Information is submitted to HUD to assure compliance with the Act and the implementing regulations.

The registration is subject to an examination to assure compliance with the law and the implementing regulations as set forth at 24 CFR 1700 through 1730.

Consumers are provided the protection of the antifraud provisions of the Act and, in the case of registered subdivisions, a Property Report which provides them with the information essential to the process of making an informed decision about their possible purchase of a lot.
