Notice of a Cooperative Agreement With the National Latino Children's Institute

The Office of Minority Health (OMH), Office of Public Health and Science,

announces that it will enter into an umbrella cooperative agreement with the National Latino Children's Institute (NLCI). This cooperative agreement will establish the broad programmatic framework in which specific projects can be funded as they are identified during the agreement period.

The purpose of this cooperative agreement is to assist NLCI to expand and enhance its activities aimed at improving the general welfare of Latino children throughout the country in areas such as health promotion, disease prevention, and education. Future projects are expected to focus on programs and policies that will strive to eliminate health and socio-economic disparities that affect Hispanic children.

OMH will provide consultation, including administrative and technical assistance, as needed, for the execution and evaluation of all aspects of this cooperative agreement. OMH will also participate and/or collaborate with the awardee in any workshops or symposia to exchange current information, opinions, and research findings during this agreement.

Authorizing Legislation

This cooperative agreement is authorized under Section 1707(d)(1) of the Public Health Service Act.

Background

Assistance will be provided only to the National Latino Children's Institute (NLCI). No other applications are solicited. NLCI is uniquely qualified to administer this cooperative agreement because it has:

1. Focused the nation's attention on policies, programs, and community initiatives that lead to the full and health development of Latino children;
2. Furnished training and technical assistance to programs and policies that value Hispanic youth, such as organizing and sponsoring an annual youth summit that provides leadership experience to young Latinos;
3. Promoted and implemented the National Latino Children's Agenda (NLCA) that encompasses health, environment, economic, and educational conditions of Hispanic children as a means of improving their overall quality of life;
4. Helped build healthy communities by conveying the most effective strategies for accessing and impacting the Latino population;
5. Carried out the principles of the NLCA in local communities in partnership with corporations, community-based organizations, federal agencies, youth, and families that are committed to seeking solutions to the

many problems young Latinos face and to act expeditiously to improve their life conditions;

6. Sponsored and collaborated with local and nationwide initiatives that create policies and services respectful of Latino values and language;

7. Identified and selected La Promesa community programs that have demonstrated how the wise and efficient use of culture, language, and values can improve services to the Latino population and serve as models that may be replicated throughout the nation; and

8. Developed a collaborative network of local community work groups and organizations recognized as La Promesa model youth programs, among others, to whom it provides access to information services on policies and programs affecting Latino children.

This cooperative agreement will be awarded in FY 1998 for a 12-month budget period within a project period of 5 years. Depending upon the types of projects and availability of funds, it is anticipated that this cooperative agreement will receive approximately \$50,000 to \$100,000. Continuation awards within the project period will be made on the basis of satisfactory progress and the availability of funds.

Where To Obtain Additional Information

If you are interested in obtaining additional information regarding this cooperative agreement, contact Mr. Guadalupe Pacheco, Office of Minority Health, 5515 Security Lane, Suite 1000, Rockville, Maryland 20852 or telephone (301) 443-5084.
