#### Tennessee Gas Pipeline Company; Notice of Application

July 9, 1998.

Take notice that on June 30, 1998, Tennessee Gas Pipeline Company (Tennessee), PO Box 2511, Houston, Texas 77252-2511, filed in Docket No. CP98-644-000 an application pursuant to Section 7(b) of the Natural Gas Act for authorization to abandon minor metering facilities in Lamar County, Alabama, all as more fully set forth in the application on file with the Commission and open to public inspection.

Tennessee proposes to abandon facilities associated with Meter No. 1-2069, which were installed in 1990 under the authorization of Section 311 of the Natural Gas Policy Act and subsequently converted to Section 7(c) authorization. Specifically, Tennessee proposes to abandon by removal the check valve, riser and interconnecting pipe and to abandon the tap in place. Tennessee states that the facilities were installed for deliveries to Bishop Pipeline Company, which no longer receives gas at this point and has removed its meter. It is stated that the facilities are no longer used and that no customers would lose service as a result of the abandonment.

Any person desiring to be heard or to make any protest with reference to said application should on or before July 30, 1998, file with the Federal Energy Regulatory Commission, Washington, DC 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Tennessee to appear or be represented at the hearing.

#### Texas Gas Transmission Corporation; Notice of Proposed Changes in FERC Gas Tariff

July 9, 1998.

Take notice that on July 1, 1998, Texas Gas Transmission Corporation (Texas Gas) tendered for filing to become part of its FERC Gas Tariff, First Revised Volume No. 1, Substitute Tenth Revised Sheet No. 13, with an effective date of June 1, 1998.

Texas Gas states that this filing is being made to correct a typographical error on Tenth Revised Sheet No. 13 which presents the FSS injection/withdrawal commodity maximum daily rate as \$0.00114 rather than the correct rate of \$0.0114 as shown in the minimum rate column. Texas Gas has discussed this error with the only customer currently using service under this rate schedule, and the customer agrees that the corrected rate, which is equal to the minimum rate, will be billed for June 1998 service. Therefore, Texas Gas is filing Substitute Tenth Revised Sheet No. 13 to correct the referenced rate effective June 1, 1998.

Texas Gas states that a copy of the revised tariff sheet is being mailed to Texas Gas's jurisdictional customers and interested state commissions.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests must be filed as provided in Section 154.210 of the Commission's Regulations.
