

leasing under the mineral leasing laws and disposals under the mineral material disposal laws. For a period of 45 days from the date of publication of this notice in the **Federal Register**, interested parties may submit comments regarding the proposed Conveyance for classification of the lands to the District Manager, Ely District, HC33, Box 33500, Ely, Nevada 89301.

Classification Comments

Interested parties may submit comments involving the suitability of the land for a solid waste disposal facility. Comments on the classification are restricted to whether the land is physically suited for the proposal, whether the use will maximize the future use or uses of the land, whether the use is consistent with local planning and zoning, or if the use is consistent with State and Federal programs.

Application Comments

Interested parties may submit comments regarding the specific use proposed in the application and plan of development, whether the BLM followed proper administrative procedures in reaching the decision, or any other factor not directly related to the suitability of the land for a solid waste disposal site.

Comments received on the classification will be answered by the State Director with the right to further comment to the Secretary. Comments on the application will be answered by the State Director with the right to appeal to the IBLA. In the absence of any adverse comments, the classification of the land described in this Notice will become effective 60 days from the date of publication in the **Federal Register**. The lands will not be offered for Conveyance until after the classification becomes effective.

Dated: June 9, 1998.

Gene A. Kolkman,
District Manager, Ely, NV.

BILLING CODE 4310-HC-P

DEPARTMENT OF THE INTERIOR

National Park Service

Sixty-Day Notice of Intention To Request Clearance of Information; Opportunity for Public Comment

AGENCY: Department of the Interior, National Park Service.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the National Park Service's (NPS') intention to request approval of nine information collections to be carried out pursuant to the Government Productivity and Results Act and the NPS Strategic Plan. Seven of the proposed information collections are surveys of customer satisfaction with certain NPS programs and types of assistance. The other two collections seek information on the number of historic properties designated as such and/or protected by State and local governments that have an official partnership with NPS. The information sought through these nine efforts is not currently collected elsewhere.

NPS' National Center for Recreation and Conservation is proposing to conduct annual mail surveys of the clients of five recreation and conservation assistance programs to assess client satisfaction with the services received and to identify needed program improvements. The NPS goal in conducting these surveys is to use the survey information to identify areas of strength and weakness in its recreation and conservation assistance programs, to provide an information base for improving those programs, and to provide a required performance measurement (Goal IIIb1 of the 1997 National Park Service Strategic Plan) under the Government Performance and Results Act.

NPS' National Center for Cultural Resources, Stewardship, and Partnerships is proposing to collect information on customer satisfaction with technical assistance publications (using response cards) and technical training, conferences, etc. through responses to training evaluation questions. The National Center for Cultural Resources, Stewardship, and Partnerships also is proposing to collect information on the number of historic properties officially designated and/or protected at the State and local governmental level respectively. The historic property information will be collected from State Historic Preservation Offices and Certified Local Governments (CLGs). CLGs are local governments that have an official historic preservation partnership agreement with their State and NPS pursuant to the National Historic Preservation Act, as amended. The NPS goal in collecting this information is to assist in the evaluation of NPS' historic preservation partnership program effectiveness in achieving the historic preservation results sought and specified in Goals IIIa1, IIIa2, and IIIa3 of the 1997 National Park Service

Strategic Plan produced pursuant to the Government Performance and Results Act.

Under provisions of the Paperwork Reduction Act of 1995 and 5 CFR Part 1320, Reporting and Record Keeping Requirements, the National Park Service is soliciting comments on the need for all nine information collections. The NPS also is asking for comments on the practical utility of the information being gathered; the accuracy of the burden hour estimate; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden to respondents, including use of automated information collection techniques or other forms of information technology.

DATES: Public comments will be accepted on or before August 21, 1998.

SEND COMMENTS TO: Diane M. Cooke, Information Collection Clearance Office, WASO Administrative Program Center, National Park Service, 1849 C Street NW, Washington, DC 20240.

FOR FURTHER INFORMATION: Contact Rob Campellone—Voice: 202-565-1198, Email: <rob_campellone@nps.gov>—for further information regarding the surveys related to Recreation and Conservation Assistance customer satisfaction.

Contact Stephen Newman—Voice: 292-343-9577, Email: snewman@hps.cr.nps.gov—for further information regarding the questionnaires related to historic preservation technical assistance customer satisfaction.

Contact John Renaud—Voice: 202-343-1059, Email: jrenaud@hps.cr.nps.gov—for further information regarding the collection of data on the number of historic properties designated or protected at the State and local government level.

SUPPLEMENTARY INFORMATION:

Titles: National Park Service Partnership Programs' GPRA Information Collections; Recreation and Conservation Assistance Customer Satisfaction Survey, Historic Preservation Technical Assistance Customer Satisfaction Questionnaires, Historic Properties Designated or Protected By State Government Partners, and Historic Properties Designated or Protected By Local Government Partners
Bureau Form Number: None.
OMB Number: To be requested.
Expiration Date: To be requested.
Type of request: Request for new clearance.

Description of need: The Government Productivity and Results Act requires Federal agencies to prepare annual performance report documenting the

progress made toward achieving long-term goals. The National Park Service needs the information in the proposed collections to assess the annual progress being made toward meeting Long-term Goals IIIa1, IIIa2, IIIa3, and IIIb1 of the National Park Service Strategic Plan of 1997. The information sought is not collected elsewhere by the Federal Government. The proposed information collections impose no data collection or recordkeeping burden on the potential respondents. Responding to the proposed collections is voluntary and is based on data that the respondents already collect and/or personal opinion.

The National Park Service needs information to help evaluate and improve its recreation and conservation assistance programs and its historic preservation programs.

Automated data collection and statistical sampling: NPS is exploring means to supplement hard copy information with electronic submittal and/or sampling. Total automation would have the potential to skew the results because many potential respondents do not have the ability to respond electronically. NPS intends to test Internet and e-mail submittal for some of the information collections. The results of the initial rounds of these information collections will help to determine the suitability of automation, electronic submittal, and sampling in terms of quality control and in terms of confidence in making extrapolations from the responses available.

Description of respondents: The type of respondents will vary as follows depending upon the information collection.

For the Recreation and Conservation Assistance Customer Satisfaction Surveys, the potential respondents will be all principal contact persons of principal cooperating organizations and agencies which have received substantial assistance from any of the five participating programs during the prior Fiscal Year (October 1 through September 30).

For the Historic Preservation Technical Assistance Customer Satisfaction Questionnaires, the potential respondents will be any recipient of a NPS historic preservation technical assistance publication (an estimated 30,000 distributed annually) and any person receiving NPS historic preservation technical assistance information in a course, workshop, conference, etc. (an estimated 5,000 participants annually).

For collecting information on the number of Historic Properties Designated or Protected By State Government Partners, the potential respondents will be 56 State Historic Preservation Offices. There is one State Historic Preservation Office for each State, Territory, etc. defined as a State by the National Historic Preservation Act, as amended.

For collecting information on the number of Historic Properties designated or Protected By Local

Government Partners, the potential respondents will be the Certified Local Governments (CLGs). A CLG is a local government that has executed a formal agreement with its State Historic Preservation Office and NPS and thereby has committed itself to carry out the historic preservation responsibilities specified by the National Historic Preservation Act for participants in the CLG program. There will be an estimated 1,300 CLGs by the end of the approval period being sought for this information collection.

Estimated average number of respondents: 36,845. See the chart below for a breakdown by each information collection.

Estimated average number of responses: 9,974. See the chart below for a breakdown by each information collection.

Estimated average burden hours per response: 2.78 minutes. See the chart below for a breakdown by each information collection.

Frequency of Response: Various. For the Historic Preservation Technical Assistance Customer Satisfaction Questionnaires, the frequency of response is one time per publication or technical assistance event. For the other seven proposed information collections the frequency of response is one time per respondent per year.

Estimated annual reporting burden: 464 hours. See the chart below for a breakdown by each information collection.

Information collection	Estimated number of:			Total hours
	Respondents	Responses	Average time per response (in minutes)	
Rivers, Trails and Conservation Assistance Program	250	250	10	42
Federal Lands to Parks Program	100	100	10	17
Long Distance Trails Program	125	125	10	21
Heritage Areas Program	10	10	10	2
Wild and Scenic Rivers Coordination Program	4	4	10	1
Subtotal	489	489	10	83
Historic Preservation Technical Assistance Publications Customer Satisfaction	30,000	4,500	2	150
Historic Preservation Technical Assistance Training (etc.) Customer Satisfaction	5,000	4,500	2	150
Historic Properties Designated or Protected by State Partners	56	56	10	9
Historic Properties Designated or Protected by CLG Partners	1,300	429	10	72
Subtotal	36,356	9,485	2.41	381
Grand Total	36,845	9,974	2.78	464

DEPARTMENT OF JUSTICE**Immigration and Naturalization Service****Agency Information Collection Activities: Proposed Collection; Comment Request**

ACTION: Notice of information collection under review; baggage and personal effects of detained aliens.

The Department of Justice, Immigration and Naturalization Service has submitted the following information collection request for review and clearance in accordance with the Paperwork Reduction Act of 1995. The proposed information collection is published to obtain comments from the public and affected agencies. Comments are encouraged and will be accepted for "sixty days" until August 21, 1998.

Written comments and suggestions from the public and affected agencies concerning the proposed collection of information should address one or more of the following four points:
