DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

Office of the Assistant Secretary for Community Planning and Development

[Docket No. FR-4289-N-02]

Funding for Fiscal Year 1997: Capacity Building for Community Development and Affordable Housing; Revision

AGENCY: Office of the Assistant Secretary for Community Planning and Development, HUD.

ACTION: Notice of funding for fiscal year 1997; revision.

SUMMARY: The Department recently published a notice of funding, which provided \$30.2 million assistance through The Enterprise Foundation, the Local Initiatives Support Corporation (LISC), Habitat for Humanity, and Youthbuild, USA. The funds are to be used for capacity building for community development and affordable housing. Among other requirements, each dollar of these funds must be matched by three dollars in cash or in-kind contributions to be obtained from private sources.

Today's notice revises policies concerning matching requirements and related administrative requirements. These revisions are intended to limit HUD environmental review to only those projects that are assisted with Federal funds.

FOR FURTHER INFORMATION CONTACT: Penelope G. McCormack, Office of Community Planning and Development, Department of Housing and Urban Development, 451 Seventh Street, SW, Room 7216, Washington DC 20410. Telephone Number (202) 708-3176 Ext. 4391, TTY Number: (202) 708-2565. (These are not toll-free numbers.)

SUPPLEMENTARY INFORMATION: On January 30, 1998, at 63 FR 5220, the Department published a notice that set out the requirements for the \$30.2 million of funding under the National Community Development Initiative through The Enterprise Foundation, the Local Initiatives Support Corporation (LISC), Habitat for Humanity, and Youthbuild, USA.

This revised policy eliminates the requirement that the grantees specify in their work and funding plans when and how the non-federal matching resources will be used. The revision also makes clear that these non-federal matching resources must still be used for eligible activities and that performance reports must include reports on the commitment and expenditure of private matching resources utilized through the end of the reporting period.

These changes are intended to reduce burdens on the grantees by ensuring that HUD environmental review requirements are triggered only when the project involves the use of Federal funds.

To effect these changes, section 1., Matching Requirements, and section 2., Administrative and Other Requirements, of today's notice apply in place of section 5., Matching Requirements, and section 6., Administrative and Other Requirements, of the January 30, 1998 notice (63 FR 5220). All other provisions of the January 30, 1998 notice continue to apply.

To assist the user, this notice contains the complete sections on matching requirements and on administrative and other requirements rather than just the revised paragraphs.

1. Matching Requirements

As required by section 4 of the 1993 Act, this \$30.2 million appropriation is subject to each award dollar being matched by three dollars in cash or in-kind contributions to be obtained from private sources. Each of the organizations receiving these funds will document its proportionate share of matching resources, including resources committed directly or by a third party to a grantee or subgrantee after June 12, 1997 to conduct eligible activities.

In-kind contributions shall conform to the requirements of 24 CFR 84.23.

2. Administrative and Other Requirements

The award will be governed by 24 CFR part 84 (Uniform Administrative Requirements), A-122 (Cost Principles for Nonprofit Organizations), and A-133 (Audits of Institutions of Higher Education and other Nonprofit Institutions) as implemented at 24 CFR part 45.

Other requirements will be detailed in the terms and conditions of the grant agreement provided to grantees, including the following:

(a) Each grantee will submit to HUD a specific work and funding plan for each community showing when and how the federal funds will be used. The

work plan must be sufficiently detailed for monitoring purposes and must identify the performance goals and objectives to be achieved. Within 30 days after submission of a specific work plan, HUD will approve the work plan or notify the grantee of matters which need to be addressed prior to approval, or the work plan shall be construed to be approved. Work plans may be developed for less than the full dollar amount and term of the award, but no HUD-funded costs may be incurred for any activity until the work plan is approved by HUD. All activities are also subject to the environmental requirements in paragraph 6.(f) of this notice.

(b) The grantees shall submit to HUD an annual performance report due 90 days after the end of each calendar year, with the first report due on March 31, 1999. Performance reports shall include reports on both performance and financial progress under work plans and shall include reports on the commitment and expenditure of private matching resources utilized through the end of the reporting period. Reports shall conform to the reporting requirements of 24 CFR part 84. Additional information or increased frequency of reporting, not to exceed twice a year, may be required by HUD any time during the grant agreement if HUD finds such reporting to be necessary for monitoring purposes.

To further the consultation process and share the results of progress to date, the Secretary may require grantees to present and discuss their performance reports at annual meetings in Washington, DC during the life of the award.

(c) The performance reports must contain the information required under 24 CFR part 84, including a comparison of actual accomplishments with the objectives and performance goals of the work plans. In the work plans each grantee will identify performance goals and objectives established for each community in which it proposes to work and appropriate measurements under the work plan such as: the number of housing units and facilities each CDC/CHDO produces annually during the grant period and the average cost of these units. Provided, however, that when the activity described in a work plan is not to be undertaken in a single community that a report indicating the areas in which the activity will be undertaken, along with appropriate goals and objectives, will be provided when that information is available. The performance reports will also include a discussion of the reasonableness of the unit costs; the

reasons for slippage if established objectives and goals are not met; and additional pertinent information.

(d) A final performance report, in the form described in paragraph (c) above, shall be provided to HUD by each grantee within 90 days after the completion date of the award.

(e) Financial status reports (SF-269A) shall be submitted semiannually.

(f) Environmental review. Individual projects to be funded by these grants may not be known at the time the overall grants are awarded and also may not be known when some of the individual subgrants are made. Therefore, in accordance with 24 CFR 50.3(h), the application and the grant agreement must provide that no commitment or expenditure of HUD or local funds to a HUD-assisted project may be made until HUD has completed an environmental review to the extent required under applicable regulations and has given notification of its approval in accordance with 24 CFR 50.3(h).

Specifically, this notice makes funds available through specific entities for specific activities, as required by statute, and does not impinge upon the relationships between the Federal government, and State and local governments.

SUPPLEMENTARY INFORMATION: In accordance with 24 CFR part 581 and section 501 of the Stewart B. McKinney Homeless Assistance Act (42 U.S.C. 11411), as amended, HUD is publishing this Notice to identify Federal buildings and other real property that HUD has reviewed for suitability for use to assist the homeless. The properties were reviewed using information provided to HUD by Federal landholding agencies regarding unutilized and underutilized buildings and real property controlled by such agencies or by GSA regarding its inventory of excess or surplus Federal property. This Notice is also published in order to comply with the December 12, 1988 Court Order in *National Coalition for the Homeless versus Veterans Administration*, No. 88-2503-OG (D.D.C.).

Properties reviewed are listed in this Notice according to the following categories: Suitable/available, suitable/unavailable, suitable/to be excess, and unsuitable. The properties listed in the three suitable categories have been reviewed by the landholding agencies, and each agency has transmitted to HUD: (1) Its intention to make the property available for use to assist the homeless, (2) its intention to declare the property excess to the agency's needs, or

(3) a statement of the reasons that the property cannot be declared excess or made available for use as facilities to assist the homeless.

Properties listed as suitable/available will be available exclusively for homeless use for a period of 60 days from the date of this Notice. Homeless assistance providers interested in any such property should send a written expression of interest to HHS, addressed to Brian Rooney, Division of Property Management, Program Support Center, HHS, room 5B-41, 5600 Fishers Lane, Rockville, MD 20857; (301) 443-2265. (This is not a toll-free number.) HHS will mail to the interested provider an application packet, which will include instructions for completing the application. In order to maximize the opportunity to utilize a suitable property, providers should submit their written expressions of interest as soon as possible. For complete details concerning the processing of applications, the reader is encouraged to refer to the interim rule governing this program, 24 CFR part 581.

For properties listed as suitable/to be excess, that property may, if subsequently accepted as excess by GSA, be made available for use by the homeless in accordance with applicable law, subject to screening for other Federal use. At the appropriate time, HUD will publish the property in a Notice showing it as either suitable/available or suitable/unavailable.

For properties listed as suitable/unavailable, the landholding agency has decided that the property cannot be declared excess or made available for use to assist the homeless, and the property will not be available.

Properties listed as unsuitable will not be made available for any other purpose for 20 days from the date of this Notice. Homeless assistance providers interested in a review by HUD of the determination of unsuitability should call the toll free information line at 1-800-927-7588 for detailed instructions or write a letter to Mark Johnston at the address listed at the beginning of this Notice. Included in the request for review should be the property address (including zip code), the date of publication in the **Federal Register**, the landholding agency, and the property number.
