### National Institute of Standards and Technology

#### Manufacturing Extension Partnership National Advisory Board

**AGENCY:** National Institute of Standards and Technology, Department of Commerce.

**ACTION:** Notice of open meeting.

**SUMMARY:** Pursuant to the Federal Advisory Committee Act, 5 U.S.C. app. 2, notice is hereby given that the Manufacturing Extension Partnership (MEP) National Advisory Board, National Institute of Standards and Technology (NIST), will meet to hold a

meeting on Thursday, May 28, 1998. The Manufacturing Extension Partnership National Advisory Board is composed of 9 members appointed by the Director of NIST who were selected for their expertise in the area of industrial extension and their work on behalf of smaller manufacturers. The Board was set up under the direction of the Director of the National Institute of Standards and Technology to fill a need for outside input and advice for MEP, a unique program consisting of centers in all 50 states and Puerto Rico which are created by a state, federal and local partnership. The Board works closely with the Manufacturing Extension Partnership to provide input and advice on MEP's programs, plans and policies. The purpose of this meeting is to delve into areas the Board selected at the previous meeting. On May 28, 1998, the agenda for the meeting of the Board will include an MEP overview, program impacts as a result of the federal investment, the importance of center assessments on companies, and the status of system-wide programs and services.

**DATES:** The meeting will convene on May 28, 1998 at 8:30 p.m. and will adjourn at 4:00 p.m.

**ADDRESSES:** the meeting will be held in Building 101, Lecture Room A (seating capacity 50, includes 15 participants), at NIST, Gaithersburg, Maryland.

**SUPPLEMENTARY INFORMATION:** MEP services to smaller manufacturers address the needs of the national market as well as the unique needs of each company. Since MEP is committed to providing this type of individualized service through its centers, the program requires the perspective of locally-based experts to be incorporated into its national plans. The MEP National Advisory Board was set up at the direction of the Director of the National Institute of Standards and Technology to maintain MEP's focus on local and market based needs. The MEP National Advisory Board was approved on October 24, 1996, in accordance with the Federal Advisory Committee Act, 5 U.S.C. app. 2., to provide advice on MEP programs, plans, and policies; assess soundness of MEP plans and strategies; assess current performance against MEP program plans, and function in an advisory capacity. The Board will meet three times a year and reports to the Director of NIST. This will

be the second meeting of the members in 1998.

**FOR FURTHER INFORMATION CONTACT:** Linda Acierto, Assistant to the Director for Policy, Manufacturing Extension Partnership, National Institute of Standards and Technology, Gaithersburg, MD 20899, telephone number (301) 975-5033.

Dated: May 20, 1998.

### Office of the Secretary

#### Establishment of the Threat Reduction Advisory Committee (TRAC)

**ACTION:** Notice of Establishment.

**SUMMARY:** That Threat Reduction Advisory is being established in consonance with the public interest and in accordance with the provisions of Pub. L. 92-463, the "Federal Advisory Committee Act," Title 5 U.S.C., Appendix 2.

This advisory committee will provide advice and recommendations to the Secretary of Defense and Deputy Secretary of Defense regarding the Defense Reform Initiative directed formation of the Defense Threat Reduction Agency (DTRA). DTRA will be a consolidation of the Defense Special Weapons Agency, the On-Site Inspection Agency, the Defense Technical Security Agency and selected elements from the Office of the Secretary of Defense. Once this agency is established, the TRAC will advise the Director, DTRA with respect to Technology Security, Counterproliferation, Chemical and Biological Defense, Sustainment of the Nuclear Weapons Stockpile and other matters related to the new agency's mission.

The TRAC will consist of a balanced membership of approximately eighteen noted technical and defense security experts from outside the federal government with varied experience and diverse interests, appointment by the Secretary of Defense.

### Department of the Army

#### Record of Decision on the Final Environmental Impact Statement (FEIS) on the Disposal and Reuse of the Seneca Army Depot Activity, New York

**AGENCY:** Department of the Army, DoD.

**ACTION:** Notice of availability.

**SUMMARY:** The Department of the Army announces its Record of Decision (ROD) on the Final Environmental Impact Statement (FEIS) for the disposal and reuse of the 10,594 acres comprising the Seneca Army Depot Activity (SEDA), in accordance with the Defense Base Closure and Realignment Act of 1990, Public Law 101-510, as amended. The establishment of an enclave as directed by the BRAC Commission would require the Army's retention of 30 acres to be used for storage of hazardous materials and ores.

In the ROD, the Army concludes that the FEIS adequately addresses the impacts of property disposal and documents its decision to transfer the property as encumbered. The ROD concludes that the surplus property will be conveyed subject to restrictions, identified in the FEIS, that relate to the following: historical resources, remedial activities, access easement, wetlands, groundwater use, lead-based paint, asbestos-containing material, easements and rights-of-way, and unexploded ordnance. The Army will impose deed restrictions or other requirements to ensure safety and protection of human health and the environment. The Army has taken all practicable measures to avoid or minimize environmental harm associated with its preferred alternative of encumbered property disposal. The Army will continue to work with individual future owners to avoid, reduce, or compensate for adverse impacts that might occur as a result of disposal. Mitigation measures for reuse activities are identified in the FEIS.

**ADDRESSES:** A copy of the ROD may be obtained by writing to Ms. Shirley Barnett, U.S. Army Materiel Command, ATTN: AMCSO, 5001 Eisenhower Avenue, Alexandria, VA 22333-0001 or by calling (703) 617-8172. Copies of the

Final EIS may be obtained by writing to Mr. Hugh McClellan, Corps of Engineers, Mobile District, ATTN: SAMPD, PO Box 2288, Mobile, Alabama 36628-0001 or by facsimile at (334) 690-2605.

**SUPPLEMENTARY INFORMATION:** Under the Act, the Secretary of the Army has been delegated the authority to dispose of excess real property and facilities located at a military installation being closed or realigned. The Army is required to comply with the National Environmental Policy Act during the process of property disposal and must prepare appropriate analyses of the impacts of disposal and, indirectly, of reuse of the property on the environment. The ROD and the FEIS satisfy requirements of the law to examine the environmental impacts of disposal and reuse of the Seneca Army Depot Activity.

Dated: May 19, 1998.
