[Docket No. RP98-216-000]

Northwest Pipeline Corporation; Notice of Petition for Declaratory Order

May 19, 1998.

Take notice that on May 8, 1998, pursuant to Rule 207(a)(2) of the Commission's Rules of Practice and Procedure (18 CFR 207(a)(2)), Northwest Pipeline Corporation (Northwest) tendered for filing a petition for a declaratory order.

Northwest requests the Commission to assist Northwest in determining the appropriate final confirmed volume between Northwest and PG&E Gas Transmission-Northwest (GT-NW) at the points of their interconnection. Northwest argues that because currently effective GISB standards do not specifically address pipeline to pipeline communication and confirmation

standards, Northwest seeks the Commission's assistance in resolving the dispute between Northwest and GT-NW.

Northwest respectfully requests the Commission to provide guidance concerning how final confirmed volumes should be determined. Northwest submits that for the locked-in period from August 1997 until the implementation of Order No. 587-G, GT-NW should be directed to recognize Northwest's "Evening Confirmation" as the start of gas day confirmation. Implementation of Order No. 587-G, supported by Northwest regarding this issue, will eliminate future confirmation disputes between Northwest and GT-NW.

Northwest argues that because of the significance of this issue, and the fact that timing issues affect pipelines throughout the country, Northwest submits that it is appropriate for the Commission to determine how this issue should be resolved in light of GISB standards, rather than leaving the parties to construe individual operating and balancing agreement terms.

Northwest states that copies of the filing has been served upon all jurisdictional customers and affected state commissioners.

Any person desiring to be heard or to protest this filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.214 and 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed on or before June 8, 1998. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.
