STORAGE:

RETRIEVABILITY:

Retrieval from the system is by name or social security number and can be accessed by employees in pay and

personnel offices and other pay and personnel employees located elsewhere who have a need for the record in the performance of their duties.

SAFEGUARDS:

Computers provide privacy and access limitations by requiring a user name and password match. Access to decentralized segments are similarly controlled. Only those personnel with a need to have access to the system are given user names and passwords. The magnetic tape backups have limited access in that users must justify the need and obtain tape numbers and volume identifiers from a central source before they are provided data tapes. Paper record and microfilm records are in limited access areas in locking storage cabinets.

RETENTION AND DISPOSAL:

Leave and Earnings Statements, and pay records are microfilmed and retained on site four years, then archived at the Federal Record Center, and destroyed when 50 years old. The official copy of the personnel record is maintained in the Official Officer Service Records, DOT/CG 626 for active duty officers, the Enlisted Personnel Record System, DOT/CG 629 for active duty enlisted personnel or the Official Coast Guard Reserve Service Record, OST/CG 576 for inactive duty reservists. Duplicate magnetic copies of the pay and personnel record are retained at an off site facility for a useful life of seven years. Paper records for waivers and remissions are retained on site six years three months after the determination and then destroyed. Paper records to determine legal sufficiency for garnishment are retained on site six years three months after the member separates from the service or the garnishment is terminated and then destroyed.
