DEPARTMENT OF JUSTICE**Office of Community Oriented Policing Services; Agency Information Collection Activities: Proposed Collection; Comment Request**

ACTION: Request OMB Emergency Approval; National Survey of Police Executives, District Commanders and Agencies

The Department of Justice, Office of Community Oriented Policing Services (COPS) has submitted the following information collection request (ICR) utilizing emergency review procedures, to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork

² The Commission also instituted, on its own initiative, review investigations covering imports of titanium sponge from Japan, Kazakhstan, and Ukraine.

Reduction Act of 1995. OMB approval has been requested by August 17, 1998. If granted, the emergency approval is only valid for 180 days. All comments and/or questions pertaining to this pending request for emergency approval must be directed to OMB, Office of Information and Regulatory Affairs, Attention: Department of Justice Desk Officer, Washington, DC 20530.

During the first 60 days of this same period a regular review of this information collection is also being undertaken. Comments are encouraged and will be accepted until; October 13, 1998. During the 60-day regular review all comments and suggestions, or questions regarding additional information, to include obtaining a copy of the proposed information collection instrument with instructions, should be directed to the COPS Office, Program/Policy Support and Evaluation Division, COPS Office, U.S. Department of Justice, 1100 Vermont Avenue, NW, Washington, DC 20530. Comments also may be submitted to the COPS Office via facsimile to 202-633-1386. Your comments should address one or more of the following four points:

(1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of this information collection:

(1) *Type of Information Collection:* New collection.

(2) *Title of the Form/Collection:* National Survey of Police Executives, District Commanders and Agencies

(3) *Agency form number, if any, and the applicable component of the Department of Justice sponsoring the collection:* Form: COPS 28/01. Office of Community Oriented Policing Services, U.S. Department of Justice.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* A sample of local law

enforcement agency heads and precinct/district commanders that have received grant funding from the COPS Office will be surveyed regarding the nature and extent of community policing implementation in their agencies and precincts/districts.

To uphold its mandate, the COPS Office has awarded hiring and redeployment grants, innovative grants, and training grants to over 10,000 law enforcement agencies nationwide. While the COPS Office has made significant strides in funding officers it is important to consider the 1994 Crime Bill and the emergence of COPS in a long-term perspective. The proposed survey aims to answer questions regarding the nature and extent of community policing implementation across the United States.

COPS data and prior national surveys of community policing implementation are limited in their capacity to describe how extensive community policing implementation is. In addition, existing data sets do not permit exploration of the likelihood that implementation of community policing varies within jurisdictions, particularly large ones that are decentralized to precinct or district levels. The National Survey of Police Executives, District Commanders and Agencies will be able to capture variations within a jurisdiction.

Surveys will incorporate elements that the COPS Office has identified as key components of community policing and will draw upon prior surveys, other literature, and prior knowledge to develop a comprehensive listing of community policing elements. Questions will provide more precise information about the extent to which each element is implemented.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* This collection is being conducted in two phases as a pilot survey and a larger follow-up survey. Two sections, Section A and Section B will be utilized; a total of approximately 6700 respondents will be surveyed. Estimated time to complete Section A is 20 minutes with no preparation time; estimated time to complete Section B is 1.5 hours including preparation time.

(6) *An estimate of the total public burden (in hours) associated with the collection:* Approximately 6141.6 hours.

In additional information is required contact: Mr. Robert B. Briggs, Clearance Officer, United States Department of Justice, Information Management and Security Staff, Justice Management Division, Suite 850, Washington Center, 1001 G Street, NW, Washington, DC 20530.

Dated: August 6, 1998.
