Security Zone; San Diego Bay

AGENCY: Coast Guard, DOT.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard proposes to modify and expand the geographical boundaries of the permanent security zone codified at 33 CFR 165.1105 as follows: on the waters along the northern shoreline of Naval Air Station North Island, the area enclosed by the following points: Beginning at a point located at 32°42'53.0" N, 117°11'45.0" W, thence running northerly to a point located at 32°42'55.5" N, 117°11'45.0" W, thence running easterly to a point located at 32°42'55.0" N, 117°11'30.5" W, thence running southeasterly to a point located at 32°42'50.5" N, 117°11'26.0" W, thence running northeasterly to a point located at 32°42'52.0" N, 117°11'24.5" W, thence running southeasterly to a point located at 32°42'43.5" N, 117°11'13.0" W, thence running southerly to a point located at 32°42'30.5" N, 117°11'18.0" W, thence running southeasterly to a point located at 32°42'21.0" N, 117°10'48.0" W, thence running southerly to a point located at 32°42'13.0" N, 117°10'51.0" W, thence running generally northwesterly along the shoreline of Naval Air Station North Island to the place of beginning. The perimeter of the security zone will continue to be marked and patrolled by United States Navy security patrol boats.

There were previously only two aircraft carriers homeported at Naval Air Station North Island; however, a third aircraft carrier has recently been designated to homeport at Naval Air Station North Island. The modification and expansion of this security zone is needed to accommodate the

homeporting of this third aircraft carrier at Naval Air Station North Island. Entry into, transit through, or anchoring within this security zone is prohibited unless authorized by the Captain of the Port.

The Coast Guard requests that all comments and attachments be submitted in an unbound format suitable for copying and electronic filing. If not practical, a second copy of any bound materials is requested. Persons wanting acknowledgment of receipt of comments should enclose a stamped, self-addressed postcard or envelope. The Coast Guard will consider all comments received during the comment period and may change this proposal in view of the comments.

No public hearing is planned, but one may be held if written requests for a hearing are received and it is determined that the opportunity to make oral presentations will aid in the rulemaking process. Persons may request a public hearing by writing to the address listed above in **ADDRESSES**. The request should include reasons why a hearing would be beneficial. If it determines that the opportunity for oral presentations will aid this rulemaking, the Coast Guard will hold a public hearing at a time and place announced by a later notice in the **Federal Register**.

Background and Purpose

This modification of 33 CFR 165.1105 is being proposed to accommodate the homeporting of a new aircraft carrier at Naval Air Station North Island. There were previously only two aircraft carriers homeported at Naval Air Station North Island; however, a third aircraft carrier has recently been designated to homeport at Naval Air Station North Island. The modification and expansion of this security zone is needed to accommodate the homeporting of this third aircraft carrier at Naval Air Station North Island.

The modification and expansion of this security zone will prevent recreational and commercial craft from interfering with military operations involving all naval vessels homeported at Naval Air Station North Island, and it will protect transiting recreational and commercial vessels, and their respective crews, from the navigational hazards posed by such military operations. Entry into, transit through, or anchoring within this security zone is prohibited unless authorized by the Captain of the Port.

Regulatory Evaluation

This regulation is not a significant regulatory action under section 3(f) of Executive Order 12866 and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. It has been exempted from review by the Office of Management and Budget under that Order. It is not significant under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040, February 26, 1979). The Coast Guard expects the economic impact of this proposal to be so minimal that a full Regulatory Evaluation under paragraph 10(e) of the regulatory policies and procedures of DOT is unnecessary. This proposal will have minimal additional impact on vessel traffic because it is only a slight modification and expansion of the existing security zone codified at 33 CFR 165.1105.

Small Entities

Under 5 U.S.C. 601 *et seq.*, the Coast Guard must consider whether this proposal would have significant impact on a substantial number of small entities. "Small entities" include independently owned and operated small businesses that are not dominant in their field and that otherwise qualify as "small business concerns" under section 3 of the Small Business Act (15 U.S.C. 632). The Coast Guard expects the economic impact of the proposal to be minimal on all entities. Because it

expects the impact of this proposal to be minimal, the Coast Guard certifies under 5 U.S.C. 605(b) that this proposal, if adopted, will not have a significant economic impact on a substantial number of small entities.

Collection of Information

This proposed regulation contains no collection of information requirements under the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*).

Federalism

The Coast Guard has analyzed this proposed regulation under the principles and criteria contained in Executive Order 12612 and has determined that this regulation does not have sufficient federalism implications to warrant the preparation of a Federalism Assessment.

Environmental Assessment

The Coast Guard has considered the environmental impact of this regulation and concluded that, under Figure 2-1, paragraph (34)(g), of Commandant Instruction M16475.1C, it will have no significant environmental impact and it is categorically excluded from further environmental documentation. A Categorical Exclusion Determination and Environmental Analysis Checklist will be available for inspection and copying in the docket to be maintained at the address listed in ADDRESSES.

Authority: 33 U.S.C. 1231; 50 U.S.C. 191; 33 CFR 1.05-1(g) 6.04-1, 6.04-6, and 160.5; 49 CFR 1.46.
