

The number of Committee members will be limited to effectively accomplish the Committee's work and will be balanced in terms of interests represented. Organizations with similar interests are encouraged to submit a single application to represent their interest. Although the Committee will be limited in size, there will be opportunities for the public to present written information to the Committee, participate through subcommittees, and to comment at Committee meetings.

Applications should be sent to the Access Board at the address listed at the beginning of this notice. The application should include the representative's name (and an alternate), title, address and telephone number; a statement of the interests represented; and a description of the representative's qualifications, including engineering, technical and design expertise and knowledge of making electronic and information technology accessible to individuals with disabilities.

Committee members will not be compensated for their service. The Access Board may, at its own discretion, pay travel expenses for a limited number of persons who would otherwise be unable to participate on the Committee. Committee members will serve as representatives of their organizations, not as individuals. They will not be considered special government employees and will not be required to file confidential financial disclosure reports.

After the applications have been reviewed, the Access Board will publish a notice in the **Federal Register** announcing the appointment of Committee members and the first meeting of the Committee. The first meeting of the Committee is tentatively scheduled for October 15–16, 1998 in Washington, DC. The Committee will operate in accordance with the Federal Advisory Committee Act, 5 U.S.C. app 2. Committee meetings will be held in Washington, DC. Each meeting will be open to the public. A notice of each meeting will be published in the **Federal Register** at least 15 days in advance of the meeting. Records will be kept of each meeting and made available for public inspection.

Thurman M. Davis, Sr.,

Chair, U.S. Architectural and Transportation Barriers Compliance Board.

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[Docket 38-98]

Foreign-Trade Zone 226—Atwater, CA; Request for Export Manufacturing Authority Pacesetter Industries, Inc. (Modular Buildings)

An application has been submitted to the Foreign-Trade Zones Board (the Board) by Merced County, California, grantee of FTZ 226, pursuant to § 400.32(b)(1) of the Board's regulations (15 CFR Part 400), requesting authority on behalf of Pacesetter Industries, Inc. (Pacesetter), for the manufacture of modular buildings under FTZ procedures for export within FTZ 226. It was formally filed on August 12, 1998.

Pacesetter operates a 500,000 square-foot facility (600 employees) within FTZ 226—Site 1A (Castle Airport) for the manufacture of modular buildings (HTSUS heading 9406) for the U.S. market and export. This application requests authority to allow Pacesetter to conduct manufacturing under FTZ procedures for export of modular building systems. Components purchased from foreign sources pursuant to current and future export contracts may include dimensional lumber, plywood, chipboard, flooring, other wood products, cabinets, moldings, furniture, fasteners, ceramic bathroom fixtures, shelving, cooking appliances, refrigerators, temperature control units, pipe hardware, roofing tiles, and glass windows (none of the lumber products which would be imported under FTZ procedures would be from Canadian sources). Foreign-sourced components are expected to comprise 10 to 30 percent of the finished products' value. The duty rates on the imported components currently range from free to 8.0 percent. The foreign-sourced products would be admitted to FTZ 226 under privileged foreign status (19 CFR § 146.41). U.S.-origin inputs may include steel plates, steel pipes and tubes, assorted steel accessories, fasteners, various wood products, bentwood and other furniture, shelving, building adhesives, paints, tapes, sand, asphalt, metal doors, lights and switches, insulation, plastic tubes, oxygen, acetylene, argon, and "prefabricated structure components." All modular building products made under FTZ procedures would be exported.

FTZ procedures would exempt Pacesetter from Customs duty payments on the foreign components used in export activity. The application

indicates that the savings from FTZ procedures would help to improve the facility's international competitiveness. In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment on the application is invited from interested parties. Submissions (original and three copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is October 8, 1998. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to October 23, 1998).

A copy of the application will be available for public inspection at the following location: Office of the Executive Secretary, Foreign-Trade Zones Board, Room 3716, U.S. Department of Commerce 14th Street & Pennsylvania Avenue, NW, Washington, DC 20230.

Dated: August 12, 1998.

Dennis Puccinelli,

Acting Executive Secretary.
