BILLING CODE 4410-36-M

DEPARTMENT OF JUSTICE**National Institute of Corrections****Request for Cooperative Agreement Applications (RFA)**

AGENCY: National Institute of Corrections, U.S. Department of Justice.

ACTION: Request for Cooperative Agreement Applications (RFAs).

SUMMARY: The U.S. Department of Justice (DOJ), National Institute of Corrections (NIC) announces the availability of funds in FY' 98 for several cooperative agreements to fund a "Drug-Free State Demonstration Project: A Program That Will Help to Reduce or Eliminate the Use of Illegal Drugs in Prisons." Several awards will be made available to States, the District of Columbia, and Territorial Departments of Corrections.

Purpose: The National Institute of Corrections is seeking proposals for cooperative agreements to assist States, the District of Columbia, and Territorial Departments of Corrections interested in testing a variety of project strategies, with multiple targets and a combination of outcome measurement(s), whose goal will be to reduce or eliminate the use of illegal drugs in prisons. Proposed project sites will choose from a variety of components, including but not limited to new technologies for drug detection, drug treatment programs, drug testing, developing policies and sanctions, personnel training, telephone monitoring and intelligence systems. In their efforts to reduce illegal drugs in

prison, proposals may include one or a combination of targets, including visitors, vendors, volunteers, staff and inmates working in outside contact areas. Outcomes may be measured based on changes in pre- and post-inmate drug testing results, along with other measurements, such as reduced inmate on staff and inmate on inmate assaults. NIC is seeking a geographic and programmatic diversity which allows for duplication of results, befitting a demonstration project of this nature. NIC is also seeking projects that can be replicated in different jurisdictions if proven successful, as well as projects that show a specific added value to current policies and procedures. In this regard, linkages to other programs (e.g., between detection and treatment) will be an important part of a successful project.

Authority: Pub. L. 93-415.

Funds Available: Funding for this project is estimated at approximately \$4.2 million for several cooperative agreements to be awarded to States, the District of Columbia, and Territorial Departments of Corrections.
