##### Notice of Lodging of Consent Decree Pursuant to the Clean Air Act

Notice is hereby given that a proposed Consent Decree ("Decree") in *United States v. Lamb-Weston, Inc.*, Civil Action No. 98-0280-S-LMB, was lodged on July 1, 1998, with the United States District Court for the District of Idaho.

The complaint alleges that defendant Lamb-Weston, Inc. ("Lamb-Weston") violated the New Source Performance Standards ("NSPS"), 40 C.F.R. Part 60, Subparts A and Db, at its potato processing plants in American Falls, and Twin Falls, Idaho (collectively "the Plants"). The Plants are affected facilities as defined in the NSPS, which require: notification of construction, anticipated startup, and actual startup of affected facilities; performance testing of affected facilities; monitoring of emissions from affected facilities; and maintenance of records of such monitoring. Lamb-Weston failed to timely comply with these requirements at the Plants, as required by Sections 111 and 113 of the Clean Air Act ("CAA"), 42 U.S.C. 7411 and 7413.

Under the proposed Decree, Lamb-Weston shall pay the United States a civil penalty of \$160,000. Lamb-Weston will also complete two supplemental environmental projects ("SEPs"), at a cost of approximately \$364,000. Lamb-Weston's first SEP is replacement of a burner at its American Falls plant with a Low-NO<sub>x</sub> Burner that will reduce NO<sub>x</sub> emissions at that plant by at least 40 percent. Lamb-Weston's second SEP is the design, construction and operation of a wastewater recycling system at its Twin Falls plant. Currently, Lamb-Weston uses a silt water system to transport whole potatoes from the Twin

Falls Facility truck receiving area to other parts of that facility. The water removes dirt and silt from the potatoes as it washes and transports them. Lamb-Weston, Inc. then discharges this dirt-and silt-laden water to the publicly owned treatment works ("POTW"). The wastewater recycling system will reduce the amount of water used by and silt water discharged from the silt water system at the Twin Falls Facility by 45 percent, as well as improve the quality of silt water discharged from the silt water system at the facility by reducing the amount of total suspended solids in the discharge by 45 percent. Lamb-Weston further agrees to operate the Low-NO<sub>x</sub> Burner and the wastewater recycling system for at least two years after the effective date of the proposed Decree.

The Department of Justice will receive, for a period of thirty (30) days from the date of this publication, comments relating to the proposed consent decree. Comments should be addressed to the Assistant Attorney General for the Environment and Natural Resources Division, Department of Justice, Washington, DC 20530, and should refer to *United States v. Lamb-Weston, Inc.*, DOJ Ref. #90-5-2-1-2129.

The proposed consent decree may be examined at the office of the United States Attorney, 877 West Main Street, Suite 200, Boise, ID 83702, 208-334-1211; the Region X Office of the Environmental Protection Agency, 1200 Sixth Avenue, Seattle, WA 98101, 206-553-1218; and at the Consent Decree Library, 1120 G Street, NW., 4th Floor, Washington, DC 20005, (202) 624-0892. A copy of the proposed consent decree may be obtained in person or by mail from the Consent Decree Library, 1120 G Street, NW., 4th Floor, Washington, DC 20005. In requesting a copy please refer to the referenced case and enclose a check in the amount of \$9.00 (25 cents per page reproduction costs), payable to the Consent Decree Library.

### Immigration and Naturalization Service

[INS No. 1943-98; AG Order No. 2169-98]

#### Requirement for Registration and Fingerprinting of Certain Nonimmigrants

**AGENCY:** Immigration and Naturalization Service, Justice.

**ACTION:** Notice.

**SUMMARY:** This notice consolidates and replaces two prior notices requiring the registration and fingerprinting of certain nonimmigrants. The prior notices were published in response to continuing concern for national security resulting from terrorist attacks and uncovered plots directed by nationals of certain countries. This consolidation of prior notices allows more flexibility in the publication of such notices and clarifies the Attorney General's authority to exempt certain nationals from countries listed in this notice when such action is deemed to be in the interest of foreign policy or national security.

**EFFECTIVE DATES:** July 21, 1998.

**FOR FURTHER INFORMATION CONTACT:** Walter D. Cadman, Counterterrorism Coordinator, Office of Field Operations, Immigration and Naturalization Service, 425 I Street, NW., Room 7125, Washington, D.C. 20536, telephone (202) 305-3396.

**SUPPLEMENTARY INFORMATION:** On January 16, 1991, the Department of Justice published a Final Rule in the **Federal Register** at 56 FR 1566 requiring the registration and fingerprinting of certain nonimmigrants bearing Iraqi and Kuwaiti travel documents who apply for admission to the United States. The requirement was promulgated in response to the United States' condemnation of Iraq's invasion of Kuwait, United States' sanctions against Iraq, and the theft of thousands of Kuwaiti passports during the occupation of Kuwait by Iraq, all of which heightened the potential for domestic anti-United States terrorist activities. On December 23, 1993, the Department published an Interim Rule in the **Federal Register** at 58 FR 68024 that removed the requirement for the registration and fingerprinting of certain nonimmigrants bearing Iraqi and Kuwaiti travel documents and added a new paragraph (f) to 8 CFR 264.1. Paragraph (f) of that section provides that the Attorney General may require, by public notice in the **Federal Register**, certain nonimmigrants of specific countries to be registered and fingerprinted upon arrival in the United States, pursuant to section 263(a)(6) of the Immigration and Nationality Act, as amended.

Under the authority of 8 CFR 264.1(f), the Department published a notice entitled Requirement for the Registration and Fingerprinting of Certain Nonimmigrants Bearing Iranian and Libyan Travel Documents in the **Federal Register** at 61 FR 46829 (September 5, 1996) and a notice

entitled Requirement for the Registration and Fingerprinting of Certain Nonimmigrants Bearing Iraqi and Sudanese Travel Documents in the **Federal Register** at 58 FR 68157 (December 23, 1993). This notice replaces and consolidates these prior notices.

#### Notice of Requirement for Registration and Fingerprinting of Certain Nonimmigrants

Pursuant to 8 CFR 264.1(f), I hereby order as follows: nonimmigrant aliens from the following countries shall be registered on Form I-94 (Arrival/Departure Record), photographed, and fingerprinted on Form FD-258 (Fingerprint Chart) by the Immigration and Naturalization Service at the Port of Entry where the aliens apply for admission to the United States: Iran; Libya; Iraq; and Sudan.

Nonimmigrants who apply for admission under section 101(a)(15)(A) or 101(a)(15)(G) of the Immigration and Nationality Act, as amended, are exempt from the requirements of this notice. In addition, the Attorney General, after consultation with the Secretary of State, may exempt certain nonimmigrants who are nationals of the countries listed herein from the requirements of this notice when such action is deemed to be in the interest of foreign policy or national security. Nothing in the foregoing sentence may be construed as creating a right to apply for or receive such an exemption.

Dated: July 17, 1998.
