East Tennessee states that the purpose of the filing is to provide more detail and specificity in East Tennessee's tariff and East Tennessee's pro forma service agreements regarding the types of discounts that may be granted by East Tennessee. East Tennessee states that by including this information in its tariff, East Tennessee hopes to reduce any need for filing individual discount agreements as "material deviations."

First, East Tennessee proposes to revise Section 4.1 of Rate Schedule FT-A and Section 6.1 of the *pro forma* transportation agreement to reflect all of the following types of discounts for FT-A service: (a) point-specific; (b) volume-specific; (c) discounts based on a variable reservation/commodity charge allocation; and (d) authorized overrun.

In addition, to address the release of discounted volumes, East Tennessee proposes to add the following sentence to Section 4.1 and Section 6.1: "In the event Shipper releases capacity at a rate which is higher than Shipper's discounted rate, such difference may be shared in the manner agreed to by Transporter and Shipper." Second, East Tennessee proposes to revise Sections 4.1 of Rate Schedule IT and Section 6.1 of the IT pro forma transportation agreement to provide for point-specific and volume-specific discounts.
