General description of report: This information collection is mandatory (12 U.S.C. 1844(b) and (c)). Confidential treatment is not routinely given to the information in this report. However, confidential treatment for the report information can be requested, in whole or part, in accordance with the instructions to the form.

Abstract: The annual FR Y-6 report provides structure information that includes an organizational chart and information about shareholders that meet certain criteria as well as information on the identity, percentage ownership, and business interests of principal shareholders, directors, and executive officers. The report enables the Federal Reserve to monitor bank holding company operations and to ensure that the operations are conducted in a safe and sound manner and are in compliance with the provisions of the Bank Holding Company Act and Regulation Y (12 C.F.R. 225).

On March 2, 1998, the Board issued for public comment proposed revisions to the FR Y-6 report (63 FR 10224). The comment period expired on May 1, 1998. The Board proposed to revise the reporting requirements of the item providing information on directors and officers (report item 4) to eliminate the reporting of the number of voting securities owned, controlled or held with the power to vote by principal shareholders, officers, directors or other individuals in the bank holding company exercising similar functions. Respondents would still be required to disclose the percentage of each class of voting securities owned, controlled or held with the power to vote by such individuals. Board staff also propose to add lines to the report cover page and the supplemental cover page to disclose holding company physical locations, and to add an appendix to provide an example of an accurately completed FR Y-6 to assist respondents in completing this free-form report.

The Board received comment letters from five consulting firms. Each commenter objected to the proposed revision to eliminate the reporting of the number of voting securities owned, controlled or held with the power to vote by principal shareholders, officers, directors or other individuals in the bank holding companies exercising

similar functions. The commenters generally stated that this information provides a measure of an officer or a director's commitment to the safety and soundness of the holding company.

Board staff contacted commenters and discovered that they did not realize that respondents will still be required to disclose the percentage of each class of voting securities owned, controlled or held with the power to vote by such individuals. The commenters indicated that continued collection of this item addresses their concerns. The Board believes that the requirement to only provide the percentage of voting shares held will still provide the Federal Reserve with adequate regulatory information. The Board approved the information collection as initially proposed.

Board of Governors of the Federal Reserve System, May 29, 1998.

Jennifer J. Johnson,

Deputy Secretary of the Board.

GENERAL SERVICES ADMINISTRATION

Federal Supply Service; Elimination of Move Management Services Provisions From, and Revisions to the General Transportation Provisions of, the General Services Administration's (GSA's) Centralized Household Goods Traffic Management Program (CHAMP)

AGENCY: Federal Supply Service, GSA.

ACTION: Notice of proposed program changes for comment.

SUMMARY: On December 4, 1997, GSA published for comment in the **Federal Register** (62 FR 64225) a notice of proposed changes to the 1997 Household Goods Tender of Service (HTOS) providing for licensed broker and direct move management services provider participation in CHAMP. After having carefully considered the comments provided and weighed potential ramifications of the new provisions, we have decided not to implement the provisions published on December 4th. Instead, we are eliminating move management services provisions from the HTOS and including under its general transportation provisions those activities currently defined as move management services that are inherent in a carrier's daily operations. The HTOS will be revised accordingly and published for comment in a forthcoming **Federal Register** notice with a planned

effective date coinciding with expiration of the current rates on October 31, 1998.

Federal agencies will have the opportunity to obtain broker services through the Governmentwide Employee Relocation Services Schedule. Under this proposed procurement approach, brokers will be restricted to using carriers participating in GSA's HTOS program. To ensure that a carrier which transports a brokered shipment is fairly compensated for its services, we are proposing that carriers have the opportunity to file a brokered shipment rate in addition to the general transportation rate under GSA's next Request For Offers.

DATES: Please submit your comments by August 3, 1998.

ADDRESSES: Mail comments to the Travel and Transportation Management Division (FBX), General Services Administration, Washington, DC 20406, Attn: **Federal Register** Notice. GSA will consider your comments prior to finalizing the revised HTOS provisions.
