

Commission only upon a showing of good cause or extraordinary circumstances in accordance with 18 CFR 385.2008.

All filings must (1) bear in all capital letters the title "COMMENTS", "REPLY COMMENTS", "RECOMMENDATIONS," "TERMS AND CONDITIONS," or "PRESCRIPTIONS;" (2) set forth in the heading the name of applicant and the project number of the application to which the filing responds; (3) furnish the name, address, and telephone number of the person submitting the filing; and (4) otherwise comply with the requirements of 18 CFR 385.2001 through 385.2005. All comments, recommendations, terms and conditions or prescriptions must set forth their evidentiary basis and otherwise comply with the requirements of 18 CFR 4.34(b). Agencies may obtain copies of the application directly from the applicant. Any of these documents must be filed by providing the original and the number of copies required by the Commission's regulations to: The Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. An additional copy must be sent to Director, Division of Project Review, Office of Hydropower Licensing, Federal Energy Regulatory Commission, at the above address. Each filing must be accompanied by proof of service on all persons listed on the service list prepared by the Commission in this proceeding, in accordance with 18 CFR 4.34(b), and 385.2010.

Linwood A. Watson, Jr.,

Acting Secretary.

BILLING CODE 6717-01-M

ENVIRONMENTAL PROTECTION AGENCY

[OPP-50844; FRL-6019-4]

Issuance of an Experimental Use Permit

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: EPA has granted an experimental use permit to the following applicant. This permit is in accordance with, and subject to, the provisions of 40 CFR part 172, which defines EPA procedures with respect to the use of pesticides for experimental use purposes.

FOR FURTHER INFORMATION CONTACT: By mail: John Bazuin, Jr., Registration Division (7505C), Office of Pesticide

Programs, Environmental Protection Agency, 401 M St., SW., Washington, DC 20460. In person or by telephone: Crystal Mall #2, 2nd Floor, 1921 Jefferson Davis Highway, Arlington, VA, (703) 305-7381, e-mail: bazuin.john@epamail.epa.gov.

SUPPLEMENTARY INFORMATION: EPA has issued the following experimental use permit:

10182-EUP-63. Issuance. Zeneca Ag Products, Inc., 1800 Concord Pike, Wilmington, DE 19850. This experimental use permit allows the use of up to 800 pounds of the fungicidal active ingredient methyl (E)-2-(2-(6-(2-cyanophenoxy)pyrimidin-4-yl)oxyphenyl)-3-methoxyacrylate (azoxystrobin), in the form of up to 3,500 pounds of the product Quadris SC fungicide, in alternation with Bravo fungicide, to treat a total of up to 1,248 acres of potatoes to: (1) Evaluate the efficacy of the program for control of early blight and late blight; (2) determine the yield and quality benefits of the program, as compared to a standard fungicide program; (3) determine the costs and benefits of the program, as compared to a standard fungicide program; (4) determine the extent of pesticide use reduction possible, as compared to a standard fungicide program; and (5) monitor populations of the early blight and late blight pathogens for baseline sensitivity to the Quadris SC fungicide. This program is authorized only in the State of Wisconsin. This experimental use permit is effective from July 13, 1998 to July 12, 1999. This permit is issued with the limitation that all treated crops will be destroyed or used for research purposes only.

Persons wishing to review this experimental use permit are referred to the designated product manager. Inquiries concerning this permit should be directed to the person cited above. It is suggested that interested persons call before visiting the EPA office, so that the appropriate file may be made available for inspection purposes from 8 a.m. to 4 p.m., Monday through Friday, excluding legal holidays.

Authority: 7 U.S.C. 136.

List of Subjects

Environmental protection,
Experimental use permits.

Dated: July 15, 1998.

James Jones,

Director, Registration Division, Office of Pesticide Programs.

FEDERAL COMMUNICATIONS COMMISSION

Public Information Collections Approved by Office of Management and Budget

July 14, 1998.

The Federal Communications Commission (FCC) has received Office of Management and Budget (OMB) approval for the following public information collections pursuant to the Paperwork Reduction Act of 1995, Public Law 104-13. An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid control number. For further information contact Shoko B. Hair, Federal Communications Commission, (202) 418-1379.

Federal Communications Commission

OMB Control No.: 3060-0715.

Expiration Date: 06/30/2001.

Title: Implementation of the Telecommunications Act of 1996: Telecommunications Carriers' Use of Customer Proprietary Network Information and Other Customer Proprietary Network.

Form No.: N/A.

Respondents: Business or other for-profit.

Estimated Annual Burden: 4832 respondents; 161.62 hours per response (avg.); 780,989 total annual burden hours for all collections.

Estimated Annual Reporting and Recordkeeping Cost Burden: \$229,520,000.

Frequency of Response: On occasion; one-time.

Description: In the Second Report and Order issued in CC Docket No. 96-115, released 3/98, the Commission seeks to implement the statutory obligations of section 222 of the Telecommunications Act of 1996. In addition, the Commission undertakes a review of the current regulatory customer proprietary network information (CPNI) framework and addresses issues deferred to this proceeding from other Commission proceedings. In fulfillment of these goals, the Commission imposes certain collections of information on all telecommunications carriers. Collections Adopted in the Second Report and Order: (a) Customer Approval (47 U.S.C. Section 222(c)(1)): If carriers choose to use CPNI to market service offerings outside the customer's existing service, they must obtain customer approval. Carriers are permitted to obtain such approval through written, oral, or electronic means. Carriers are permitted to use

advanced technologies of their networks, including 800 numbers, 888 numbers, and e-mail, to obtain customer approval, in addition to using various types of written approval, such as billing inserts. See 47 CFR Sections 64.2007. (Number of respondents: 4832; hours per response: 78 hours; total annual burden: 376,896). (b) Customer Approval Documentation and Recordkeeping: Carriers must document such approval through software "flags" on customer service records indicating whether the customer has approved or declined the marketing use of his or her CPNI when solicited. The flag must be conspicuously displayed within a box or comment field within the first few lines of the first computer screen. The flag must indicate whether the customer has approved the marketing use of his or her CPNI, and in addition reference the customer's existing service subscription. Carriers must maintain records of approval, whether written, oral, or electronic for a period of at least one year, and be capable of producing them if the sufficiency of a customer's approval is challenged. See 47 CFR Sections 64.2007(e) and 64.2009. (Number of respondents: 4832; hours per response: 30 minutes; total annual burden: 2416 hours). (c) Notification of CPNI Rights: All telecommunications carriers that choose to solicit customer approval must provide their customers a one-time notification of their CPNI rights prior to any such solicitation. Carriers are required to give customers explicit notice of their CPNI rights prior to any solicitation for approval. A carrier is permitted to provide either written or oral notification. Such notification may take the form of a bill insert, an individual letter or an oral presentation that advises the customer of his/her right to restrict carrier access to CPNI. At a minimum, customer notification, whether oral or written, must provide sufficient information to enable the customer to make an informed decision as to whether to permit a carrier to use, disclose, or permit access to CPNI. The notice must specify the types of information that constitute CPNI and the specific entities that will receive the CPNI, describe the purpose for which the CPNI will be used and inform the customer of his or her right to disapprove those uses, and to deny or withdraw access to CPNI at any time. The notification also must advise customers of the precise steps they must take in order to grant or deny access to CPNI, and must clearly state that a denial of approval will not affect the provision of any services to which the customer subscribes. The

notification must be reasonably comprehensible and non-misleading. If any portion of a notification is translated into another language, then all portions of the notification must be translated into the language. See 47 CFR Section 64.2007(f) and paragraphs 138-141 in the Order. (Number of respondents: 4832; hours per response: 78 hours; total annual burden: 376,896 hours). (d) Notification Recordkeeping: Pursuant to this one-time notification requirement, these carriers must maintain a record of such notifications. Carriers must maintain such records for a period of at least one year. See 47 CFR Section 64.2007(e). (Number of respondents: 4832; hours per response: 30 minutes; total annual burden: 2416 hours). (e) Audit Mechanism: All employees with access to customer records must be trained as to when they can and cannot access the customer's CPNI. Carriers must maintain electronic audit mechanisms that track access to customer accounts. All carriers must record whenever customer records are opened, by whom, and for what purpose, and maintain these contact histories for a period of at least one year. See 47 CFR Section 64.2009. (Number of respondents: 4832; hours per response: 30 minutes; total annual burden: 2416 hours). (f) Event Histories Recordkeeping: To assure compliance with CPNI protections, sales personnel must obtain supervisory review of any proposed request to use CPNI for outbound marketing purposes. Carriers are required to maintain a record of these event histories for at least one year from the date of the marketing campaign. See 47 CFR 64.2009(d). (Number of respondents: 4832; hours per response: 30 minutes; total annual burden: 2416 hours). (g) Corporate Compliance Certification: All telecommunications carriers must obtain on an annual basis a certification signed by a current corporate officer attesting that he or she has personal knowledge that the carrier is in compliance with the rules we promulgated in this order, and to create an accompanying statement explaining how the carriers are implementing our rules and safeguards. This certification must be made publicly available. See 47 CFR Section 64.2009(e) and paragraph 201 of Order. (Number of respondents: 4832; hours per response: 1 hour; total annual burden 4832 hours). (h) Aggregate Customer Information Disclosure Requirements for LECs (47 U.S.C. 222(c)(3)): LECs must disclose aggregate customer information to others upon request, when they use or disclose the aggregate customer

information for marketing service to which the customer does not subscribe. See paragraph 150 in text of Order. (Number of respondents: 1400; hours per response 1 hour; total annual burden: 1400 hours). (i) Subscriber List Information Disclosure Requirement for Providers of Telephone Exchange Service (47 U.S.C. Section 222(e)): Section 222(e) states that a telecommunications carrier that provides "telephone exchange service" shall provide subscriber list information "gathered in its capacity as a provider of such service on a timely and unbundled basis, under nondiscriminatory and reasonable rates, terms, and conditions, to any person upon request for the purpose of publishing directories in any format." (Number of respondents: 1400; hours per response: 4 hours; total annual burden: 5600 hours). (j) CPNI Disclosure to Third Parties: Section 222(c)(2) requires carriers, when presented with a customer's affirmative written request, to provide that customer's CPNI to any person designated in the written authorization. Section 222(c)(2) imposes a disclosure requirement on carriers to ensure that any party with customer authorization, including unaffiliated third party competitors, can obtain access to individually identifiable CPNI. As such, carriers must provide a customer's CPNI to any party that has obtained an affirmative written authorization from the customer. (Number of respondents: 500; hours per response: 5 hours; total annual burden: 2500 hours).

Collections Proposed in the FNPRM

(k) Proposed Foreign Storage of CPNI: The Commission sought comment on whether requiring written customer consent to store or access CPNI from a foreign country and maintaining duplicate CPNI records in the U.S. are necessary to protect customer confidentiality under section 222(a) or any other provisions. (Number of respondents: 10; hours per response: 78.5; total annual burden: 785 hours). (l) Proposed Foreign Maintenance of CPNI of all U.S.-Based Customers Records: The Commission sought comment on the FBI's proposal to require carriers to maintain copies of the CPNI of all U.S.-based customers, regardless of whether they are U.S. domestic customers, because of the need for prompt, secure and confidential law enforcement, public safety, or national security access to such information, pursuant to lawful authority. (Number of respondents: 4832; hours per response: 30 minutes; total annual burden: 2416 hours). All of the collections, adopted and proposed,

would be used to ensure that telecommunications carriers comply with the CPNI requirements the Commission promulgates in the Second Report and Order and to implement Section 222 of the statute. Obligation to respond: Mandatory.

OMB Control No.: 3060-0756.

Expiration Date: 06/30/2001.

Title: Procedural Requirements and Policies for Commission Processing of Bell Operating Company Applications for the Provision of In-Region, InterLATA Services Under Section 271 of the Communications Act.

Form No.: N/A.

Respondents: Business or other for-profit.

Estimated Annual Burden: 75 respondents; 250 hours per response (avg.); 18,820 total annual burden hours for all collections.

Estimated Annual Reporting and Recordkeeping Cost Burden: \$0.

Frequency of Response: On occasion.

Description: In a Public Notice released 9/19/97, the Commission revised the various procedural requirements and policies relating to the Commission's processing of Bell Operating Company (BOC) applications to provide in-region, interLATA services pursuant to section 271 of the Communications Act of 1934, as amended. Section 271 provides for applications on a state-by-state basis. The Public Notice requires that applicant file an original and 11 copies of each application, together with one copy on a computer diskette. The applications each will consist of a stand-alone, principal document with supporting documentation such as records of state proceedings, interconnection agreements, affidavits, etc. (No. of respondents: 7; hours per response: 125 hours; total annual burden: 6125 hours). State regulatory commission will file written consultations relating to the applications no later than approximately 20 days after the issuance of an Initial Public Notice establishing specific due dates for various filings. (No. of respondents: 49; hours per response: 120 hours; total annual burden: 5880 hours). The Department of Justice will file written consultations relating to the applications not later than approximately 35 days after the issuance of the Initial Public Notice. (No. of respondents: 1; hours per response 100 hrs per state; total annual burden: 4900 hours). Interested third parties may file comments on the applications not later than approximately 20 days after the

issuance of the Initial Public Notice. All substantive arguments must be made in a legal brief and not in affidavits or other supporting documentation. (No. of respondents: 75; hours per response: 25 hours; total annual burden: 1875 hours). All participants in the proceeding may file a reply to any comment made by any other participant. Such replies will be due approximately 45 days after the Initial Public Notice is issued. (No. of respondents: 10; hours per response: 2 hours; total annual hour: 20 hours). A dispositive motion filed with the Commission in a section 271 proceeding will be treated as an early-filed pleading and will not be subject to a separate pleading cycle, unless the Commission or Bureau determines otherwise. Non-dispositive motions will be subject to the default pleading cycle in section 1.45 of our rules, unless the Commission determines otherwise in a public notice. (No. of respondents: 10; hours per response: 2 hours; total annual burden: 20 hours). See the September 1997 Public Notice for details of all the requirements and procedures associated with this process. All of the requirements are used to ensure that BOCs have complied with their obligations under the Communications Act of 1934, as amended, before being authorized to provide in-region, interLATA services pursuant to section 271. Obligation to respond: Mandatory.

OMB Control No.: 3060-0793.

Expiration Date: 07/31/2001.

Title: Procedures for States Regarding Lifeline Consents, Adoption of Intrastate Discount Matrix for Schools and Libraries, and Designation of Eligible Telecommunications Carriers.

Form No.: N/A.

Respondents: Business or other for-profit.

Estimated Annual Burden: 865 respondents; 1.12 hours per response (avg.); 970 total annual burden hours for all collections.

Estimated Annual Reporting and Recordkeeping Cost Burden: \$0.

Frequency of Response: On occasion.

Description: On May 8, 1997, the Commission released Federal-State Joint Board on Universal Service, Report and Order, CC Docket No. 96-45, FCC 97-157 (Order). In that Order, the Commission adopted rules providing funding for discounts to eligible schools and libraries. The Commission also adopted rules mandating that state commissions designate common carriers as eligible telecommunications carriers for service areas selected by state commissions in accordance with section 214(e). In a Public Notice, the Common

Carrier Bureau announced procedures states must follow in order to receive universal service support. a. Submission of eligibility criteria. States must, either upon their own motion or upon request, designate common carriers as eligible telecommunications carriers for service areas designated by the state commission in accordance with section 214(e). 47 CFR 54.201(b). States must also designate service areas for non-rural carriers. 47 CFR 54.201(b). We request that states submit a list of carriers designated as eligible telecommunications carriers and the service areas such non-rural carriers are required to serve to the Universal Service Administrator. We request that states also send copies of the lists to the Universal Service Branch and the Office of the Secretary at the Federal Communications Commission. This information should be submitted as soon as possible after a state makes a designation. (No. of respondents: 25; hours per response: 1 hour; total annual burden: 25 hours). b. Self-certification as a rural telephone company. Any local exchange carrier that seeks to be classified as a rural telephone company must file a letter with the Commission by April 30th of each year notifying the Commission that the LEC certifies itself to be a rural telephone company and explaining how the carrier meets at least one of the four criteria in 47 U.S.C. § 153(37). (No. of respondents: 840; hours per response: 1 hour; total annual burden: 840 hours). c. Notification of change in status as rural telephone company. If a local exchange carrier's status as a rural telephone company changes so that it becomes ineligible for certification as a rural carrier, that carrier must inform the Commission and the Universal Service Administrator within one month of the change in status. (No. of respondents: 210; hours per response: .5 hours; total annual burden: 105 hours).

All the requirements contained herein are necessary to implement the congressional mandate for universal service. These reporting requirements are necessary to verify that particular carriers and other respondents are eligible to receive universal service support. Obligation to respond: Required to obtain benefits.

OMB Control No.: 3060-0806.

Expiration Date: 06/30/2001.

Title: Universal Service: Schools and Libraries Universal Service Program.

Form No.: FCC Forms 470 and 471.

Respondents: Business or other for-profit.

Estimated Annual Burden: 60,000 respondents; 11 hours per response

(avg.); 660,000 total annual burden hours for all collections.

Estimated Annual Reporting and Recordkeeping Cost Burden: \$0.

Frequency of Response: On occasion.

Description: On May 8, 1997, the Commission adopted rules in CC Docket No. 96-45 providing discounts on all telecommunications services, Internet access, and internal connections for all eligible schools and libraries. The following forms are used to implement these requirements and obligations: a. FCC Form 470—Description of Services Requested and Certification. Schools and libraries ordering telecommunications services, Internet access, and internal connections under the universal service discount program must submit a description of the services desired to the Administrator. Schools and libraries may use the same description they use to meet the requirement that they generally place to solicit competitive bids. The Administrator will then post a description of the services sought on a website for all potential competing service providers to see and respond to as if they were requests for proposals (RFPs). 47 CFR 54.504(b)(2), 47 CFR 54.504(b)(3). Pursuant to section 254(h) of the 1996 Telecommunications Act, schools and libraries must certify under oath that: (1) The school or library is an eligible entity under section 254(h)(4); (2) the services requested will be used solely for educational purposes; (3) the services will not be sold, resold, or transferred in consideration for money or any other thing of value; and (4) if the services are being purchased as part of an aggregated purchase with other entities, the identifies of all co-purchasers and the portion of the services being purchased by the school or library. 47 CFR 54.504(b)(2). For schools ordering telecommunications services at the individual school level (i.e., primarily non-public schools), the person ordering such services should certify to the Administrator the percentage of students eligible in that school for the national school lunch program (or other comparable indicator of economic disadvantage ultimately selected by the Commission). This requirement arises in the context of determining which schools are eligible for the greater discounts being offered to economically disadvantaged schools. For schools ordering telecommunications services at the school district level, the person ordering such services for the school district should certify to the Administrator the number of studies in each of its schools eligible for the national school lunch program (or other comparable indicator

of economic disadvantage). Schools and libraries must also certify that they have developed a technology plan that has been approved by an independent entity or the Administrator. The technology plan should demonstrate that they will be able to deploy any necessary hardware, software, and wiring, and to undertake any necessary teacher training required to use the services ordered pursuant to the section 254(h) discount effectively. 47 CFR 54.504(b)(2). (No. of respondents: 50,000; hours per response: 6 hours; total annual burden: 300,000 hours). b. FCC form 471—Services Ordered and Certification. Schools and libraries that have ordered telecommunications services, Internet access, and internal connections under the universal service discount program must file FCC Form 471 with the Administrator. This form requires schools and libraries to indicate whether funds are being requested for an existing contract, a master contract or whether it wishes to terminate service. FCC Form 471 requires schools and libraries to list all services that have been ordered and the corresponding discount to which it is entitled. The school or library must also estimate its funding needs for the current funding year and for the following funding year. 47 CFR 54.504(b)(2). (No. of respondents: 60,000; hours per response: 6 hours; total annual burden: 360,000). All schools and libraries planning to order services eligible for universal service discounts must file FCC Forms 470 and 471. The purpose of this information is to help determine which schools are eligible for the greater discounts. Schools and libraries must certify to the Administrator that they have developed an approved technology plan via form 470. Copies of the forms may be obtained via email from: <www.neca.org>. Obligation to respond: Required to obtain benefits.

OMB Control No.: 3060-0804.

Expiration Date: 07/31/2001.

Title: Universal Service—Health Care Providers Universal Service Program.

Form No.: FCC Forms 465, 466, 467, and 468.

Respondents: Business or other for-profit.

Estimated Annual Burden: 18,400 respondents; 6.6 hours per response (avg.); 121,500 total annual burden hours for all collections.

Estimated Annual Reporting and Recordkeeping Cost Burden: \$0.

Frequency of Response: On occasion.

Description: FCC Form 465—Description of Services Requested and Certification. All health care providers requesting services eligible for universal

service support must file a Description of Services and Certification Form with the Administrator. Filing this form is the first step a health care provider must take to participate in the universal service program. The Administrator will then post a description of the services sought on a website for all potential competing service providers to see and respond to as if they were requests for proposals (RFPs). (No. of respondents: 12,000; hours per response: 2.5; total annual burden: 30,000 hours). FCC Form 466—Services Ordered and Certification. All health care providers ordering services that are eligible for universal service support must file a Services Ordered and Certification Form with the Administrator. 47 CFR Section 54.603(b)(4). FCC Form 466, Services Ordered and Certification will be used to ensure health care providers have selected the most cost-effective method of providing the requested services as set forth in 47 CFR Section 54.603(b)(4). FCC Form 466 is also the means by which an applicant informs the Administrator that it has entered a contract with a telecommunications service provider for services that are supported under the universal services support program. The administrator must receive this form before it can commit universal service funds to support the services for which the applicant has contracted. (No. of respondents: 15,000; hours per response: 1.5 hours; total annual burden: 22,500 hours). FCC Form 467, Receipt of Service Confirmation. All health care providers that are receiving supported telecommunications service must file this form with the Administrator. The data in the report will be used to ensure that health care providers are receiving the services they have contracted for with telecommunications service providers so that universal service support may be appropriate to the telecommunications service provider pursuant to 47 CFR Section 54.611. (No. of respondents: 12,000; hours per response: 1.5 hours; total annual burden: 18,000 hours). FCC Form 468, Telecommunications Service Providers Support. All health care providers ordering services eligible for universal service support must file this form. The data in the report will be used to ensure that health care providers have calculated the amount of universal service support as set forth in 47 CFR Section 54.609(b). Telecommunications carriers must complete Form 468 by indicating the rural and urban rates for the service they have provided and the amount of the discount for which they must be reimbursed, and return it to the

health care provider. The health care provider must attach it to Form 466 and file both forms with the administrator. (No. of respondents: 3400; hours per response: 1.5 hours; total annual burden: 51,000 hours (assuming 10 submissions per respondent)). These forms are used to administer the health care providers universal service program. The information is used primarily to determine eligibility. Copies of the forms may be obtained via e-mail from: <www.neca.org>. Obligation to respond: Required to obtain benefit.

OMB Control No.: 3060-0355.

Expiration Date: 07/31/2001.

Title: Rate of Return Reports.

Form No.: FCC Forms 492, 492A.

Respondents: Business or other for-profit.

Estimated Annual Burden: 107 respondents; 8 hours per response (avg.); 856 total annual burden hours for all collections.

Estimated Annual Reporting and Recordkeeping Cost Burden: \$0.

Frequency of Response: On occasion; annually.

Description: Filing of FCC Form 492 and FCC Form 492A is required by Sections 65.600 of the FCC Rules. Filing of the FCC Form 492 on an annual basis is required from each local exchange carrier or group of affiliated carriers which is not subject to Sections 61.41 through 61.49 of the Commission's Rules and which has filed individual access tariffs during the enforcement period. Each local exchange carrier or group of affiliated carriers subject to the previously stated sections shall file the FCC Form 492A report with the Commission for the calendar year. These carriers are also required to file within 15 months after the end of each calendar year a report reflecting any corrections or modifications. The forms are necessary to enable the Commission to monitor the access tariffs and price cap earnings, and to enforce rate of return prescriptions. A copy of each report must be retained in the principal office of the respondent and shall be filed in such manner as to be readily available for reference and inspection. The date is used by staff members for enforcement purposes and by the public in analyzing the industry. The reports are also used by the Commission in the tariff review process and provide both the Commission and the carriers with an early warning system if rate adjustments are necessary to correct significant targeting errors. FCC Forms 492 and 492A are being revised to incorporate the new OMB expiration date and to make other adjustments. A public notice

will be issued when the forms are available for public use. Obligation to respond: Mandatory.

Public reporting burden for the collections of information is as noted above. Send comments regarding the burden estimate or any other aspect of the collections of information, including suggestions for reducing the burden to Performance Evaluation and Records Management, Washington, D.C. 20554.

Federal Communications Commission.

FEDERAL RESERVE SYSTEM

Change in Bank Control Notices; Acquisitions of Shares of Banks or Bank Holding Companies

The notificants listed below have applied under the Change in Bank Control Act (12 U.S.C. 1817(j)) and § 225.41 of the Board's Regulation Y (12 CFR 225.41) to acquire a bank or bank holding company. The factors that are considered in acting on the notices are

set forth in paragraph 7 of the Act (12 U.S.C. 1817(j)(7)).

The notices are available for immediate inspection at the Federal Reserve Bank indicated. The notices also will be available for inspection at the offices of the Board of Governors. Interested persons may express their views in writing to the Reserve Bank indicated for that notice or to the offices of the Board of Governors. Comments must be received not later than August 5, 1998.

A. Federal Reserve Bank of Cleveland
(Paul Kaboth, Banking Supervisor) 1455 East Sixth Street, Cleveland, Ohio 44101-2566:

1. *Edward L. Clemons*, Hazard, Kentucky; to acquire voting shares of Marie R. Turner Holding Company, Jackson, Kentucky, and thereby indirectly acquire Citizens Bank & Trust Company of Jackson, Jackson, Kentucky.

Robert deV. Frierson,

Associate Secretary of the Board.

[FR Doc. 98-19409 Filed 7-20-98; 8:45 am]

BILLING CODE 6210-01-F

FEDERAL RESERVE SYSTEM

Formations of, Acquisitions by, and Mergers of Bank Holding Companies

The companies listed in this notice have applied to the Board for approval, pursuant to the Bank Holding Company Act of 1956 (12 U.S.C. 1841 *et seq.*) (BHC Act), Regulation Y (12 CFR Part 225), and all other applicable statutes and regulations to become a bank holding company and/or to acquire the assets or the ownership of, control of, or the power to vote shares of a bank or bank holding company and all of the banks and nonbanking companies owned by the bank holding company, including the companies listed below.

The applications listed below, as well as other related filings required by the Board, are available for immediate inspection at the Federal Reserve Bank indicated. The application also will be available for inspection at the offices of the Board of Governors. Interested persons may express their views in writing on the standards enumerated in the BHC Act (12 U.S.C. 1842(c)). If the proposal also involves the acquisition of a nonbanking company, the review also includes whether the acquisition of the nonbanking company complies with the standards in section 4 of the BHC Act. Unless otherwise noted, nonbanking activities will be conducted throughout the United States.
