DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-4341-N-11]

Federal Property Suitable as Facilities to Assist the Homeless

AGENCY: Office of the Assistant Secretary for Community Planning and Development, HUD.

ACTION: Notice.

SUMMARY: This Notice identifies unutilized, underutilized, excess, and surplus Federal property reviewed by HUD for suitability for possible use to assist the homeless.

FOR FURTHER INFORMATION CONTACT: Mark Johnston, room 7256, Department of Housing and Urban Development, 451 Seventh Street SW., Washington, DC 20410; telephone (202) 708-1226; TTY number for the hearing and speech-impaired (202) 708-2565 (these telephone numbers are not toll-free), or call the toll-free Title V information line at 1-800-927-7588.

SUPPLEMENTARY INFORMATION: In accordance with 24 CFR part 581 and section 501 of the Stewart B. McKinney Homeless Assistance Act (42 U.S.C. 11411), as amended, HUD is publishing this Notice to identify Federal buildings and other real property that HUD has reviewed for suitability for use to assist the homeless. The properties were reviewed using information provided to HUD by Federal landholding agencies regarding unutilized and underutilized buildings and real property controlled by such agencies or by GSA regarding its inventory of excess or surplus Federal property. This Notice is also published in order to comply with the December 12, 1988 Court Order in *National Coalition for the Homeless v. Veterans Administration*, No. 88-2503-OG (D.D.C.).

Properties reviewed are listed in this Notice according to the following

categories: Suitable/available, suitable/unavailable, suitable/to be excess, and unsuitable. The properties listed in the three suitable categories have been reviewed by the landholding agencies, and each agency has transmitted to HUD: (1) Its intention to make the property available for use to assist the homeless, (2) its intention to declare the property excess to the agency's needs, or (3) a statement of the reasons that the property cannot be declared excess or made available for use as facilities to assist the homeless.

Properties listed as suitable/available will be available exclusively for homeless use for a period of 60 days from the date of this Notice. Homeless assistance providers interested in any such property should send a written expression of interest to HHS, addressed to Brian Rooney, Division of Property Management, Program Support Center, HHS, room 5B-41, 5600 Fishers Lane, Rockville, MD 20857; (301) 443-2265. (This is not a toll-free number.) HHS will mail to the interested provider an application packet, which will include instructions for completing the application. In order to maximize the opportunity to utilize a suitable property, providers should submit their written expressions of interest as soon as possible. For complete details concerning the processing of applications, the reader is encouraged to refer to the interim rule governing this program, 24 CFR part 581.

For properties listed as suitable/to be excess, that property may, if subsequently accepted as excess by GSA, be made available for use by the homeless in accordance with applicable law, subject to screening for other Federal use. At the appropriate time, HUD will publish the property in a Notice showing it as either suitable/available or suitable/unavailable.

For properties listed as suitable/unavailable, the landholding agency has decided that the property cannot be declared excess or made available for use to assist the homeless, and the property will not be available.

Properties listed as unsuitable will not be made available for any other purpose for 20 days from the date of this Notice. Homeless assistance providers interested in a review by HUD of the determination of unsuitability should call the toll free information line at 1-800-927-7588 for detailed instructions or write a letter to Mark Johnston at the address listed at the beginning of this Notice. Included in the request for review should be the property address (including zip code), the date of publication in the **Federal Register**, the

landholding agency, and the property number.

Central Utah Project Completion Act

Notice of Availability of the Record of Decision on the Provo River Restoration Project Final Environmental Impact Statement documenting the Department of Interior's approval for the Utah Reclamation Mitigation and Conservation Commission to proceed with the construction of the Proposed Action Alternative.

AGENCY: Office of the Assistant Secretary—Water and Science, Department of the Interior.

ACTION: Notice of availability of the Provo River Restoration Project Record of Decision.

SUMMARY: On April 1, 1998, Patricia J. Beneke, Assistant Secretary—Water and Science, Department of the Interior, signed the Record of Decision (ROD) which documents the selection of the Proposed Action Alternative (Riverine Habitat Restoration Alternative) as presented in the Provo River Restoration Project Final Environmental Impact Statement (FEIS), MC FES 97-01, filed December 23, 1997. The ROD approves the Utah Reclamation Mitigation and Conservation Commission (Mitigation Commission) proceeding with construction of the Provo River Restoration Project (PRRP) and authorizes Department of the Interior agencies to assist the Mitigation Commission with this project. The Department of the Interior and the Mitigation Commission served as the Joint Lead Agencies in the preparation of the NEPA compliance documents.

The FEIS for the PRRP considered three action alternatives (including the Proposed Action), as well as the No Action Alternative, for river restoration. The Assistant Secretary determined that the Proposed Action Alternative provides the greatest amount of mitigation and enhancement benefit among all alternatives considered.

Construction of the PRRP will restore a more natural stream channel along about 10 miles of the Provo River between Jordanelle Dam and Deer Creek Reservoir through the Heber Valley in Wasatch County, Utah. The project will fulfill Interior's environmental commitments made in the U.S. Bureau of Reclamation's 1987 Final Supplement to the Final Environmental Impact Statement, Municipal and Industrial System of the Bonneville Unit, Central Utah Project (INT FES 87-8). These commitments are now binding upon the

Mitigation Commission. The selected alternative will fulfill the environmental commitments by: acquiring lands in public ownership along the Provo River thereby increasing public access for angling and other low impact recreation, restoring aquatic habitats to increase game fish populations, eliminating fish migration barriers and aquatic habitat impacts currently associated with operating irrigation diversion facilities, and providing public management of newly acquired lands to maximize public recreation benefits.

During preparation of the FEIS, the Mitigation Commission consulted formally on listed species with the U.S. Fish and Wildlife Service (FWS) under section 7 of the Endangered Species Act (16 U.S.C.A. Sections 1531 to 1544, as amended). In a letter dated December 10, 1997, the FWS indicated that the Proposed Action Alternative selected by this ROD is not likely to adversely affect listed or proposed species or designated or proposed critical habitats. Interior and the Mitigation Commission will continue to consult with FWS prior to and during construction to avoid actions that may affect proposed or listed species, or their proposed or designated critical habitat.
