SUPPLEMENTARY INFORMATION:

Title: U.S. Individual Income Tax Return.

OMB Number: 1545-0085.

Form Number: 1040A and Schedules 1, 2, 3, and EIC.

Abstract: This form is used by individuals to report their income subject to income tax and to compute their correct tax liability. The data are used to verify that the income reported on the form is correct and are also for statistics use.

Current Actions: The major changes are as follows: Form 1040A.

(1) Line 6c, column (4), was revised to allow taxpayers to indicate which dependents qualify for the child tax credit (one of the requirements is that the child must be a dependent). The information previously in column (4) regarding the number of months the dependent lived in the taxpayer's home is removed.

(2) New line 16 was added for the student loan interest deduction to reflect new Internal Revenue Code section 221. The deduction will be computed on a new worksheet in the instructions. Line 17 was added to total the adjustments, which will be subtracted from total income (line 14) to arrive at adjusted gross income (line 18).

(3) New line 28 was added for the child tax credit to reflect new Code section 24. The credit will be computed on a new worksheet in the instructions.

Also, line 38 was added for the additional (refundable) amount of the child tax credit. The additional credit is allowed by Code section 32(n), and it will be computed on Form 8812.

(4) New line 29 was added for the education credits (the Hope and lifetime learning credits) allowed by Code section 25A, which will be computed on Form 8863.

(5) Line 27, household employment taxes, has been removed from Form 1040A to gain room for the new lines needed as a result of new law. The few taxpayers who have household employment taxes and had been filing Form 1040A will now need to file Form 1040.

The physician's statement was deleted from the form and moved to the instructions because there is no need for it to be filed with the tax return.

Affected Public: Individuals or households.

Estimated Number of Respondents: 26,051,305.

Estimated Time Per Respondent: Varies.
