

settlement under section 122(g) of CERCLA, 42 U.S.C. 622(g) with Mesa Oil, Inc. ("MESA"), concerning the Rocky Flats Industrial Park site located in the 17000 block of Colorado Highway 72, approximately 2 miles east of the intersection of Colorado Highways 93 and 72, in Jefferson County, Colorado (the "Site"). The settlement, embodied in a proposed Administrative Order on Consent ("AOC"), is designed to resolve Mesa's liability at the Site through a covenant not to sue under sections 106 and 107 of CERCLA, 42 U.S.C. 9606 and 9607, and section 7003 of the Resource Conservation and Recovery Act ("RCRA"), 42 U.S.C. 6973, subject to certain reopening provisions. The proposed AOC requires Mesa to pay a total of \$2,000.00 in cash together with the approximately \$50,000.00 of in-kind work contributed by Mesa to site investigation and remediation efforts at the Site, to address its liability to the United States related to past and future response actions at the Site.

Opportunity for comment

For thirty (30) days following the date of publication of this notice, the Agency will consider all comments received and may modify or withdraw its consent to the settlement if comments received disclose facts or considerations which indicate that the settlement is inappropriate, improper, or inadequate. The Agency's response to any comments received will be available for public inspection at the EPA Superfund Record Center, 999 18th Street, 5th Floor, in Denver, CO. Commenters may request an opportunity for a public meeting in the affected area in accordance with section 7003(d) of RCRA, 42 U.S.C. 6973(d).

DATES: Comments must be submitted on or before August 6, 1998.

ADDRESSES: The proposed settlement and additional background information relating to the settlement are available for public inspection at the EPA Superfund Records Center, 999 18th Street, 5th Floor, in Denver, CO. Comments and requests for a copy of the proposed settlement should be addressed to Carol Pokorny, Enforcement Specialist (8ENF-T), Technical Enforcement Program, U.S. Environmental Protection Agency, 999 18th Street, Suite 500, Denver, CO 80202-2466, and should reference the Rocky Flats Industrial Park Site, Jefferson County, CO and EPA Docket No. CERCLA-VIII-98-13.

Agency, 999 18th Street, Suite 500, Denver, CO 80202-2466, (303) 312-6970.

SUPPLEMENTARY INFORMATION: Notice of proposed administrative *de minimis* contributor settlement under section 122(g) of CERCLA, 42 U.S.C. 9622(g): In accordance with section 122(i) of CERCLA, 42 U.S.C. 9622(i), notification is hereby given that the terms of the AOC have been agreed to by Mesa. By the terms of the proposed AOC, Mesa will pay \$2,000.00 cash to the Hazardous Substance Superfund for its release of 75 gallons of used oil containing hazardous substances. In addition to its cash payment, Mesa has contributed in-kind services valued at approximately \$50,000.00 to the characterization and remediation of the Site. The in-kind services represent work Mesa has conducted in anticipation of this settlement and were not otherwise required by law. The total dollar amount which Mesa will pay to the Agency represents approximately 0.01538% of the estimated total cost of remediation. EPA estimates that the total response costs incurred and to be incurred at or in connection with the Site by the United States and by private parties to be approximately \$13,000,000.00.

In exchange for payment and Mesa's remediation and investigatory work at the Site, EPA will provide Mesa with a covenant not to sue under sections 106 and 107(a) of CERCLA, 42 U.S.C. 9606 and 9607(a), and under section 7003 of the Solid Waste Disposal Act, as amended (also known as the Resource Conservation and Recovery Act), which will resolve Mesa's liability at the Site. The settlement also provides Mesa with contribution protection. Under the terms of the AOC, the United States reserves the right to institute judicial or administrative proceedings against Mesa seeking to compel Mesa to perform response actions relating to the Site, and/or to reimburse the United States for additional costs of response, if information not contained in EPA's administrative site file as of the effective date of the AOC is discovered which indicates that Mesa contributed hazardous substances to the Site in an amount greater than 6,690 gallons or hazardous substances which are significantly more toxic or are of significantly greater hazardous effect than other hazardous substances at the Site.
