Drug and Alcohol Testing; Substance Abuse Professional Evaluation for Drug Use; Correction

AGENCY: Research and Special Programs Administration (RSPA), DOT.

ACTION: Final rule; correction.

SUMMARY: On March 17, 1998, RSPA published a final rule in the **Federal Register** (63 FR 12998) titled “Drug and Alcohol Testing; Substance Abuse Professional Evaluation for Drug Use.” This final rule modified procedures in its drug testing regulations by requiring a face-to-face evaluation by substance abuse professionals (SAP) for pipeline employees who have either received a positive drug test or have refused a drug test required by RSPA. It also revised the word “employee” to “covered employee” and added the definition of “covered function.” This document makes minor corrections to restore text that was in the original version of the

regulations, but was inadvertently left out of the Final Rule.

DATES: Effective on July 8, 1998.

FOR FURTHER INFORMATION CONTACT:

Catrina M. Pavlik, Drug/Alcohol Program Analyst, Research and Special Programs Administration, Office of Pipeline Safety, Room 2335, 400 Seventh Street, SW, Washington, DC 20590. Telephone: (202) 366–6199, Fax: (202) 366–4566, e-mail: catrina.pavlik@RSPA.dot.gov.

SUPPLEMENTARY INFORMATION:

Correction of Publication

When RSPA published the final rule in the **Federal Register**, it inadvertently left out text that was stated in the original version of the regulations. This text was in the original version of the regulations and was inadvertently left out of the final rule text, so RSPA does not need further rulemaking action to correct the text. This final rule corrects the text. RSPA regrets any confusion the omission may have caused.

Accordingly, the publication on March 17, 1998, of the final rule, **Federal Register** Doc. 98–6859 (63 FR 12998), is corrected as follows:

§ 199.7 [Corrected]

(e) *Return to duty testing.* A covered employee who refuses to take or has a positive drug test may not return to duty in the covered function until the covered employee has been evaluated face-to-face by a SAP, has properly followed any prescribed assistance, has passed a return-to-duty drug test administered under this part, and the SAP has determined that the employee may return to duty.

National Oceanic and Atmospheric Administration

50 CFR Part 679

[Docket No. 971208297-8054-02; I.D. 070298A]

Fisheries of the Exclusive Economic Zone Off Alaska; Pacific Ocean Perch in the Western Regulatory Area of the Gulf of Alaska

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Closure.

SUMMARY: NMFS is prohibiting directed fishing for Pacific ocean perch in the Western Regulatory Area of the Gulf of Alaska (GOA). This action is necessary to prevent exceeding the 1998 total allowable catch (TAC) of Pacific ocean perch in this area.

DATES: Effective 1200 hrs, Alaska local time (A.l.t.), July 3, 1998, until 2400 hrs, A.l.t., December 31, 1998.

FOR FURTHER INFORMATION CONTACT: Thomas Pearson, 907-486-6919.

SUPPLEMENTARY INFORMATION: The groundfish fishery in the GOA exclusive economic zone is managed by NMFS according to the Fishery Management Plan for Groundfish of the Gulf of Alaska (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Fishing by U.S. vessels is governed by regulations implementing the FMP at subpart H of 50 CFR part 600 and 50 CFR part 679.

The amount of the 1998 TAC of Pacific ocean perch in the Western Regulatory Area of the Gulf of Alaska was established by the Final 1998 Harvest Specifications of Groundfish for the GOA (63 FR 12027, March 12, 1998)

as 1,810 metric tons (mt), determined in accordance with § 679.20(c)(3)(ii).

In accordance with § 679.20(d)(1)(i), the Administrator, Alaska Region, NMFS (Regional Administrator), has determined that the 1998 TAC for Pacific ocean perch will be reached. Therefore, the Regional Administrator is establishing a directed fishing allowance of 1,610 mt, and is setting aside the remaining 200 mt as bycatch to support other anticipated groundfish fisheries. In accordance with § 679.20(d)(1)(iii), the Regional Administrator finds that this directed fishing allowance has been reached. Consequently, NMFS is prohibiting directed fishing for Pacific ocean perch in the Western Regulatory Area.

Maximum retainable bycatch amounts may be found in the regulations at § 679.20(e) and (f).

Classification

This action responds to the best available information recently obtained from the fishery. It must be implemented immediately to prevent overharvesting the 1998 TAC of Pacific ocean perch for the Western Regulatory Area of the GOA. A delay in the effective date is impracticable and contrary to the public interest. Further delay would only result in overharvest. NMFS finds for good cause that the implementation of this action should not be delayed for 30 days. Accordingly, under 5 U.S.C. 553(d), a delay in the effective date is hereby waived.

This action is required by 50 CFR 679.20 and is exempt from review under E.O. 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: July 2, 1998.

Gary C. Matlock,

Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
