

funding to small entities, (2) to have significant secondary or incidental effects on a substantial number of small entities, or (3) to create any additional burden on small entities. FEMA has not prepared a regulatory flexibility analysis of this proposed rule.

Paperwork Reduction Act

This final rule does not contain a collection of information and therefore is not subject to the provisions of the Paperwork Reduction Act of 1995.

Congressional Review of Agency Rulemaking

This final rule has been submitted to the Congress and to the General Accounting Office under the Congressional Review of Agency Rulemaking Act, Pub. L. 104-121. The rule is not a "major rule" within the meaning of that Act. It is an administrative action in support of normal day-to-day activities. It does not result in nor is it likely to result in an annual effect on the economy of \$100,000,000 or more; it will not result in a major increase in costs or prices for consumers, individual industries, Federal, State, or local government agencies, or geographic regions; and it will not have "significant adverse effects" on competition, employment, investment, productivity, innovation, or on the ability of United States-based enterprises to compete with foreign-based enterprises.

This final rule is exempt (1) from the requirements of the Regulatory Flexibility Act, and (2) from the Paperwork Reduction Act. The rule is not an unfunded Federal mandate within the meaning of the Unfunded Mandates Reform Act of 1995, Pub.L. 104-4. It does not meet the \$100,000,000 threshold of that Act, and any enforceable duties are imposed as a condition of Federal assistance or a duty arising from participation in a voluntary Federal program.

§ 65.16 Standard Flood Hazard Determination Form and Instructions.

(a) Section 528 of the National Flood Insurance Reform Act of 1994 (42 U.S.C. 1365(a)) directs FEMA to develop a standard form for determining, in the case of a loan secured by improved real estate or a mobile home, whether the building or mobile home is located in an area identified by the Director as an area having special flood hazards and in which flood insurance under this title is available. The purpose of the form is to determine whether a building or mobile home is located within an identified Special Flood Hazard Area (SFHA), whether flood insurance is required, and whether federal flood insurance is available. Use of this form will ensure that required flood insurance coverage is purchased for structures located in an SFHA, and will assist federal entities for lending regulation in assuring compliance with these purchase requirements.

(b) The form is available by written request to Federal Emergency Management Agency, PO Box 2012, Jessup, MD 20794; ask for the Standard Flood Hazard Determination form. It is also available by fax-on-demand; call (202) 646-3362, form # 23103. Finally, the form is available through the Internet at <http://www.fema.gov/nfip/mpurfi.htm>.

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 73

[MM Docket No. 97-185; RM-9080, RM-9197]

Radio Broadcasting Services; Vergennes, VT, Willsboro and Malone, NY

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: The Commission, at the request of Watertown Radio Associates, reallocates Channel 244A from Vergennes,

Vermont, to Willsboro, New York, and modifies Station WXPS(FM)'s license accordingly. See 62 FR 45784, August 29, 1997. In response to a counterproposal filed by Cartier Communications, the Commission substitutes Channel 243C3 for Channel 243A at Malone, New York, and modifies the license of Station WVNV(FM) to reflect the higher powered channel. Both channels can be allotted in compliance with the Commission's minimum distance separation requirements. Channel 244A can be allotted to Willsboro with a site restriction of 5.2 kilometers (3.2 miles) southeast at coordinates 44-19-20 NL and 73-21-00 WL. Channel 243C3 can be allotted with a site restriction of 16.0 kilometers (10.0 miles) northeast at coordinates 44-54-40 NL and 74-06-40 WL. Since both allotments create short-spacing conflicts to Canadian stations, we have obtained Canadian approval for Channel 244A at Willsboro and Channel 243C3 at Malone as specially negotiated short-spaced allotments. With this action, this proceeding is terminated.

EFFECTIVE DATE: June 29, 1998.
