

The Department will publish a notice of the final results of the administrative review, including its analysis of issues raised in any such written briefs or at a hearing, if held, not later than 120 days after the date of publication of this notice.

The Department shall determine and the Customs Service shall assess antidumping duties on all appropriate entries. The Department will issue appropriate appraisal instructions directly to the Customs Service upon completion of this review. The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by this review and for future deposits of estimated duties. For duty assessment purposes, we calculated an importer-specific assessment rate by aggregating the dumping margins calculated for all U.S. sales to each importer and dividing this amount by the total entered value of subject merchandise entered during the POR for each importer.

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(1) of the Act: (1) The cash deposit rate for Ta Chen will be the rate established in the final results of this administrative review; (2) for merchandise exported by manufacturers or exporters not covered in these reviews but covered in a previous segment of this proceeding, the cash deposit rate will be the company-specific rate published for the most recent segment; (3) if the exporter is not a firm covered in this review, a prior review, or the LTFV investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) if neither the exporter nor the manufacturer is a firm covered in this or any prior review, the cash deposit rate will be 51.01 percent, the "all others" rate established in the LTFV investigation. These deposit requirements, when imposed, shall remain in effect until publication of the final results of the next administrative review.

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 353.26 to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement

could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties. This determination is issued and published in accordance with section 751(a)(1) of the Act (19 U.S.C. 1675(a)(1)) and 19 CFR 353.22(c)(5).

Dated: June 1, 1998.

Assistant Secretary for Import  
Administration.

#### Foreign Fishing Vessel Identification Requirements

**ACTION:** Proposed collection; comment request.

**SUMMARY:** The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995, Public Law 104-13 (44 U.S.C. 3506(c)(2)(A)).

**DATES:** Written comments must be submitted on or before August 4, 1998.

**ADDRESSES:** Direct all written comments to Linda Engelmeier, Departmental Forms Clearance Officer, Department of Commerce, Room 5327, 14th and Constitution Avenue, NW, Washington DC 20230.

**FOR FURTHER INFORMATION CONTACT:** Requests for additional information or copies of the information collection instrument(s) and instructions should be directed to Bob Dickinson, Office of Sustainable Fisheries, International Fisheries Division, 1315 East West Highway, Silver Spring, Maryland 20910, (301) 713-2337.

#### SUPPLEMENTARY INFORMATION:

##### I. Abstract

Under provisions of the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1801 *et seq.*), NOAA is responsible for management of the Nation's marine fisheries. As part of its efforts to enforce fishery regulations, NOAA has included in some of those regulations requirements that fishing vessels display vessel identification in a

specific way. The display of vessel identification assists law enforcement officials in monitoring fishing and other activities and to ascertain whether the vessel is participating in activities authorized for that vessel.

NOAA has previously received Paperwork Reduction Act clearance for all of its vessel identification requirements under one Office of Management and Budget (OMB) control number, 0648-0306, but for internal management reasons NOAA intends that future clearances will be obtained on a regional or fishery basis. This notice is for requirements imposed on foreign fishing vessels authorized to conduct fishing activities in U.S. waters under Section 204 of the Magnuson-Stevens Act.

##### II. Method of Collection

Each foreign fishing vessel assigned an international radio call sign must display that call sign in a specified size on the port and starboard sides of the deckhouse and on a weather deck.

#### SUPPLEMENTARY INFORMATION:

##### I. Abstract

The Magnuson-Stevens Fishery Conservation and Management Act authorizes the establishment of Regional Fishery Management Councils to exercise sound judgment in the stewardship of fishery resources through the preparation, monitoring, and revision of such plans under circumstances (a) which will enable the States, the fishing industry, consumer and environmental organizations, and other interested persons to participate in, and advise on, the establishment and administration of such plans, and (b) which take into account the social and economic needs of the States. Section 302(j) of the Act, requires that Council members and Executive Directors disclose their financial interests in any

harvesting, processing, or marketing activity that is being, or will be, undertaken within any fishery over which the Council concerned has jurisdiction.

A member required to disclose a financial interest shall not vote on a Council decision which would have a significant and predictable effect on such financial interest. A Council decision shall be considered to have a significant and predictable effect on a financial interest if there is a close causal link between the Council decision and an expected and substantially disproportionate benefit to the financial interest of the affected individual relative to the financial interest of other participants in the same gear type or sector of the fishery. An affected individual who may not vote may participate in Council deliberations relating to the decision after notifying the Council of the voting recusal and identifying the financial interest that would be affected.

##### II. Method of Collection

The disclosure of financial interest and recusal of a nominee by the Governor of a State shall be made before appointment by the Secretary. Members appointed by the Secretary must make disclosure within 45 days of taking office. Members must update his/her disclosure form at any time any such financial interest is acquired or substantially changed.
