

tendered for filing as part of its FERC Gas Tariff, Second Revised Volume No. 1, the following tariff sheets to be effective August 1, 1998:

Sub Second Revised Sheet No. 110A,
Sub Third Revised Sheet No. 110B,
Sub First Revised Sheet No. 110C

HIOS asserts that the purpose of this filing is to comply with the Commission's Order No. 587-G in Docket No. RM96-1-1007, and its July 23, 1998 letter order in the captioned proceeding requiring HIOS to revise its list of GISB standards incorporated by reference.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

David P. Boergers,
Secretary.

[Docket No. RP98-254-001]

Kern River Gas Transmission Company; Notice of Waiver Request

August 5, 1998.

Take notice that on July 31, 1998, Kern River Gas Transmission Company (Kern River) filed a request for a waiver from the Commission's requirement to comply with 18 CFR 284.10(c)(3)(iii) regarding an electronic cross-reference table correlating the names of its shippers with their DUNS numbers.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20436, in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests must be filed on or before August 12, 1998. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to

the proceedings. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

[Docket No. RP98-368-000]

Midwestern Gas Transmission Company; Notice of Proposed Changes in FERC Gas Tariff

August 5, 1998.

Take notice that on August 3, 1998, Midwestern Gas Transmission Company (Midwestern) tendered for filing as part of its FERC Gas Tariff, Second Revised Volume No. 1, the following revised tariff sheets, with an effective date of September 3, 1998:

Second Revised Sheet No. 84
Second Revised Sheet No. 92
First Revised Sheet No. 195
First Revised Sheet No. 196
Second Revised Sheet No. 197
Second Revised Sheet No. 197
Second Revised Sheet No. 198
First Revised Sheet No. 199
First Revised Sheet No. 200
First Revised Sheet No. 201
First Revised Sheet No. 202
First Revised Sheet No. 203
First Revised Sheet No. 225

Midwestern states that the purpose of the filing is to modify its pro forma License Agreement for the TENN-SPEED 2 System to change the name of the TENN-SPEED 2 System to the System. Midwestern further states that License Agreement will be modified to reflect the conversion of the current System software from a customer desktop application to a version that would allow remote communications access technology.

Any person desiring to be heard or to protest this filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.214 and 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party

must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

BILLING CODE 6717-01-M

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP98-692-000]

Northern Border Pipeline Company; Notice of Request Under Blanket Authorization

August 6, 1998.

Take notice that on July 24, 1998, Northern Border Pipeline Company (Northern Border), 1111 South 103rd Street, Omaha, Nebraska 68124-1000 filed in Docket No. CP98-692-000 a request pursuant to Sections 157.205 and 157.212 of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205, 157.212) for authorization to operate an existing valve setting and to construct and operate certain measurement facilities as a new delivery point (Tyler delivery point) to the town of Tyler, Minnesota under Northern Border's blanket certificate issued in Docket No. CP84-420-000 pursuant to Section 7 of the natural Gas Act, all as more fully set forth in the request that is on file with the Commission and open to public inspection.

Specifically, Northern Border requests authorization to operate an existing 4-inch valve setting and to construct and operate a single 2-inch rotary meter and associated piping, RTU, and meter building to serve as a delivery point to the town of Tyler, Minnesota. The estimated cost of the proposed facilities is \$220,000. Northern Border will be reimbursed for all costs incurred for constructing the proposed delivery point.

The natural gas volumes to be delivered at the proposed delivery point are volumes currently being transported by Northern Border. Northern Border will deliver to the town of Tyler up to 700 Mcf on a peak day and an estimated 110,000 Mcf annually. The natural gas volumes delivered at the Tyler delivery point will be used to serve the town of Tyler, Minnesota. There will not be any impact on the peak day capability of Northern Border's existing shippers as a result of the proposed interconnect and

any impact on annual deliveries will be de minimis.

Northern Border further states that the proposed change is not prohibited by Northern Border's existing tariff. Northern Border asserts that it has sufficient capacity in its system to accomplish delivery of gas to the proposed delivery point without detriment or disadvantage to any other customer.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the Natural Gas Act.

David P. Boergers,
Secretary.

[Docket No. RP96-367-010]

Northwest Pipeline Corporation; Notice of Refund Report

August 6, 1998.

Take notice that on August 4, 1998, Northwest Pipeline Corporation (Northwest) tendered for filing a refund report pursuant to the Commission's Order Approving Settlement issued on November 25, 1997, in its Docket No. RP96-367-000 general rate proceeding.

Northwest states that the refund covers the period from March 1, 1997, through February 28, 1998.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests must be filed on or before August 13, 1998. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. BILLING CODE 6717-01-M

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP98-703-000]

Panhandle Eastern Pipe Line Company; Notice of Application

August 6, 1998.

Take notice that on July 30, 1998, Panhandle Eastern Pipe Line Company (Applicant), 5400 Westheimer Court, P.O. Box 1642, Houston, Texas 77251-1642, filed in Docket No. CP98-703-000 an abbreviated application pursuant to Section 7(c) of the Natural Gas Act, as amended, and Section 157 of the

Federal Energy Regulatory Commission's (Commission) regulations thereunder, for permission and approval to upgrade an existing delivery point located in Moultrie County, Illinois in order to accommodate increased deliveries of natural gas to Central Illinois Light Company (CILCO) for redelivery to Unity Grain & Supply (Unity), an existing customer of CILCO, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Applicant proposes to install, own, and operate an additional four-inch Roots meter, construct approximately eighty feet of two-inch connecting pipe and six feet of four-inch connecting pipe and associated facilities, and appurtenant metering and regulating equipment. Applicant asserts that these modification are necessary to accommodate increased natural gas deliveries to CILCO for the amount of Unity. Specifically, Applicant states that the maximum design capacity of the delivery point will increase from 271 Mcf per Day to approximately 1,440 Mcf per Day at 100 psig. Applicant further asserts that this proposed upgrade will not increase the existing entitlement of CILCO under its current effective service agreements. It is stated that the estimated total cost for installing the proposed facilities is \$64,110, which will be reimbursed 100 per cent by CILCO.

Applicant states that it is applying for the proposal herein using case-specific authorization instead of filing pursuant to Section 157.205 of Subpart F of the Commission's Regulations because CILCO and Unity are concerned that weather conditions may cause Unity to be unable to meet its requirements for testing and commencing grain drying operations in 1998. Accordingly, Applicant is requesting Section 7(c) authority to upgrade the delivery point in order to meet its customer's requirement for natural gas service on an expedited basis.

Any person desiring to be heard or to make any protest with reference to said application should on or before August 13, 1998, file with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will
