

Superintendent, Voyageurs National Park, 3131 Highway 53, International Falls, Minnesota 56649-8904.

FOR FURTHER INFORMATION CONTACT: Superintendent, Voyageurs National Park, at the above address or at telephone number 218-283-9821.

SUPPLEMENTARY INFORMATION: The park currently does not have a GMP. Management of the park has been guided by a master plan completed in 1980. That plan is now out-of-date. In accordance with NPS Management Policies, the GMP will set forth a management concept for the Park; establish plans for conservation, recreation, and transportation in the park; and identify strategies for resolving issues and achieving management objectives. It is expected that the GMP will guide park management for a period of 15 to 20 years. Some of the issues that need to be addressed in the GMP are:

(1) Identify desired future conditions for visitor experiences and resource quality. These "desired futures" will serve as a qualitative basis from which a carrying capacity for the park can be developed, as required by NPS Director's Order 2.

(2) Identify appropriate access and use of the park, particularly related to the balance between different types of park uses and users.

(3) In association with the GMP, prepare a Visitor Use and Facilities Plan. The plan would outline methods of achieving an appropriate level and type of visitation to the Park. It would also indicate what visitor support facilities are needed. Preparation of a Visitor Use and Facilities Plan was directed by Public Law 97-405.

Other issues may be added to this list following completion of public scoping.

The GMP/EIS will investigate alternatives ranging from no-action to a variety of management approaches designed to guide visitor use and provide for resource protection.

The environmental review of the GMP for the park will be conducted in accordance with requirements of the NEPA (42 U.S.C. § 4371 *et seq.*), NEPA regulations (40 CFR 1500-1508), other appropriate Federal regulations, and NPS procedures and policies for compliance with those regulations.

The NPS estimates the draft GMP and draft EIS will be available to the public by November 1999.

Dated: July 24, 1998.

Catherine A. Damon,

Acting Regional Director, Midwest Region.

BILLING CODE 4310-70-P

DEPARTMENT OF INTERIOR

National Park Service

Trail Markers, New Jersey

AGENCY: National Park Service, Department of Interior.

ACTION: I hereby designate the New Jersey Coastal Heritage Trail Route symbol (figure 1) as the official insignia of the New Jersey Coastal Heritage Trail Route (NJCHTR), an affiliated unit of the

National Park Service, United States Department of the Interior. The intent is to utilize trailblazers either black or white or bearing a distinctive colored design insignia (figure 1) to mark segments of the NJCHTR and to mark officially approved Trail sites, information centers, welcome centers, points of interest, exhibits, activities, events, publications, or similar materials.

SUMMARY: This notice is to advise that the National Park Service will mark the sites, facilities and routes affiliated with the NJCHTR insignia through the coastal area of New Jersey from Perth Amboy, south to Cape May and then north and west along the Delaware Bay and River to Deepwater. This usage is consistent with Pub. L. 100-515, October 20, 1988 that established the NJCHTR. The trailblazer insignia will be used on planning documents, brochures, exhibits, road signs and similar items.

Implementation will establish official use of the specific trailblazer logo design (figure 1). Notice is given that under section 701 of Title 18 of the United States Code, whoever manufactures, sells, or possesses any badge, identification card, or other insignia, of the design prescribed by the head of any department or agency of the United States for use by any officer or employee thereof, or any colorable imitation thereof, or photograph, print, or impression in the likeness of any such badge, identification card or other insignia or any colorable imitation thereof, except as authorized under regulation made pursuant to law shall be fined under this title, or imprisoned not more than six months, or both.

DATES: Action will commence upon publication of this notice.

SUPPLEMENTARY INFORMATION: Uniform marking of the NJCHTR with an appropriate and distinctive symbol to

guide the public is required by Public Law 100-515, Section 5. Notice is given to prevent proliferation of the distinctive insignia (figure 1) and to assure against its use for other than the purposes of the New Jersey Coastal Heritage Trail Route including commemorative, educational, public informational, and fundraising.

Trail markers bearing the trailblazer logo will be erected at appropriate points to direct the traveling public to sites, and other facilities officially associated with the NJCHTR. Approved written agreements with other governmental agencies or private organizations will be made for erection and maintenance of signs bearing the logo on non-federal land.

Dated: July 17, 1998.

Marie Rust,

Regional Director, Northeast Region.
