#### SUPPLEMENTARY INFORMATION:

##### General Information

This solicitation is issued pursuant to the Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 1998 making appropriations for programs administered by USDA's Rural Business-Cooperative Service (RBS) for the fiscal year ending September 30, 1998. The Rural Business-Cooperative Service (RBS) was established by the Department of Agriculture Reorganization Act of 1994. The mission of RBS is to improve the quality of life in rural America by financing community facilities and businesses, providing technical assistance, and creating effective strategies for rural development. RBS has authority to enter into cooperative agreements pursuant to section 607(b)(4) of the Rural Development Act of 1972, as amended by section 759A of the Federal Agriculture Improvement and Reform Act of 1996.

The primary objective of this funding is to encourage research through cooperative agreements on critical issues vital to the development and sustainability of cooperatives as a means of improving the quality of life in America's rural communities. Among others, these issues include:

- (1) The appropriate role of cooperatives in fostering rural development;
- (2) The role of cooperatives in filling the farm income safety net "void" created by the reduction or elimination of price support programs;
- (3) The role of cooperatives in an increasingly global environment;
- (4) The role of cooperatives in highly integrated agricultural industries;
- (5) Effective structures and operations for agricultural bargaining associations;
- (6) The role of cooperatives in low-resource areas.
- (7) Barriers to small and new farmer membership in agricultural marketing cooperatives.

(8) Cooperation as a tool for small-farmer use of farmers markets.

(9) Models for shared or cooperatively-owned agricultural production inputs.

A Cooperative Agreement reflects a relationship between the United States Government and an eligible recipient where (1) the principal purpose of the relationship is the transfer of money, property, services, or anything of value to the eligible recipient to carry out research related to rural cooperatives; and (2) substantial involvement is anticipated between RBS acting for the United States Government, and the eligible recipient during the performance of the research in the agreement. Cooperative agreements are to be awarded on the basis of merit, quality, and relevance to advancing the purpose of federally supported rural development programs which increase economic opportunities in farming and rural communities.

To obtain an application kit containing instructions and all required forms, please contact Cooperative Services Program; USDA/RBS, at (202)690-0368 or FAX (202)690-2723. When calling Cooperative Services, please indicate that you are requesting an application kit for Fiscal Year 1998 (FY 1998) Research on Rural Cooperative Opportunities and Problems (RRCOP). The application kit may also be requested via Internet by sending a message with your name, mailing address (not E-mail) and phone number to "thomas.stafford@usda.gov" which requests an application kit for FY 1998 funding for research on rural cooperatives. The application kit will be mailed to you (not e-mailed or faxed) as quickly as possible.

#### Use of Funds

Funds may be used to pay up to 75 percent of the costs for carrying out relevant projects. Applicants' contribution may be in cash or in-kind contribution and must be from nonfederal funds. Funds may not be used to: (1) Pay more than 75 percent of relevant project or administrative costs; (2) pay costs of preparing the application package; (3) fund political activities; or (4) pay costs incurred prior to the effective date of the cooperative agreement. Indirect costs may not exceed current negotiated rates. If no rate has been negotiated, an indirect cost rate proposal must be submitted for approval.

#### Available Funds and Award Limitations

The amount of funds available for cooperative agreements in FY 1998 is

approximately \$1.9 million. Up to one-quarter of the total funds awarded will be allocated to research on nonagricultural cooperatives serving rural areas. Nonagricultural cooperatives include, but are not limited to housing, child care, health care, shared services, wholesale or retail consumer cooperatives, and credit unions. Agricultural cooperatives are grower-owned and controlled businesses which purchase farm inputs, market farm products, or provide other services to their members. The actual number of cooperative agreements funded will depend on the quality of proposals received and the amount of funding requested. Maximum amount of Federal funds awarded for any one proposal will be \$100,000. It is anticipated that a typical award would range from \$25,000 to \$50,000.

#### Eligible Applicants

Proposals may be submitted by public or private colleges or universities, research foundations maintained by a college or university, or private nonprofit organizations. Under the Lobbying Disclosure Act of 1995, an organization described in section 501(c)(4) of the Internal Revenue Code of 1986 (26 U.S.C. 501(c)(4)) which engages in lobbying activities, is not eligible to apply.

#### Methods for Evaluating and Ranking Applications

Applications will be evaluated by a panel of RBS technical experts. Applications will be evaluated competitively and points awarded as specified in the Evaluation Criteria and Weights section of this notice. After assigning points upon those criteria, applications will be listed in rank order and presented, along with funding level recommendations, to the Administrator of RBS, who will make the final decision on awarding of agreements. Applications will then be funded in rank order until all available funds have been expended.

RBS reserves the right to make selections out of rank order to provide for a geographic distribution of funded projects. With respect to any approved proposal, the amount of funding and the project period during which the project may be funded and will be completed, are subject to negotiation prior to finalization of the cooperative agreement.

#### Evaluation Criteria and Weights

RBS will initially determine whether the submitting organization is eligible and whether the application contains the information required by this notice.

Prior to technical examination, each proposal will be reviewed for responsiveness to the funding solicitation. Submissions which do not fall within the guidelines as stated in the solicitation will be eliminated from the competition and will be returned to the applicant.

After this initial screening, RBS will use the following criteria to rate and rank proposals received in response to this notice of funding availability. The maximum number of points is 100. Zero points on any criteria will disqualify the proposal.

- (1) Relevance: Focuses on an agricultural or nonagricultural cooperatives serving rural areas and demonstrates a clear relationship with the research topics contained in this notice (maximum 20 points);
- (2) Demonstrates potential to contribute innovative ideas or solutions to identified problems or issues (maximum 20 points);
- (3) Shows capacity for broad applicability in facilitating new or improved cooperative development or new or improved cooperative approaches (maximum 15 points);
- (4) Outlines a sound plan of work and appropriate methodology to accomplish the stated objective of the research (maximum 15 points);
- (5) Adequately documents the need for and clearly defines the objectives of the research (maximum 10 points);
- (6) Demonstrates cost effectiveness (maximum 10 points);
- (7) Identifies qualified resources and personnel, including a demonstrated track-record of similar research (maximum 10 points).

#### Deliverables

Upon completion of the project, recipients will deliver the results of the research to RBS, in the form of a document of publishable quality, accompanied by all applicable supporting data. Publishable documents include, but are not limited to, manuscripts, videotapes, or software, or other media, as may be identified in approved proposals.
