BILLING CODE 4160-01-F

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-4341-N-20]

Federal Property Suitable as Facilities to Assist the Homeless

AGENCY: Office of the Assistant Secretary for Community Planning and Development, HUD.

ACTION: Notice.

SUMMARY: This Notice identifies unutilized, underutilized, excess, and surplus Federal property reviewed by HUD for suitability for possible use to assist the homeless.

FOR FURTHER INFORMATION CONTACT: Mark Johnston, room 7256, Department of Housing and Urban Development, 451 Seventh Street SW, Washington, DC 20410; telephone (202) 708-1226; TTY number for the hearing- and speech-impaired (202) 708-2565 (these telephone numbers are not toll-free), or call the toll-free Title V information line at 1-800-927-7588.

SUPPLEMENTARY INFORMATION: In accordance with 24 CFR part 581 and section 501 of the Stewart B. McKinney Homeless Assistance Act (42 U.S.C. 11411), as amended, HUD is publishing this Notice to identify Federal buildings and other real property that HUD has reviewed for suitability for use to assist the homeless. The properties were reviewed using information provided to HUD by Federal landholding agencies regarding unutilized and underutilized buildings and real property controlled by such agencies or by GSA regarding its inventory of excess or surplus Federal property. This Notice is also published in order to comply with the December 12, 1998 Court Order in *National Coalition for the Homeless v.*

Veterans Administration, No. 88-2503-OG (D.D.C.).

Properties reviewed are listed in this Notice according to the following categories: Suitable/available, suitable/unavailable, suitable/to be excess, and unsuitable. The properties listed in the three suitable categories have been reviewed by the landholding agencies, and each agency has transmitted to HUD: (1) Its intention to make the property available for use to assist the homeless, (2) its intention to declare the property excess to the agency's needs, or (3) a statement of the reasons that the property cannot be declared excess or made available for use as facilities to assist the homeless.

Properties listed as suitable/available will be available exclusively for homeless use for a period of 60 days from the date of this Notice. Homeless assistance providers interested in any such property should send a written expression of interest to HHS, addressed to Brian Rooney, Division of Property Management, Program Support Center, HHS, room 5B-41, 5600 Fishers Lane, Rockville, MD 20857; (301) 443-2265. (This is not a toll-free number.) HHS will mail to the interested provider an application packet, which will include instructions for completing the application. In order to maximize the opportunity to utilize a suitable property, providers should submit their written expressions of interest as soon as possible. For complete details concerning the processing of applications, the reader is encouraged to refer to the interim rule governing this program, 24 CFR part 581.

For properties listed as suitable/to be excess, that property may, if subsequently accepted as excess by GSA, be made available for use by the homeless in accordance with applicable law, subject to screening for other Federal use. At the appropriate time, HUD will publish the property in a Notice showing it as either suitable/available or suitable/unavailable.

For properties listed as suitable/unavailable, the landholding agency has decided that the property cannot be declared excess or made available for use to assist the homeless, and the property will not be available.

Properties listed as unsuitable will not be made available for any other purpose for 20 days from the date of this Notice. Homeless assistance providers interested in a review by HUD of the determination of unsuitability should call the toll free information line at 1-800-927-7588 for detailed instructions or write a letter to Mark Johnston at the address listed at the beginning of this Notice. Included in the request for

review should be the property address (including zip code), the date of publication in the **Federal Register**, the landholding agency, and the property number.

For more information regarding particular properties identified in this Notice (*i.e.*, acreage, floor plan, existing sanitary facilities, exact street address), providers should contact the appropriate landholding agencies at the following addresses: *Energy*: Ms. Marsha Penhaker, Department of Energy, Facilities Planning and Acquisition Branch, FM-20, Room 6H-058, Washington, DC 20585; (202) 586-0426; *GSA*: Mr. Brian K. Polly, Assistant Commissioner, General Services Administration, Office of Property Disposal, 18th and F Streets, NW, Washington, DC 20405; (202) 501-2059; *Navy*: Mr. Charles C. Cocks, Department of the Navy, Director, Real Estate Policy Division, Naval Facilities Engineering Command, Code 241A, 200 Stovall Street, Alexandria, VA 22332-2300; (703) 325-7342; (These are not toll-free numbers).

Dated: July 23, 1998.

Fish and Wildlife Service

Announcement of Draft Policy on the National Wildlife Refuge System and Compensatory Mitigation Under the Section 10/404 Program

AGENCY: Fish and Wildlife Service.

ACTION: Announcement of draft policy; request for public comments.

SUMMARY: The U.S. Fish and Wildlife Service announces a draft policy on the National Wildlife Refuge System and Compensatory Mitigation under the Section 10/404 program. This policy establishes national guidelines regarding the use of the National Wildlife Refuge System for compensatory mitigation requirements for water resource development projects authorized by the Department of the Army under Section 404 of the Clean Water Act and Section 10 of the Rivers and Harbors Act. The purpose is to provide guidance to Service personnel when evaluating whether a National Wildlife Refuge should be considered as a site for wetland restoration, enhancement, or creation to replace wetlands lost to dredge and fill impacts authorized by a Section 10/404 permit.

The Service generally will not allow compensatory mitigation on National Wildlife Refuge System lands because these lands are already targeted for restoration and the Service will be restoring these lands in the future. However, the Service recognizes that under some limited and exceptional circumstances, compensatory mitigation on a National Wildlife Refuge may be appropriate. The Service will not support the use of National Wildlife Refuge System lands for establishment of mitigation banks. If compatible activities occurring on a National Wildlife Refuge require compensatory mitigation, this mitigation must occur within the boundaries of the National Wildlife Refuge being affected and must meet specific criteria. The Service may accept mitigation banks or mitigation projects as additions to the National

Wildlife Refuge System subject to specific criteria. Where habitats have already been protected or restored under other Federal programs designed to increase the Nation's wetlands, the Service will not recommend, support, or advocate the use of such lands as compensatory mitigation, including mitigation banks, for habitat losses authorized under Section 10/404.

DATES: Comments from all interested parties must be received by September 29, 1998.

ADDRESSES: Send any comments or material concerning the Draft Policy on the National Wildlife Refuge System and Compensatory Mitigation under the Section 10/404 program to the Chief, Division of Habitat Conservation, U.S. Fish and Wildlife Service, 400 ARLSQ, Washington, DC 20240. Comments and materials received will be available for public inspection, by appointment, during normal business hours at the above address.

SUPPLEMENTARY INFORMATION:

Background

The national goal of no net loss of wetlands recognizes the importance and the special significance of wetlands to a variety of functions and values including water quality, flood damage reduction, groundwater recharge, and reduced sedimentation. Further, wetlands are some of the most important habitats for fish and wildlife resources on the landscape. The Service strongly supports and contributes to this national goal by helping to reduce wetland losses, restoring lost or degraded wetlands, and protecting valuable wetlands by bringing them into the National Wildlife Refuge System.

The Service manages over 92 million acres of land and water within the National Wildlife Refuge System and there are National Wildlife Refuges in all 50 States. The mission of the National Wildlife Refuge System is to administer a national network of lands and waters for the conservation, management, and where appropriate, restoration of the fish, wildlife, and plant resources and their habitats within the United States for the benefit of present and future generations of Americans. Although the Service may allow refuge uses, when determined to be compatible, such as wildlife

dependent recreation, the National Wildlife Refuge System was established and is being managed first and foremost for fish, wildlife, and plant conservation.

At times, the Service has acquired lands that have been disturbed by past human activities. As such, some National Wildlife Refuges contain degraded fish and wildlife habitat. The Service has been asked if these degraded habitats could be used as potential mitigation sites for habitat losses that occur outside the National Wildlife Refuge System. Historically, the Service has discouraged the use of National Wildlife Refuge System lands for compensatory mitigation (replacement of or substitution for resource losses that compensate for project impacts) because the Service is authorized to restore degraded habitats within the National Wildlife Refuge System and will be restoring these lands in the future, irrespective of off-Refuge development activities.

The Service recognizes that allowing compensatory mitigation on a National Wildlife Refuge could result in some resource gains on Service lands. However, targeting the National Wildlife Refuge System for such purposes could result in significant resource losses outside the Refuge boundary. The policy provides guidance to Service personnel when determining whether, or under what circumstances, the Service would allow the National Wildlife Refuge System to be used for compensatory mitigation under the Section 10/404 Program.

Draft Policy on the National Wildlife Refuge System and Compensatory Mitigation Under the Section 10/404 Permit Program

Part I. Purpose

This establishes national policy of the U.S. Fish and Wildlife Service related to the National Wildlife Refuge System and compensatory mitigation requirements for water resource development activities administered by the Department of the Army under Section 404 of the Clean Water Act and Section 10 of the Rivers and Harbors Act. The purpose of the policy is to provide guidance to Service personnel when evaluating whether a National Wildlife Refuge should be considered as a site for wetland restoration, enhancement, or creation to replace wetlands lost to dredge and fill operations authorized by a Section 10/404 permit.
