

subsequent sale within a control number.

Department's Position: We agree with respondents and have altered the concordance program in order to eliminate the compounding of the adjustment factor for G&A and interest expenses.

Allegation 3: SeAH states that the Department limited the coverage of U.S. sales to the period November 1, 1995 through October 31, 1996 and, in doing so, excluded sales made prior to November 1, 1995, but entered during the period of review ("POR") from the concordance program. The petitioners argue that the Department correctly limited the sales analyzed to those sales made during the POR.

SeAH also asserts that the Department excluded sales from the year 1995 by incorrectly naming the months of 1995 in the concordance program. According to SeAH, this resulted in the absence of all 1995 sales in the concordance table and therefore, the use of constructed value for all 1995 sales.

SeAH further states that the Department has used two different sales date variables in the concordance and margin programs.

Department's Position: We agree with SeAH on all three issues. Accordingly, we have altered the concordance program in order to include export price (EP) sales made before the POR but entered during the POR (see, comment 2 of the Final Results, at 32836). Furthermore, since we incorrectly named the variable representing sales during 1995, we have altered the concordance program to correct this problem. Finally, we corrected the inconsistent use of date variables in the margin program by using the contract date for all EP sales. For constructed export price ("CEP") sales, we use the variable SALEDTU (sale date) as discussed in our Final Results.

Allegation 4: SeAH maintains that the Department incorrectly excluded certain sales with entry dates during the POR in its margin analysis program.

Department's Position: We agree with SeAH. However, this error only applies to EP sales. For EP sales, we have substituted the field name ENTRDTU for SHIPDT2U in the margin analysis program to correct this error.

Allegation 5: SeAH alleges that the Department double counted U.S. commissions by adding the amount of commissions to the foreign market price and deducting commissions from U.S. price.

Department's Position: We agree with SeAH. To correct this error, we have eliminated the deduction of

commissions in the calculation of U.S. price.

Allegation 6: SeAH states that the Department's adjustment to duty drawback was incorrectly calculated for CEP sales. SeAH argues that the Department has negated the claimed duty drawback and calculated a downward adjustment to the U.S. price.

Department's Position: We agree with SeAH. To correct this error, we have recalculated the duty drawback for SeAH's CEP sales (see SeAH Correction of Ministerial Errors Calculation Memorandum, June 9, 1998).

Allegation 7: Petitioners argue that the Department neglected to include any selling expenses in the formula for calculating constructed value ("CV") profit while including such expenses when calculating total CV.

Department's Position: We disagree with petitioners that we made a ministerial error when calculating CV profit. When calculating CV profit we applied the profit rate to a cost of production figure exclusive of certain selling expenses. We did this because the profit rate was also calculated on a basis exclusive of the same selling expenses. Thus, we intentionally did not include selling expenses when calculating CV profit, and therefore, this is not a ministerial error.

Amended Final Results of Review

As a result of the amended margin calculations, the following weighted-average percentage margins exist for the period November 1, 1995 through October 31, 1996:

Manufacturer/Exporter	Percentage margin
Hyundai	2.64
SeAH	2.63

In accordance with the methodology in the *Final Results of Antidumping Duty Administrative Review and Partial Termination of Administrative Review: Circular Welded Non-Alloy Steel Pipe from Korea* (62 FR 55574), October 27, 1997, we calculated exporter/importer-specific assessment values by dividing the total antidumping duties due for each importer by the number of tons used to determine the duties due. We will direct the Customs Service to assess the resulting per-ton dollar amount against each ton of the merchandise entered by these importers during the review period.

We will also direct the Customs Service to collect cash deposits of estimated antidumping duties on all appropriate entries in accordance with the procedures discussed in the Final

Results and as amended by this determination. The amended deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of this notice and shall remain in effect until publication of the final results of the next administrative review.

This notice serves as a final reminder to importers of their responsibility to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing this determination in accordance with sections 751(h) and 777(i) of the Act and 19 CFR 353.28(c).

Dated: July 15, 1998.

Robert S. LaRossa,

Assistant Secretary for Import Administration.

Applications for Duty-Free Entry of Scientific Instruments

Pursuant to Section 6(c) of the Educational, Scientific and Cultural Materials Importation Act of 1966 (Pub. L. 89-651; 80 Stat. 897; 15 CFR part 301), we invite comments on the question of whether instruments of equivalent scientific value, for the purposes for which the instruments shown below are intended to be used, are being manufactured in the United States.

Comments must comply with 15 CFR 301.5(a)(3) and (4) of the regulations and be filed within 20 days with the Statutory Import Programs Staff, U.S. Department of Commerce, Washington, D.C. 20230. Applications may be examined between 8:30 A.M. and 5:00 P.M. in Room 4211, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C.

Docket Number: 98-033. **Applicant:** U.S. Environmental Protection Agency, 200 S.W. 35th Street, Corvallis, OR 97333. **Instrument:** Nutrient Monitor with Stainless Steel Mooring-frame-in-line. **Manufacturer:** W.S. Ocean Systems Ltd., United Kingdom. **Intended Use:**

The instrument will be used for studies of dissolved nitrate in coastal estuaries or seawater. Experiments will be conducted at high tide to determine the quantity of nutrients entering from the ocean and at low tide to determine the quantity of nitrate flowing down river. In addition, the instrument will be used to train students for ocean nutrient analyses. Application accepted by Commissioner of Customs: June 25, 1998.

Docket Number: 98-034. **Applicant:** Vanderbilt University, Mechanical Engineering Department, Box 1592, Station B, Nashville, TN 37235. **Instrument:** Excimer Laser, Model COMPeX 150T. **Manufacturer:** Lambda Physik, Germany. **Intended Use:** The instrument is intended to be used for velocity measurements of gaseous flowfields using photolytic flow tagging and combustion properties measurements in high temperature reacting, gaseous flowfields. Application accepted by Commissioner of Customs: July 1, 1998.

Frank W. Creel,

Director, Statutory Import Programs Staff.

Evaluation of Coastal Zone Management Program and National Estuarine Research Reserves

AGENCY: Office of Ocean and Coastal Resource Management, National Ocean Service, National Oceanic and Atmospheric Administration (NOAA), DOC.

ACTION: Notice of intent to evaluate.

SUMMARY: The NOAA Office of Ocean and Coastal Resource Management (OCRM) announces its intent to evaluate the performance of the Massachusetts Coastal Zone Management Program and the Chesapeake Bay (VA) and Waquoit Bay (MA) National Estuarine Research Reserves.

These evaluations will be conducted pursuant to sections 312 and 315 of the Coastal Zone Management Act of 1972 (CZMA), as amended. The CZMA requires a continuing review of the performance of states with respect to coastal program and research reserve program implementation. Evaluation of Coastal Zone Management Programs and National Estuarine Research Reserves require findings concerning the extent to which a State has met the national objectives, adhered to its coastal program document or the Reserve's final management plan approved by the

Secretary of Commerce, and adhered to the terms of financial assistance awards funded under the CZMA. The evaluations will include a site visit, consideration of public comments, and consultations with interested Federal, State, and local agencies and members of the public. Public meetings are held as part of the site visits.

Notice is hereby given of the dates of the site visits for the listed evaluations, and the dates, local times, and locations of public meetings during the site visits.

The Chesapeake Bay National Estuarine Research Reserve in Virginia evaluation site visit will be from September 14-18, 1998. One public meeting will be held during the week. The public meeting will be held on Wednesday, September 16, 1998, at 7:00 p.m., at the Virginia Institute of Marine Science, Waterman's Hall Auditorium, Route 1208—Greene Road, Gloucester Point, Virginia.

The Massachusetts Coastal Management Program site visit will be from September 14-18, 1998. One public meeting will be held during the week. This public meeting will be on Wednesday, September 16, 1998, at 7:00 p.m. in the Massachusetts Maritime Academy, Room 101, 101 Academy Drive, Buzzards Bay, Massachusetts.

The Waquoit Bay National Estuarine Research Reserve in Massachusetts site visit will be from September 21-25, 1998. One public meeting will be held during the week. This public meeting will be on Wednesday, September 23, 1998, at 7:00 p.m. at the Waquoit Bay Reserve Headquarters, Main House—Old Sargent Estate, 149 Waquoit Highway, Waquoit, Massachusetts.

The States will issue notice of the public meeting(s) in a local newspaper(s) at least 45 days prior to the public meeting(s), and will issue other timely notices as appropriate.

Copies of the State's most recent performance reports, as well as OCRM's notifications and supplemental request letters to the States, are available upon request from OCRM. Written comments from interested parties regarding these Programs are encouraged and will be accepted until 15 days after the public meeting. Please direct written comments to Vickie A. Allin, Chief, Policy Coordination Division (PCD), Office of Ocean and Coastal Resource Management, NOS/NOAA, 1305 East-West Highway, Silver Spring, Maryland 20910. When the evaluation is completed, OCRM will place a notice in the **Federal Register** announcing the availability of the Final Evaluation Findings.

FOR FURTHER INFORMATION CONTACT: Vickie A. Allin, Chief, Policy

Coordination Division, Office of Ocean and Coastal Resource Management, NOS/NOAA, 1305 East-West Highway, Silver Spring, Maryland 20910, (301) 713-3090, ext. 126.

(Federal Domestic Assistance Catalog 11.419 Coastal Zone Management Program Administration)

Dated: July 15, 1998.

Nancy Foster,

Assistant Administrator for Ocean Services and Coastal Zone.

National Oceanic and Atmospheric Administration

[I.D. 061898E]

Marine Mammals; File No. 898-1451

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Issuance of permit.

SUMMARY: Notice is hereby given that Attractions Hawaii, d.b.a. Sea Life Park, P.O. Box 1060, Pacific Davies Center, Honolulu, Hawaii 96808 has been issued a permit to take Hawaiian monk seals, *Monachus schauinslandi*, for enhancement purposes.

ADDRESSES: The permit and related documents are available for review upon written request or by appointment in the following office(s):

Permits and Documentation Division, Office of Protected Resources, NMFS, 1315 East-West Highway, Room 13705, Silver Spring, MD 20910 (301/713-2289);

Regional Administrator, Southwest Region, National Marine Fisheries Service, NOAA, 501 West Ocean Blvd., Suite 4200, Long Beach, CA 90802-4213; and Coordinator, Pacific Area Office, National Marine Fisheries Service, NOAA, 2570 Dole Street, Room 106, Honolulu, HI 96822-2396.

FOR FURTHER INFORMATION CONTACT: Jeannie Drevenak, 301/713-2289.

SUPPLEMENTARY INFORMATION: On April 28, 1998, notice was published in the **Federal Register** (63 FR 23276) that a request for a scientific research and enhancement permit to take Hawaiian monk seals, *Monachus schauinslandi*, had been submitted by the above-named organization. The requested permit has been issued for enhancement purposes only under the authority of the Marine Mammal Protection Act of 1972, as amended (16 U.S.C. 1361 *et seq.*), the
