FARM CREDIT ADMINISTRATION

Farm Credit Administration Board Action to Approve a Plan of Voluntary Liquidation of AgCo Services Corporation and Cancel the Charter of AgCo Services Corporation

AGENCY: Farm Credit Administration.

ACTION: Notice.

On June 29, 1998, the Farm Credit Administration Board adopted FCA Board Action NV 98–26 authorizing the voluntary liquidation of AgCo Services Corporation (AgCo) without the appointment of a receiver pursuant to 12 CFR 627.2795(a), and the cancellation of AgCo's charter arising out of the voluntary liquidation of AgCo. The text of the FCA Board Action is set forth below: Farm Credit Administration (FCA) Board Action to Cancel the Charter of AGCO Services Corporation.

Whereas, AgCo Services Corporation, chartered under section 4.25 of the Farm Credit Act of 1971 as amended, and originally organized by CoBank, ACB and AgAmerica, FCB for the purpose of consolidating their management information systems and electronic data processing functions, has not performed any of the services for which it was originally chartered for nearly two years;

Whereas, the board of directors of AgCo Services Corporation has submitted a plan of voluntary liquidation pursuant to FCA Regulation 12 CFR 627.2795(a) to liquidate the service corporation;

Whereas, CoBank, ACB of Englewood, Colorado, as the sole remaining shareholder of AgCo Services Corporation, voted to voluntarily liquidate the service corporation pursuant to 12 CFR 627.2795; and

Whereas, CoBank, ACB has agreed to assume all present and future liabilities and responsibilities in whatever form and substance as well as acquire the remaining assets of AgCo Services Corporation;

Now, therefore, it is hereby ordered that:

1. The Charter of the AgCo Services Corporation is hereby canceled.
2. The foregoing FCA Board action shall be effective at 5:00 p.m. EDT on July 22, 1998.

Signed by Marsha Pyle Martin, Chairman, Farm Credit Administration Board, on June 29, 1998.

Dated: July 21, 1998.

Floyd Fithian,
Secretary, Farm Credit Administration Board.

FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collection(s) Submitted to OMB for Review and Approval

July 21, 1998.

SUMMARY: The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection, as required by the Paperwork Reduction Act of 1995, Public Law 104–13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Written comments should be submitted on or before August 26, 1998. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all comments to Les Smith, Federal Communications Commissions, Room 234, 1919 M St., N.W., Washington, DC 20554 or via internet to lesmith@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collections contact Les Smith at 202–418–0217 or via internet at lesmith@fcc.gov.

SUPPLEMENTARY INFORMATION:

OMB Approval Number: 3060–0332.

Title: Section 76.614 Cable television system regular monitoring.

Type of Review: Extension of a currently approved collection.

Respondents: Business and other for-profit entities.

Number of Respondents: 9,300.

Estimated Time Per Response: .5 hours–1 hour.

Frequency of Response: On occasion reporting requirement.

Total Annual Burden to Respondents: 9,300 hours.

Total Annual Cost to Respondents: \$32,550.

Needs and Uses: Section 76.614 requires that cable television operators transmitting carriers in the frequency bands 108–137 and 225–400 MHz shall provide for a program of regular monitoring for signal leakage by substantially covering the plant every three months. This collection (3060–0332) accounts for the paperwork and recordkeeping burden associated with maintaining logs that show the date and location of each leakage source identified, the date on which the leakage was repaired and the probable cause of the leakage. This data are used by cable television systems and the Commission to prevent, locate, and eliminate harmful interference as it occurs, to help assure safe operation of aeronautical and marine radio services and to minimize the possibility of interference to these safety-of-life services. If this collection of information is not conducted, there would be a greater likelihood of harmful interference to aeronautical and safety radio services, Commission efforts to locate and eliminate such interference would be impaired, and there would be a potentially greater risk to safety-of-life and property.

Federal Communications Commission.

Magalie Roman Salas,
Secretary.

The applications listed below, as well as other related filings required by the Board, are available for immediate inspection at the Federal Reserve Bank indicated. The application also will be available for inspection at the offices of the Board of Governors. Interested persons may express their views in writing on the standards enumerated in the BHC Act (12 U.S.C. 1842(c)). If the proposal also involves the acquisition of a nonbanking company, the review also includes whether the acquisition of the nonbanking company complies with the standards in section 4 of the BHC Act. Unless otherwise noted, nonbanking activities will be conducted throughout the United States.

Unless otherwise noted, comments regarding each of these applications must be received at the Reserve Bank indicated or the offices of the Board of Governors not later than August 21, 1998.

Agency for Health Care Policy and Research

Contract Review Meeting

In accordance with Section 10(a) of the Federal Advisory Committee Act (5 U.S.C. Appendix 2), announcement is made of the following technical review committee to meet during the month of August 1998.

Name: Technical Review Committee on the Agency for Health Care Policy and Research SBIR Topic 3000—Computer Decision Support Tools for Evidence-based Medicine.

Date and Time: August 5, 1998, 8:00 a.m.—5:00 p.m.

Place: Hyatt Regency-Bethesda, Tiffany/Cartier Room, One Bethesda Metro Center, Bethesda, Maryland 20814.

This meeting will be closed to the public.

Purpose: The Technical Review Committee's charge is to provide, on behalf of the Agency for Health Care Policy and Research (AHCPR) Contracts Review Committee, recommendations to the Administrator, AHCPR, regarding the technical merit of contract proposals submitted in response to a specific Request for Proposals regarding the AHCPR Research Topic 3000, SBIR-Computer Decision Support Tools for Evidence-based Medicine, announced in the Commerce Business Daily on May 1, 1998.

These contracts constitute the Agency for Health Care Policy and Research's participation in the Small Business Innovative Research Program (SBIR). The programs of the Department of Health and Human Services (HHS), and of certain other Federal agencies are required by statutes to reserve 2.5 percent of their current fiscal year extramural budgets for research or research and development (R&D) for SBIR programs. The purpose of the legislation is to emphasize increased private sector commercialization of technology developed through Federal SBIR R&D; increase small business participation in Federal R&D; and foster and encourage participation of socially and economically disadvantaged small business concerns in the SBIR program and to expand and improve the SBIR programs.

In Phase I of the SBIR program, each contractor will determine and report the scientific, technical, and commercial merit and feasibility of proposed research or R&D efforts and the ability of that small business concern to carry out this research or R&D with further Federal support in Phase II.

AHCPR issued a Request for Proposal (AHCPR-98-0014) under the SBIR program for Phase I contracts for the specific topic of Computer Decision Support Tools for Evidence-based Medicine. Evidence-based medicine is increasingly providing systematic reviews of the medical literature to improve the care provided to patients. What is lacking are real-time resources to give providers on-site and immediate access to the latest requested evidence. The SBIR

contract projects are to produce software that will provide decision support tools and information on demand for clinicians to foster the practice of evidence-based medicine.

Agenda: The Committee meeting will be devoted entirely to the technical review and evaluation of contract proposals submitted in response to the above-referenced Request for Proposals. The Administrator, AHCPR, has made a formal determination that this meeting will not be open to the public. This action is necessary to safeguard confidential proprietary information and personal information concerning individuals associated with the proposals that may be revealed during this meeting, and to protect the free exchange of views, and avoid undue interference with Committee and Department operations.

This is in accordance with section 10(d) of the Federal Advisory Committee Act, 5 U.S.C., Appendix 2, implementing regulations, 41 CFR 101-6.1023 and procurement regulations, 48 CFR 315.604(d).

Anyone wishing to obtain information regarding this meeting should contact Kate Rickard, Center for Practice and Technology Assessment, Agency for Health Care Policy and Research, 6010 Executive Boulevard, Suite 304, Rockville, Maryland 20852, telephone (301) 594-2431.

Dated: July 16, 1998.

Administrator.
