor to DOL/OASAM-7, Employee Medical Records.

1. It shall be a routine use of the records in this system of records to disclose them to the Department of Justice when: (a) The agency or any component thereof; (b) any employee of the agency in his or her official capacity where the Department of Justice has agreed to represent the employee; or (c) the United States Government, is a party to litigation or has an interest in such litigation, and by careful review, the agency determines that the records are both relevant and necessary to the litigation and the use of such records by the Department of Justice is therefore deemed by the agency to be for a purpose that is compatible with the purpose for which the agency collected the records.

2. It shall be a routine use of the records in this system of records to disclose them in a proceeding before a court or adjudicative body, when: (a) The agency or any component thereof; (b) any employee of the agency in his or her official capacity; (c) any employee of the agency in his or her individual capacity where the agency has agreed to represent the employee; or (d) the United States Government, is a party to litigation or has an interest in such litigation, and by careful review, the agency determines that the records are both relevant and necessary to the litigation and the use of such records is therefore deemed by the agency to be for a purpose that is compatible with the purpose for which the agency collected the records.

3. When a record on its face, or in conjunction with other records, indicates a violation or potential violation of law, whether civil, criminal or regulatory in nature, and whether arising by general statute or particular program statute, or by regulation, rule, or order issued pursuant thereto, disclosure may be made to the appropriate agency, whether Federal, foreign, State, local, or tribal, or other public authority responsible for enforcing, investigating or prosecuting such violation or charged with enforcing or implementing the statute, or rule, regulation, or order issued pursuant thereto, if the information disclosed is relevant to any enforcement, regulatory, investigative or prosecutive

responsibility of the receiving entity, and by careful review, the agency determines that the records are both relevant and necessary to the litigation and the use of such records is therefore deemed by the agency to be for a purpose that is compatible with the purpose for which the agency collected the records.

4. A record from this system of records may be disclosed to a Member of Congress or to a Congressional staff member in response to an inquiry of the Congressional office made at the written request of the constituent about whom the record is maintained.

5. Records from this system of records may be disclosed to the National Archives and Records Administration or to the General Services Administration for records management inspections conducted under 44 U.S.C. 2904 and 2906.

6. Disclosure may be made to agency contractors, or their employees, consultants, grantees, or their employees, or volunteers who have been engaged to assist the agency in the performance of a contract, service, grant, cooperative agreement or other activity related to this system of records and who need to have access to the records in order to perform the activity. Recipients shall be required to comply with the requirements of the Privacy Act of 1974, as amended, 5 U.S.C. 552a; see also 5 U.S.C. 552a(m).

7. The name and current address of an individual may be disclosed from any system of records to the parent locator service of the Department of HHS or to other authorized persons defined by Pub. L. 93-647 for the purpose of locating a parent who is not paying required child support.

8. Disclosure may be made to any source from which information is requested in the course of a law enforcement or grievance investigation, or in the course of an investigation concerning retention of an employee or other personnel action, the retention of a security clearance, the letting of a contract, the retention of a grant, or the retention of any other benefit, to the extent necessary to identify the individual, inform the source of the purpose(s) of the request, and identify the type of information requested.

9. Disclosure may be made to a Federal, State, local, foreign, or tribal or other public authority of the fact that this system of records contains information relevant to the hiring or retention of an employee, the granting or retention of a security clearance, the letting of a contract, a suspension or debarment determination or the

issuance or retention of a license, grant, or other benefit.

10. A record from any system of records set forth below may be disclosed to the Office of Management and Budget in connection with the review of private relief legislation and the legislative coordination and clearance process.

11. Disclosure may be made to a debt collection agency that the United States has contracted with for collection services to recover debts owed to the United States.

### I. Publication of a Proposed Amendment and Publication of Administrative (Non-Substantive) Changes

DOL/BLS-14, currently named as "Collection Procedures Research Lab Project Files", is proposed to be amended by revising the category for Routine Uses to read as set forth below. For the convenience of the reader, the entire system is being republished in full. At this time, the various administrative (non-substantive) amendments are being published as set forth below. One of the amendments revises the name of the system.

#### DOL/BLS-14

##### SYSTEM NAME:

BLS Behavioral Science Research Laboratory Project Files.

##### SECURITY CLASSIFICATION:

None.

##### SYSTEM LOCATION:

Offices in the Bureau of Labor Statistics National Office.

##### CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:

Individual respondents who participate in studies.

##### CATEGORIES OF RECORDS IN THE SYSTEM:

Records include respondent's name, name of study, biographic/personal information on the respondent, and test results and observations.

##### AUTHORITY FOR MAINTENANCE OF THE SYSTEM:

29 U.S.C. sec. 2.

##### PURPOSE(S):

Biographic/personal information is used by BLS to select participants for studies. Test results and observations are used by BLS to better understand the behavioral and psychological processes of individuals, as they reflect on the accuracy of BLS information collections.

##### ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSE OF SUCH USES:

None, except for those routine uses listed in the General Prefatory Statement

to this document with the following limitations: The Routine Uses listed at paragraphs 3, 4, 7, 8, 9, and 11 in the General Prefatory Statement to this document are not applicable to this system of records. The records also may be disclosed where required by law.

**DISCLOSURE TO CONSUMER REPORTING**

**AGENCIES:**

None.

**POLICIES AND PRACTICES FOR STORING, RETRIEVING, ACCESSING, RETAINING, AND DISPOSING OF RECORDS IN THE SYSTEM:**

**STORAGE:**

Paper files, and some electronic files stored on floppy disks and/or video tapes.

**RETRIEVABILITY:**

Respondent name and study title.

**SAFEGUARDS:**

Available to authorized personnel only. Files are kept in locked offices.

**RETENTION AND DISPOSAL:**

One to three years.

**SYSTEM MANAGER(S) AND ADDRESS:**

Director, CPRL, Office of Research and Evaluation, Room 4915, Postal Square Building, 2 Massachusetts Ave., NE, Washington, DC 20212.

**NOTIFICATION PROCEDURE:**

Mail all inquiries or present in writing to System Manager at above address.

**RECORD ACCESS PROCEDURES:**

As in notification procedure.

**CONTESTING RECORD PROCEDURES:**

As in notification procedure.

**RECORD SOURCE CATEGORIES:**

From individual respondents.

**SYSTEMS EXEMPTED FROM CERTAIN PROVISIONS OF THE ACT:**

None.

Signed at Washington, DC this 30th day of April, 1998.

**NATIONAL AERONAUTICS AND SPACE ADMINISTRATION**

[Notice 98-062]

**National Environmental Policy Act; Stardust mission**

**AGENCY:** National Aeronautics and Space Administration (NASA).

**ACTION:** Finding of no significant impact.

**SUMMARY:** Pursuant to the National Environmental Policy Act (NEPA) of 1969, as amended (42 U.S.C. 4321, *et seq.*), the Council on Environmental Quality (CEQ) Regulations for Implementing the Procedural Provisions of NEPA (40 CFR parts 1500-1508), and NASA policy and procedures (14 CFR part 1216 subpart 1216.3), NASA has made a finding of no significant impact (FONSI) with respect to the proposed Stardust mission, which would involve a flight to the comet 81-P/Wild-2 and return of cometary and interstellar dust samples to Earth. The baseline mission calls for the Stardust spacecraft to be launched aboard a Delta II 7426 from Cape Canaveral Air Station (CCAS), Florida, in February 1999, and to return the sample return canister (SRC) to Utah Test and Training Range (UTTR) approximately 65 kilometers (40 miles) southwest of Salt Lake City, Utah in January 2006.

**DATE:** Comments in response to this notice must be provided in writing to NASA on or before June 8, 1998.

**ADDRESSES:** Comments in response to this FONSI should be addressed to Mr. Mark Dahl, NASA Headquarters, Code SD, 300 E Street SW, Washington, DC 20546. The Environmental Assessment (EA) prepared for the Stardust mission which supports this FONSI may be reviewed at:

**SUPPLEMENTARY INFORMATION:** NASA has reviewed the EA prepared for the Stardust mission and has determined that it represents an accurate and adequate analysis of the scope and level of associated environmental impacts. The EA is hereby incorporated by reference in this FONSI.

NASA is proposing to launch the Stardust mission, which would deliver a single spacecraft within 150 to 1000 kilometers (km) (93 to 620 miles [mi]) of the 81-P/Wild-2 comet nucleus during a flyby in 2004 to gather 1000 dust particles from the comet's coma. The proposed action calls for using a Delta II 7426 launch vehicle with a Star 37FM upper stage to inject the Stardust spacecraft into its initial heliocentric orbit in February 1999. The proposed mission design calls for the Stardust spacecraft to swing by Earth once during its seven-year tour. This gravity assist would allow the spacecraft to gain the additional energy required to intercept the comet Wild-2. During its flight, Stardust would transmit pictures of the Earth and Moon taken during the Earth swingby, transmit pictures of the comet nucleus and coma taken during comet encounter, nondestructively capture interstellar and cometary dust particles, and return these samples to Earth for study by the international scientific community. Neither the spacecraft nor the return canister would carry radioactive material.

The primary science objective for the Stardust mission is to non-destructively collect comet dust particles greater than 15 microns ( $\mu$ m) in size, at an encounter velocity of less than 6.5 km/second (s) (4 mi/s), and return them to Earth for scientific study.

Secondary and tertiary scientific objectives include the collection of intact particles from the Interstellar Dust Stream impinging into our solar system; provide multiple images of Wild-2, with ten times the resolution of any comet image to date, taken within 2000 km (1240 mi) of the comet nucleus; provide in-situ particulate analysis capable of resolving abundant elements in cometary fields for dust particulates during the coma fly-through; provide in-situ particulate analysis for interstellar dust particles and planetary dust; collect comet coma molecules and return them to Earth; provide dust flux
