

create a significant hazard to public health, no commitment for Federal assistance may be entered into. However, a commitment for Federal assistance may, if authorized under another provision of law, be entered into to plan or design the project to assure that it will not contaminate the aquifer.

Although the project review process cannot be delegated to state or local agencies, the EPA will rely upon any existing or future state and local control mechanisms to the maximum extent possible in protecting the ground-water quality of the aquifer. Included in the review of any Federal financially assisted project will be coordination with local agencies. Their comments will be given full consideration, and the Federal review process will attempt to complement and support state and local groundwater quality protection mechanisms.

VI. Summary and Discussion of Public Comments

In response to the public notice and public meeting, a total of 42 oral and written comments were received. In general those who favor designation reside in the Town of Elk Mountain and are financially responsible for the drinking water system. Those opposed to designation are from the area outside of town and within the designated area. The majority of comments support the designation of the area as a sole or

principal source of drinking water. In addition, a resolution supporting designation was adopted by the Town Council.

No data were presented during the public comment period regarding aquifer characteristics, the boundary delineation or potential errors of fact presented in the petition.

Notice of Receipt of Requests to Voluntarily Cancel Certain Pesticide Registrations

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In accordance with section 6(f)(1) of the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, EPA is issuing a notice of receipt of requests by registrants to voluntarily cancel certain pesticide registrations.

DATES: Unless a request is withdrawn by January 11, 1999, orders will be issued cancelling all of these registrations.

FOR FURTHER INFORMATION CONTACT: By mail: James A. Hollins, Office of Pesticide Programs (7502C), Environmental Protection Agency, 401 M Street SW., Washington, DC 20460. Office location for commercial courier, delivery telephone number and e-mail: Rm. 216, Crystal Mall No. 2, 1921 Jefferson Davis Highway, Arlington, VA, (703) 305-5761; e-mail: hollins.james@epamail.epa.gov.

SUPPLEMENTARY INFORMATION:

I. Introduction

Section 6(f)(1) of the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, provides that a pesticide registrant may, at any time, request that any of its pesticide registrations be cancelled. The Act further provides that EPA must publish a notice of receipt of any such request in the **Federal Register** before acting on the request.

II. Intent to Cancel

This Notice announces receipt by the Agency of requests to cancel some 28 pesticide products registered under section 3 or 24(c) of FIFRA. These registrations are listed in sequence by registration number (or company number and 24(c) number) in the following Table 1.

III. Procedures for Withdrawal of Request

Registrants who choose to withdraw a request for cancellation must submit such withdrawal in writing to James A. Hollins, at the address given above, postmarked before January 11, 1999. This written withdrawal of the request for cancellation will apply only to the applicable 6(f)(1) request listed in this notice. If the product(s) have been subject to a previous cancellation action, the effective date of cancellation and all other provisions of any earlier cancellation action are controlling. The withdrawal request must also include a commitment to pay any reregistration fees due, and to fulfill any applicable unsatisfied data requirements.

IV. Provisions for Disposition of Existing Stocks

The effective date of cancellation will be the date of the cancellation order. The orders effecting these requested cancellations will generally permit a registrant to sell or distribute existing stocks for 1 year after the date the cancellation request was received. This policy is in accordance with the Agency's statement of policy as prescribed in **Federal Register** (56 FR 29362) June 26, 1991; [FRL 3846-4]. Exceptions to this general rule will be made if a product poses a risk concern, or is in noncompliance with reregistration requirements, or is subject to a data call-in. In all cases, product-specific disposition dates will be given in the cancellation orders.

Existing stocks are those stocks of registered pesticide products which are currently in the United States and which have been packaged, labeled, and

released for shipment prior to the effective date of the cancellation action. Unless the provisions of an earlier order apply, existing stocks already in the hands of dealers or users can be distributed, sold or used legally until they are exhausted, provided that such further sale and use comply with the EPA-approved label and labeling of the affected product(s). Exceptions to these general rules will be made in specific cases when more stringent restrictions on sale, distribution, or use of the products or their ingredients have already been imposed, as in Special Review actions, or where the Agency has identified significant potential risk concerns associated with a particular chemical.

Fresno Industrial Supply Inc. Superfund Site; Notice of Proposed Agreement for Payment Future Costs and Recovery of Past Response Costs

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice; Request for public comment.

SUMMARY: In accordance with Section 122(i) of the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA), as amended by the Superfund Amendments and Reauthorization Act (SARA), notice is hereby given that a proposed CERCLA Section 122(h)(i) Agreement for Payment of Future Costs and Recovery of Past Response Costs (Agreement) associated with the Fresno Industrial Supply Inc Site (Site) was executed by EPA and the U.S. Department of Defense (DOD), including the following component agencies: the Department of the Army, the Department of the Navy, the Department of the Air Force and the Defense Logistics Agency. The proposed Agreement would resolve certain claims of EPA under section 107 of CERCLA, 42 U.S.C. 9607. The proposed Agreement would require DOD, including its component agencies, to pay to EPA \$387,000 from fiscal year 1998 funds for future work to be conducted by EPA at the Site. The proposed Agreement also would require DOD, including its component agencies, to use best efforts to obtain specific
