**45 CFR Parts 2510, 2516, 2517, 2519, 2521, and 2540**

**Administrative Costs for Learn and Serve America and AmeriCorps Grants Programs**

**AGENCY:** Corporation for National and Community Service.

**ACTION:** Interim final rule adopted as final rule.

**SUMMARY:** We are adopting as a final rule, without change, an interim final rule that amended the Corporation's regulations relating to administrative costs in 45 C.F.R. Parts 2510, 2516, 2517, 2519, 2521, and 2540 published at 63 FR 18135, April 14, 1998. The rule amends the Corporation's regulations implementing a statutory limit on the percentage of assistance to specified national service programs that may be used to pay for administrative costs. The rule clarifies the definition of administrative costs, adds an explicit definition of program costs that are not subject to the limitation on administrative costs, and provides additional guidelines for applying the limitation on administrative costs.

**DATES:** The interim final rule was effective April 14, 1998.

**FOR FURTHER INFORMATION CONTACT:** Michael Kenefick, Director of Grants Management, Corporation for National Service, (202) 606–5000, ext. 101.

**SUPPLEMENTARY INFORMATION:**

On April 14, 1998, the Corporation for National and Community Service (Corporation) published an interim final rule amending its regulations implementing provisions of the National and Community Service Act of 1990, as amended, under which not more than five percent of assistance for a fiscal year may be used to pay for administrative costs. This limitation applies to the following types of programs: (1) School-based service-learning programs; (2) community-based service-learning programs; (3) higher education innovative programs for community service; and (4) national service programs assisted under sections 121(a) and 121(b) of the Act through grants to State Commissions, Indian Tribes, U.S. Territories, and national nonprofit organizations.

The Act itself does not define "administrative costs" but directs the Corporation to prescribe by rule the manner and extent to which assistance provided may be used to pay for administrative costs and the distribution of such costs between grantees and sub-grantees. The final rule clarifies the types of costs that are considered subject to the five percent limitation on administrative costs. The final rule includes an itemization of costs that are directly related to programs and projects, and therefore excluded from the definition of administrative costs. The final rule also provides guidelines for the implementation of the statutory requirements, including the use of indirect cost rates and the use of fixed rates for administrative costs.

Comments on the interim final rule were due June 15, 1998. We did not receive any comments. The facts presented in the interim final rule still provide a basis for the rule.

This action also affirms the information contained in the interim rule concerning Executive Order 12866 and the Regulatory Flexibility Act, the Paperwork Reduction Act, the Unfunded Mandates Reform Act, and Executive Order 12875.

[Docket No. 971208297-8054-02; I.D. 071398A]

#### Fisheries of the Exclusive Economic Zone Off Alaska; Pacific Ocean Perch in the Western Regulatory Area

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Modification of a closure.

**SUMMARY:** NMFS is opening directed fishing for Pacific ocean perch in the Western Regulatory Area of the Gulf of Alaska management area (GOA). This action is necessary to fully utilize the 1998 total allowable catch (TAC) of Pacific ocean perch in this area.

**DATES:** Effective 1200 hrs, Alaska local time (A.l.t.), July 15, 1998.

**FOR FURTHER INFORMATION CONTACT:** Andrew Smoker, 907-586-7228.

**SUPPLEMENTARY INFORMATION:** NMFS manages the groundfish fishery in the GOA exclusive economic zone according to the Fishery Management Plan for Groundfish of the Gulf of Alaska (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

In accordance with § 679.20(c)(3)(ii), the Final 1998 Harvest Specifications of Groundfish for the GOA (63 FR 12027, March 12, 1998) established the amount of the 1998 TAC of Pacific ocean perch in the Western Regulatory Area of the Gulf of Alaska as 1,810 metric tons (mt).

The Administrator, Alaska Region, NMFS (Regional Administrator), has established a directed fishing allowance of 1,610 mt, and set aside the remaining 200 mt as bycatch to support other anticipated groundfish fisheries. The fishery for Pacific ocean perch in the Western Regulatory Area of the GOA was closed to directed fishing under § 679.20(d)(1)(iii) on July 3, 1998, (63 FR 36863, July 8, 1998).

NMFS has determined that as of July 14, 1998, 1,300 mt remain in the directed fishing allowance. Therefore, NMFS is terminating the previous closure and is opening directed fishing for Pacific ocean perch in the Western Regulatory Area of the GOA.

#### Classification

All other closures remain in full force and effect. This action responds to the best available information recently obtained from the fishery. It must be implemented immediately in order to allow full utilization of the Pacific ocean perch TAC. Providing prior notice and opportunity for public comment for this action is impracticable and contrary to the public interest. Further delay would only disrupt the FMP objective of providing the Pacific ocean perch TAC for harvest. NMFS finds for good cause that the implementation of this action cannot be delayed for 30 days. Accordingly, under 5 U.S.C. 553(d), a delay in the effective date is hereby waived.

This action is required by § 679.20 and is exempt from review under E.O. 12866.
